Croatia Poliklinika continues its strong growth and announces a new investment cycle

(Other non-regulated information)

Over the past six years, Croatia Poliklinika has increased its revenue from €4 million to more than €40 million, becoming one of the fastest-growing private healthcare networks in Croatia.

It operates in nine cities across the country and employs over 300 doctors and nurses. It is the fourth largest in Croatia by revenue, has been present on the market for 20 years, and maintains a base of 250,000 patients per year.

The strategic goal of Croatia Poliklinika by 2030 is to become the leading provider of private healthcare services in Croatia and, through a combination of organic growth and acquisitions, approach revenues of €100 million. Poliklinika is prepared to invest significant resources toward achieving this goal, including the construction of a specialty hospital, further modernization of equipment, and the recruitment of top medical experts.

Croatia Poliklinika is owned by Croatia osiguranje, the leading domestic insurance company operating as part of the Adris grupa.

Sincerely,

CROATIA osiguranje d.d.
