UNAUDITED SEPARATE
INTERIM FINANCIAL REPORT
FOR THE PERIOD
01.01.2023. TO 30.09.2023.

Ploče, October 2023

This version of our report is a translation from the original, which was prepared in the Croatian language. All possible care has been taken to ensure that the translation is an accurate representation of the original. However, in all matters of interpretation of information, views or opinions, the original language version of our report takes precedence over this translation.

for the 3rd quarter of 2023

The quarterly interim report in accordance with Article 468 of the ZTK comprises:

- i. QUARTERLY INTERIM FINANCIAL REPORT
 - Balance sheet
 - Statement of profit or loss
 - Statement of cash flows
 - Statement of changes in equity
 - Notes
- ii. INTERIM MANAGEMENT REPORT
- iii. STATEMENT OF RESPONSIBILITY FOR COMPILING THE QUARTERLY REPORT

The report which follows relates to section ii. INTERIM MANAGEMENT REPORT.

for the 3rd quarter of 2023

The **throughput** for the period ended 30 September 2023 amounted to 3,763,434 tons, evidencing a **decrease** of **9,5%** in comparison to the same period in the prior year (2022: 4,159,982 tons). This is primarily attributed to a decline of 16% in bulk cargo throughput when compared to the third quarter of 2022. It is necessary to note that the Russian-Ukrainian crisis which emerged in 2022 contributed positively to the Company's operations as a result of the disruption noted across global logistics flow chains and it continues to contribute positively during 2023 albeit to a lesser extent. The total throughput of the Company continues to evidence high growth when compared to the levels of throughput prior to the crisis (37% growth when compared to the same period in 2021).

- Although throughput notes a decline of 9,5% when compared to the same period in the prior year, Income from sales amounted to 27,601 thousand euros, evidencing an increase of 11% in comparison to the same period in the prior year (2022: 24,790 thousand euros). This is primarily attributed to growth in warehousing income. Income from trading amounted to 25,881 thousand euros, a 56% decrease when compared to the same period in the prior year (2022: 59,070 thousand euros). The cargo vessel is expected to dock at the end of October 2023. Global commodity prices continue to demonstrate a declining trend when compared to the same period in the prior year, the effect of which impacts and will continue to impact income from sales (and the related cost of sales).
- Operating expenses amounted to 40,463 thousand euros (2022: 73,097 thousand euros), of which 24,675 thousand euros relates to the cost of goods sold (2022: 58,303 thousand euros). Operating expenses excluding the cost of goods sold evidence a 7% growth in comparison to the prior year. This increase can be attributed to the significant growth in the cost of raw materials and consumables (16%), utility charges (29%), and maintenance and certification costs (48%).
- **EBITDA** margin excluding the impact of trading for the period ended 30 September 2023 amounted to 44% while the EBITDA margin for the same period in 2022 amounted to 40%.

for the 3rd quarter of 2023

The Russian-Ukrainian crisis and impact of sanctions imposed against Russia on the business

The Russian-Ukrainian crisis contributed positively to the Company's operations as a result of the disruption noted across global logistics flow chains. It continues to contribute positively during 2023 albeit to a lesser extent. Namely, intensified congestion was noted in the northern ports with the Black Sea being positioned close to the warzone. This resulted in a heightened increase in vessel insurance costs which further contributed to the growth in overall costs of logistics across that route, coupled with already prominent congestion present. Consequently, the challenges redirected additional business by means of driving additional throughput to the Company. This can be seen when comparing current period throughput to the period prior to the crisis - an increase of 37% in throughput was noted when comparing quarter 3 of 2023 to quarter 3 of 2021. Although a 9.5% decrease in overall throughput was noted in quarter 3 of 2023 as compared to quarter 3 of 2022, operating income excluding trading income evidences an 11% growth when compared to quarter 3 of 2022.

for the 3rd quarter of 2023

The Russian-Ukrainian crisis and impact of sanctions imposed against Russia on the business (continued)

The Company did not execute any financial transactions with any Russian financial institution and does not have financial exposure to same.

While the impact of the sanctions against Russia demonstrated a positive impact on the income from port activities, a significant increase in costs relating to raw materials and supplies was noted, together with marked volatility in capital markets (e.g., increased operating costs, challenges in the supply and demand chain, high inflation, etc.).

The Company has assessed the associated risks arising from the aforementioned as follows:

- Increase in the cost of transport, raw materials and supplies, energy and fuel (when compared to the prior year), which is further transferred to other costs.
- Given the significant increase in costs and compacted by logistical challenges faced, the Company has
 noted a significant increase in requests for advance payments by suppliers while the delivery time for
 receipt of goods from suppliers has been prolonged. Consequently, the Company has had to
 proactively plan and manage its financial resources to meet known current needs and unforeseen
 circumstances, including the need for increased advanced payments. Taking all this into account, the
 Company's liquidity was impacted which gave rise to the need for additional financing.

The Company actively participates in the market in order to better position itself in these circumstances.

Investments at a glance

During 2022, the Company contracted the purchase of a new mobile port crane to the value of 4 million euros. The crane was delivered at the end of June 2023 and commenced operations during the 3rd quarter of 2023. In the 3rd quarter of 2023, the Company refinanced the purchase of the crane using a long-term structured loan which unlocked additional liquidity.

In addition to the above, during 2022, the purchase of port transport equipment with a total value of 2.1 million euros was contracted. From a total of 15 items contracted, 12 items have been delivered at the date of writing this report.

During the third quarter of 2023, the purchase of 4 unloaders was contracted. Delivery of these unloaders is expected in quarter 1 of 2024. Additionally, during the 3rd quarter of 2023, the Solar power plant "Port of Ploče - Bulk cargo terminal" - 20 Kw was placed into operation.

Projects in progress:

- Special cargo terminal Dračevac;
- Photovoltaic power plant 803 Kw.

for the 3rd quarter of 2023

Trade receivables and the Company's liquidity outlook

Trade receivables as at 30 September 2023 amounted to **21,108 thousand euros**, which evidences a decrease of **12%** when compared to the same period in the prior year. **95%** of the total trade receivables are **not yet due**, of which **62%** relate to **trading goods not yet dispatched**.

Cash and cash equivalents **increased** by **280**% from 4,490 thousand euro on 31 December 2022 to **17,084** thousand euro on 30 September 2023.

The Company continues to maintain a satisfactory level of liquid assets sufficient to meet all liabilities as they fall due.

Human resources

The **employee headcount** has **increased** from 394 employees as at 30 September 2022 to **404** employees as at 30 September 2023. Employee costs have **increased** by **3%** as compared to the same period in the prior year. The average gross salary per employee amounts to 1.556 euros in quarter 3 of 2023, while the same amounted to 1.496 euros in the prior year, evidencing a 4% increase in average gross salary year-on-year.

Conversion of share capital from HRK to EUR

On 14 June 2023 the General Assembly of the Company was held where the conversion of the Company's share capital was approved in accordance with the provisions of the Companies Act (OG 111/93, 34/99, 121/99, 52/00, 118/03, 107/07, 146/08, 137/09, 125/11, 152/11, 111/12, 68/13, 110/15, 4 0/19, 34/22, 114/22, 18/23). According to the decision of the General Assembly, the share capital conversion amounts to 22,417,251.00 EUR (169,186,800.00 HRK) and comprises 422,967 ordinary shares with a nominal value of 53.00 EUR (400.00 HRK). The reduction of the share capital amounts to 37,696.24 EUR and will be recorded in the Company's capital reserves. The effect of reducing the share capital value due to the conversion adjustment does not affect the original share rights of the shareholders i.e., the shareholders are entitled to shares with a reduced nominal value in proportion to their previous shareholding in the share capital.

The Company's Management Board registered the decision of the General Assembly in the court register of the Commercial Court in Split and in the depository of the Central Clearing Depository Company (SKDD) on 4 October 2023.
