HOME MEMBER STATE: Croatia

REGULATED MARKET SEGMENT: Official Market of the Zagreb Stock Exchange

Subject: Notice of Completion of Acquisition Transaction

Pursuant to the Rules of the Zagreb Stock Exchange, and with the aim of ensuring transparent communication with the investors of CIAK Grupa d.d. and the broader business and financial public, CIAK Group announces that it has completed the acquisition of Technolub d.o.o., Belgrade, Serbia.

Technolub is one of the leading companies in the distribution of oils and other lubricants in Serbia and beyond, with revenue exceeding EUR 9 million and more than 25 employees. The company has built its reputation on a commitment to high-quality service, a long-term approach to development, and a family-oriented corporate culture reflected in its relationships with customers, partners, and employees. These values make Technolub a natural fit within CIAK Group. The company will continue to operate under the leadership of Mr Matković as Chief Executive Officer. With the support of CIAK Group, it will continue to grow, develop its expertise, and further enhance the level of service and product quality offered to its customers.

Considering the core business activity of CIAK Auto Serbia, the acquirer in the transaction, the acquisition of Technolub represents a logical step in further strengthening and expanding CIAK Group's portfolio in Serbia. As a family-owned company, Technolub is very similar to CIAK Group in terms of corporate culture and expertise, which is expected to enable the full realization of synergies between the two companies and contribute to even stronger results in the years ahead.

With this transaction, CIAK Group continues to strengthen its position as one of the leading companies in the independent automotive aftermarket in the Adria region, with a strong presence in the markets of Croatia, Montenegro, Serbia, Bosnia and Herzegovina, North Macedonia, and Slovenia.

CIAK Group welcomes the new company and its new team members. We look forward to further joint business development, integration, and the realization of synergies within CIAK Group.
