### **Dalekovod's offer selected in Norway**

Statnett, the Norwegian national electricity transmission company, sent a notice after the evaluation process that Dalekovod d.d. was selected as the most favorable bidder according to the tender criteria for the construction of a new 420 kV transmission line on the Vik - Sogndal section, near the 420 kV Aurland-Sogndal transmission line construction project, on which work is currently being carried out.

The realization of the project worth more than 14 million euros includes dismantling the existing 300 kV transmission line and building a new 420 kV transmission line with a length of 12.5 kilometers, which is planned from the summer of 2024 to the middle of 2028.
