Contract signed for the construction of a 420 kV transmission line in Norway

According to the announcement of October 3, 2023, Norwegian Statnett, the company for the transmission of electricity and Dalekovod d.d. signed a contract for the construction of a new 420 kV transmission line on the Skaidi - Hyggevatn section with a total length of 54 km. The project continues the successfully completed 420 kV section of the transmission line between the Skillemoen and Skaidi substations. It is specific in that it will be built in arctic weather conditions due to its position in the far north of Norway.
