

Zagreb, 30.03.2026.

Notice of Share Sale

enasolAuto d.o.o., as the owner of the **Qelo** brand and electric vehicle charging system, hereby informs the market that a process has been initiated for the sale of a 10% ownership stake in enasolAuto d.o.o.

An existing shareholder (Enasol d.o.o.) is selling its 10% stake to a special purpose vehicle (SPV – Qorex One d.o.o.).

Qorex One SPV will transfer the funds raised from the sale of its own shares into enasolAuto d.o.o. in the form of an additional capital contribution.

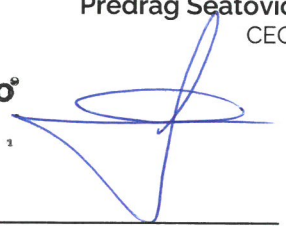

This transaction will not involve the issuance of new shares, nor will it change the total number of shares in enasolAuto d.o.o.

The funds raised will be used for further investments and the company's business development.

More information is available on the website: <https://www.fima.com/ponuda-qelo-udjeli/>

Predrag Šeatović
CEO

Qelo is a leading independent technology integrator and provider of green transformation services and electromobility business models in Croatia, with the ambition to soon become the same in most countries of Southeast Europe. The company is a startup, founded in 2021. The electricity in Qelo chargers is energy that comes from renewable sources. Through the unique „Qelo Card“, it enables its clients, companies, individuals and others, to pay for charging services for all types of e-vehicles (cars, trucks, buses, etc) a hundreds of thousands of locations in Europe. The company's goal is to make the transition to the electrification of transport simpler, more convenient and more appropriate to the needs of users. The company behind the Qelo brand is enasolAuto.
