New Ericsson Nikola Tesla contracts worth more than MHRK 46

Ericsson Nikola Tesla contracted more than HRK 46 million worth of works in August and September.

The company Ericsson Nikola Tesla signed several important contracts. Works contracted with the Ministry of Justice and Public Administration are related to the improvement of the land registry and cadastre information system, which includes a digital assistant, and the basic and extended maintenance of the Infrastructure Cadastre System was contracted with the State Geodetic Administration on the basis of a two-year framework agreement. In cooperation with the Ministry of Interior, we will continue our work on the maintenance of the system for monitoring the state border of the Republic of Croatia, and we also contracted works on the relocation of communication infrastructure with the City of Split and another part of the contracted works is related to communication equipment and equipment for the construction of the next generation mobile broadband access network for our long-term customers.
