Continuation of cooperation between HT Mostar and Ericsson Nikola Tesla

Goran Kraljević, President of the Management Board of HT Mostar and Gordana Kovačević, President of Ericsson Nikola Tesla, signed new contracts worth 2.7 million euros, which continues the successful long-term cooperation between these companies.

The contract includes software management services for the entire installed base of Ericsson solutions in the HT Mostar network for the period from 2025 to 2027, a new expansion of the radio access network, and the implementation of access control and quality of service for the introduction of VoLTE functionality.

The implementation of these contracts will further modernize and expand the existing base of Ericsson solutions in the radio and packet core network of HT Mostar and enable simpler and more agile management as well as the creation of new advanced services to the satisfaction of the end users of this operator from Bosnia and Herzegovina.

Activities on the implementation of the contracted services begin immediately.
