# Ericsson Nikola Tesla contracted works worth HRK 19 million

Ericsson Nikola Tesla has recently signed contracts aimed at further digital transformation of society.

A contract was signed with the Ministry of Justice and Public Administration of the Republic of Croatia for the development of modules with new functionalities for the improvement of the HRM system, through the reform measure "New models of salaries and work in the civil service and public services" within the framework of the National Recovery and Resilience Plan 2021-2026. The subject of the Contract is optimization, digitalization and modernization of key processes in the field of human resources management. Successful implementation will speed up and standardize the current way of working and communication in processes related to human resources.

A contract was signed with the Croatian Health Insurance Fund for the procurement of adjustment and migration services of the CEZIH application system and associated data from the old hardware and software base in the SSC and testing and parallel operation of the existing system and the new one. This Project represents the continuation of the modernization of the Central Health Information System of the Republic of Croatia.

With the Ministry of Interior, we have signed a contract for the maintenance of stationary thermal imaging systems of the green border. The contract was signed in cooperation with the company Securitas Hrvatska. The project is related to the maintenance of existing stationary systems for monitoring the green border at 20 locations.
