

The contract with the company IQVIA Inc. has been signed

Glucodent Ltd. and IQVIA have signed an agreement to develop a "Data Informed Protocol Assessment" for an oral pathology product in diabetics.

IQVIA is a leading global provider of clinical research services, commercial insights and healthcare intelligence to the life sciences and healthcare industries.

IQVIA's participation in the GLUCODENT© product development process represents Glucodent's commitment to the highest industry standards.

Glucodent Ltd. presents an advanced research and development project focused on creating a specialized product for oral pathology aimed at individuals with diabetes. Our mission is to improve the oral health and well-being of diabetics through an innovative and scientifically proven product.

The project relies on the expertise of leading scientific institutions and our distinguished team of scientists. Additionally, we collaborate with experts in key areas such as intellectual property (IP), legal affairs, regulatory compliance, and strategic consulting. This comprehensive approach ensures that we meet the highest quality standards while providing an effective product.
