## Independent Auditor's Report

To the Shareholders of Luka Ploče d.d.

### Report on the audit of the consolidated and separate financial statements

---

#### Our opinion

In our opinion, the consolidated and separate financial statements present fairly, in all material respects, the consolidated and separate financial position of Luka Ploče d.d. (the "Company") and its subsidiaries (together - the "Group") as at 31 December 2024, and the Company's and the Group's consolidated and separate financial performance and consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union.

Our opinion is consistent with our additional report to the Audit Committee dated 22 April 2025.

#### What we have audited

The Group's consolidated and the Company's separate financial statements comprise:

- the consolidated and separate statements of comprehensive income for the year ended 31 December 2024;
- the consolidated and separate statements of financial position as at 31 December 2024;
- the consolidated and separate statements of changes in equity for the year ended 31 December 2024;
- the consolidated and separate statements of cash flows for the year ended 31 December 2024; and
- the notes to the consolidated and separate financial statements, comprising material accounting policy information and other explanatory information.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the consolidated and separate financial statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence

We are independent of the Company and the Group in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (IESBA Code). We have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

To the best of our knowledge and belief, we declare that we have not provided non-audit services that are prohibited under Article 5(1) of Regulation (EU) No 537/2014, and furthermore, we have not provided any non-audit services to the Company and the Group in the period from 1 January 2024 to 31 December 2024.

## Our audit approach

### Overview

|   |   |
|---|---|
|  | <ul style="list-style-type: none"> <li>Overall Group materiality: EUR 754 thousand, which represents 9% of profit before tax.</li> <li>Overall Company materiality: EUR 657.8 thousand, which represents 9% of profit before tax.</li> </ul>                    |
|   | <ul style="list-style-type: none"> <li>We conducted audit work at the Company and 4 reporting units.</li> <li>Our audit scope addressed 97% of the Group's revenues and 87% of the Group's absolute value of underlying profit before tax.</li> </ul>           |
|   | <ul style="list-style-type: none"> <li>The Group and the Company – Recoverable amounts of property, plant and equipment</li> <li>The Group and the Company – Recognition of revenue from the sale of goods</li> <li>The Group – Business combination</li> </ul> |

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the consolidated and separate financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

### Materiality

The scope of our audit was influenced by our application of materiality. An audit is designed to obtain reasonable assurance whether the consolidated and separate financial statements are free from material misstatement. Misstatements may arise due to fraud or error. They are considered material if individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the consolidated and separate financial statements.

Based on our professional judgement, we determined certain quantitative thresholds for materiality, including the overall materiality for the consolidated and separate financial statements as a whole as set out in the table below. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures and to evaluate the effect of misstatements, if any, both individually and in aggregate on the consolidated and separate financial statements as a whole.

|  |   |
|--|---|
| <b>Overall Group and Company materiality</b>           | The Group: EUR 754 thousand<br>The Company: EUR 657.8 thousand  |
| <b>How we determined it</b>                            | The Group and the Company: 9% of profit before tax  |
| <b>Rationale for the materiality benchmark applied</b> | We chose profit before tax as the benchmark because, in our view, it is the key benchmark for monitoring the Group's and the Company's performance and it is the benchmark against which the performance of the Group and the Company is most commonly measured by shareholders. We chose the percentage which, in our judgement, is consistent with quantitative materiality thresholds used for profit-oriented companies in this sector. |

## Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Key audit matter  | How our audit addressed the key audit matter   |
|---|--|
| <p><i>The Group and the Company – Recoverable amounts of property, plant and equipment</i></p> <p>See Note 3.5 and 3.9 (Material accounting policy information), Note 6b (Critical accounting estimates) and Note 16 (Property, plant and equipment).</p> <p>As at 31 December 2024, the Group and the Company recorded property, plant and equipment with a carrying amount of EUR 57,540 thousand and EUR 53,719 thousand, respectively, which is measured at historical cost less accumulated depreciation and impairment.</p> <p>As described in Note 6b) to the financial statements, the Group and the Company have identified impairment indicators of property, plant and equipment in the current year, including macroeconomic challenges manifesting through trends of rising prices of commodities for which the Company provides port services, increase in expenses, inflation pressures and the trend of rising interest rates.</p> <p>As a result, management has calculated the recoverable amount of property, plant and equipment, which is generally considered to be its value in use, using discounted cash flows for the item that generates cash or the cash-generating unit (CGU).</p> <p>We have focused on this area because estimating the recoverable amount of property, plant and equipment relies on important judgments and assumptions that are subject to significant variability due to changing market conditions.</p> | <p>We considered the appropriateness of the Group's and the Company's accounting policies for identifying impairment, and measuring and recognising impairment losses on property, plant and equipment in relation to the requirements of IFRS.</p> <p>We obtained the value-in-use calculation used by management in determining the recoverable amount of property, plant and equipment as at 31 December 2024.</p> <p>We tested the mathematical accuracy of the value-in-use calculation and compared the input data to the financial information and business plans for the next years.</p> <p>We assessed the appropriateness of determination of CGU based on our understanding of the Group's and the Company's operations and business units.</p> <p>We critically assessed the assumptions and estimates used by the Group and the Company to determine the recoverable amount:</p> <ul style="list-style-type: none"> <li>For the discount rate used in the value-in-use calculation, we have engaged our valuation experts to assist us in assessing its reasonableness by comparison to the entities with similar risk profiles and market information.</li> <li>For the remaining key assumptions used in the value-in-use calculation (such as cargo throughput, port tariffs, operating costs, capital expenditures and working capital), we have assessed the reasonableness of these assumptions by comparing them with internal Group's and Company's reports such as approved plans, concession contracts and sales reports.</li> </ul> <p>We have assessed the adequacy and completeness of the relevant disclosures in the financial statements in accordance with the requirements of the IFRS.</p> |

| Key audit matter   | How our audit addressed the key audit matter   |
|--|--|
| <p><i>The Group and the Company – Recognition of revenue from the sale of goods</i></p> <p>See Note 3.25 (Material accounting policy information), Note 7 (Segmental reporting) and Note 8 (Revenues).</p> <p>During 2024, the Group and the Company, in addition to revenues from basic port activities (transshipment, cargo management, port manipulation and warehousing), generated revenues from the sale of goods in the amount of EUR 66,305 thousand. Revenues from the sale of goods in 2024 account for 67% of the total sales revenues of the Group and 68% of the total sales revenues of the Company.</p> <p>We focused on this area because revenue from the sale of goods is recognized in a small number of transactions of significant individual value, which is why an error in recognizing an individual transaction can have a significant impact on the consolidated and separate financial statements.</p> <p>Furthermore, the accounting treatment of revenue from the sale of goods requires significant management judgment to assess whether the Group and the Company are acting as an principal or an agent and, consequently, whether revenue from the sale of goods can be recognized gross or net.</p> <p>Due to the above, this area has been the subject of our increased focus and we have considered it a key audit matter.</p> | <p>We considered the appropriateness of the Group's and the Company's accounting policies for recognising revenue from the sale of goods in relation to the requirements of IFRS.</p> <p>Based on the inspection of the customer contracts for the sale of goods, we analysed the manner in which the Group and the Company identify performance obligations contained in the customer contracts and determine the transaction price.</p> <p>Based on the inspection of the customer contracts and the accompanying documentation, we analysed whether revenues from the sale of goods recognised in 2024 by the Group and the Company were presented in the proper amount and in the proper period.</p> <p>Using sampling, we confirmed the collection of the customer receivables by tracing payments to the bank statements.</p> <p>Based on the inspection of the customer contracts, the related purchase contracts for the goods and the accompanying documentation, we critically assessed the conclusions of the management regarding the potential agent role of the Group and the Company in these transactions. We critically assessed whether the Group and the Company control the goods before transferring the control to the customers, including the risks and responsibilities of both contract parties, responsibility for providing the goods, inventory risk and discretion in establishing the contract prices.</p> <p>Using sampling, we confirmed trade receivables from the sale of goods presented in the consolidated and separate financial statements as at 31 December 2024 by external customer confirmations.</p> <p>We analysed journal entries to revenue accounts to identify unusual or irregular items and tested them on a sample basis.</p> <p>We checked whether disclosures in the Group's and the Company's financial statements adequately meet the requirements of the IFRS.</p> |

| Key audit matter  | How our audit addressed the key audit matter  |
|---|---|
| <p><b>The Group – Business combinations</b></p> <p>See Note 3.1 (Material accounting policy information) and Note 33 (Business Combinations)</p> <p>Based on the signed sales agreement, on 22 May 2024, Luka Ploče d.d. acquired a new subsidiary New Concrete Technologies d.o.o. The acquisition of the aforementioned company represents a business combination that is accounted for using the acquisition method in accordance with the provisions of IFRS 3 Business Combinations.</p> <p>Management considered the IFRS criteria related to the exchange of assets, the contractual relationships existing before the acquisition date, and the conditions for determining the acquisition date itself.</p> <p>Furthermore, management allocated the purchase price to the acquired net fair value of assets with assistance from external experts.</p> <p>We focused on this matter because of the significance of the business combination described above and its impact on the consolidated financial statements as set out in Note 33.</p> | <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> <li>• We read the most significant legal documentation related to the business combination in order to determine its nature and the appropriate accounting method in the consolidated financial statements.</li> <li>• We checked the adequacy of the applied accounting treatment of the business combination in accordance with the provisions of IFRS 3.</li> <li>• With respect to the purchase price allocation to the acquired fair value, we performed the following detailed procedures: <ul style="list-style-type: none"> <li>• we tested the mathematical accuracy of the allocation and the goodwill calculation;</li> <li>• we reconciled the acquired assets and liabilities with the financial data of the acquired company on the date of acquisition;</li> <li>• we reviewed the valuation of the acquired company made by an independent appraiser and, with the assistance of internal experts, assessed the appropriateness of the applied methodology, the used assumptions and the determined fair value;</li> <li>• we assessed the competences, abilities, objectivity and qualifications of the independent appraisers engaged by management.</li> </ul> </li> <li>• We reviewed the relevant disclosures in the consolidated financial statements and assessed their completeness and accuracy.</li> </ul> |

## How we tailored our Group audit scope

We tailored the scope of our audit in order to perform sufficient work to enable us to provide an opinion on the consolidated financial statements as a whole, taking into account the structure of the Group, the accounting processes and controls, and the industry in which the Group operates.

## Reporting on other information

Management is responsible for the other information. The other information comprises the Management Report and Corporate Governance Statement included in the Annual Report, but does not include the consolidated and separate financial statements and our auditor's report thereon.

Our opinion on the consolidated and separate financial statements does not cover the other information.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

With respect to the Management Report and Corporate Governance Statement, we also performed procedures required by the Accounting Act in Croatia. Those procedures include considering whether the Management Report is prepared in accordance with the requirements of Articles 22 and 24 of the Accounting Act and whether the Corporate Governance Statement includes the information specified in Article 25 of the Accounting Act.

Based on the work undertaken in the course of our audit, in our opinion:

- the information given in the Management Report and the Corporate Governance Statement for the financial year for which the consolidated and separate financial statements are prepared is consistent, in all material respects, with the consolidated and separate financial statements;
- the Management Report has been prepared in accordance with the requirements of Articles 22 and 24 of the Accounting Act;
- the Corporate Governance Statement includes the information specified in Article 25 of the Accounting Act.

In addition, in light of the knowledge and understanding of the Company and the Group and their environment obtained in the course of the audit, we are required to report if we have identified material misstatements in the Management Report and Corporate Governance Statement and other information that we obtained prior to the date of this auditor's report. We have nothing to report in this regard.

---

### Responsibilities of management and those charged with governance for the consolidated and separate financial statements

Management is responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with International Financial Reporting Standards as adopted by the European Union and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Company's financial reporting process.

---

### Auditor's responsibilities for the audit of the consolidated and separate financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our independent auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our independent auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for the purpose of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our independent auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

---

## **Report on other legal and regulatory requirements**

### **Appointment**

We were first appointed as auditors of the Group and the Company on 30 September 2021. Our appointment has been renewed annually by shareholder resolution with the most recent reappointment on 19 June 2024, representing a total period of uninterrupted engagement appointment of 4 years.

---

## **Report on compliance of the format of the consolidated and separate financial statements with the requirements of the European Single Electronic Format ("ESEF") Regulation**

We have been engaged based on our agreement by the management of the Company to conduct a reasonable assurance engagement for the verification of compliance with the applicable requirements of the presentation of the consolidated and separate financial statements included in the attached electronic file "74780000P0WHNTXNI633-2024-12-31-0-en.xbri", (hereinafter: the financial statements) of the Group and the Company for the year ended 31 December 2024 (the "Presentation of the Financial Statements").

### Description of subject matter and applicable criteria

The Presentation of the Financial Statements has been prepared by the management of the Company to comply with the requirements of Article 462 paragraph 5 of the Capital Market Act (Official Gazette, No. 65/18, 17/20 and 83/21) (the “Capital Market Act”) and with the Commission Delegated Regulation (EU) 2019/815 of 17 December 2018 supplementing Directive 2004/109/EC of the European Parliament and of the Council with regard to regulatory technical standards on the specification of a single electronic reporting format (the “ESEF Regulation”). Those regulations require that:

- the financial statements included in the consolidated and separate Annual Report, have been prepared in the XHTML format;
- the data included in the consolidated and separate financial statements required by the ESEF Regulation and Capital Market Act have been marked up and all the markups meet the following requirements:
  - the XBRL markup language has been used,
  - the core taxonomy elements listed in the ESEF Regulation with the closest accounting meaning have been used, unless an extension taxonomy element was created in accordance with Annex IV of the ESEF Regulation,
  - the markups comply with the common rules on markups under the ESEF Regulation.

The requirements described above determine the basis for application of the Presentation of the Financial Statements and, in our view, constitute appropriate criteria to form a reasonable assurance conclusion.

### Responsibility of the management and those charged with governance

The Company's management is responsible for the Presentation of the Financial Statements in accordance with the ESEF Regulation and the Capital Market Act. In addition, the Company's management is responsible for maintaining an internal control system that reasonably ensures the preparation of the Presentation of the Financial Statements which is free from material non-compliance with the requirements of the ESEF Regulation and the Capital Market Act, whether due to fraud or error.

Those charged with governance are responsible for overseeing the process of preparing the Presentation of the Financial Statements in the ESEF format as part of the financial reporting process.

### Our responsibility

Our responsibility is to express a reasonable assurance conclusion, based on the audit evidence obtained, whether the Presentation of the Financial Statements complies, in all material respects, with the requirements of the ESEF Regulation and the Capital Market Act. We conducted a reasonable assurance engagement in accordance with the International Standard on Assurance Engagements (ISAE) 3000 (Revised) - Assurance Engagements Other than Audits or Reviews of Historical Financial Information. This standard requires that we comply with ethical requirements, plan and perform procedures to obtain reasonable assurance whether the Presentation of the Financial Statements is prepared, in all material respects, in accordance with the applicable requirements.

Reasonable assurance is a high level of assurance, but it does not guarantee that the service performed in accordance with ISAE 3000 (R) will always detect a material misstatement (significant non-compliance with the requirements).

### Procedures performed

The nature, timing and extent of the procedures selected are matters for the professional judgment of the auditor.

As part of the selected procedures, we performed in particular the following procedures:

- read the requirements of the ESEF Regulation and the Capital Market Act;
- obtaining an understanding of the internal control system and processes relevant to the application of the Electronic Reporting Format of the Financial Statements, including the preparation of the XHTML format and marking up the consolidated and separate financial statements;
- verification whether the XHTML format was applied properly;
- evaluating the completeness of marking up the consolidated and separate financial statements using the XBRL markup language according to the requirements of the implementation of electronic format as described in the ESEF Regulation;
- evaluating the appropriateness of the use of XBRL markups selected from the ESEF taxonomy and the creation of extension markups where no suitable element in the ESEF taxonomy has been identified; and
- evaluating the appropriateness of anchoring of the extension elements to the ESEF taxonomy.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

### Conclusion

In our opinion, based on the procedures performed and evidence obtained, the Presentation of the Financial Statements for the year ended 31 December 2024 included in the above stated attached electronic file complies, in all material respects, with the ESEF Regulation and the Capital Market Act.

Our conclusion is not an opinion on the true and fair presentation of the financial statements presented in electronic format. In addition, we do not express any form of assurance on the other information disclosed in the documents in the ESEF format.

**Management  
report of the  
Company and  
Group Luka  
Ploče d.d. for  
2024**

Ploče, April 2025

## MISSION

Providing high-quality port services based on sustainable development principles to the satisfaction of all our clients and the community in which we operate.

## VISION

Completion of the transformation into a smart and sustainable port that represents the first choice for our employees and partners.

**Luka Ploče**

# COMPANY PROFILE

**Luka Ploče d.d. is the primary concessionaire in the port area for loading, unloading, transshipment and storage of goods. It was founded as a public company in 1945 and since 2003 has been operating as a joint-stock company.**

Luka Ploče d.d. (hereinafter the "Company") is registered as a joint-stock company for maritime transport services, port services and goods storage.

Positioned in the central part of the Adriatic, between Split and Dubrovnik, Luka Ploče is one of the primary strategic Croatian ports. Luka Ploče is located at the intersection of all important traffic routes, and was certified in 1997 in Helsinki when by declaring the starting/ending point of Corridor Vc. First-rate traffic connections and a favorable geostrategic position at the crossroads of key industrial routes makes the port a clear connector across the Adriatic, the Mediterranean and Central Europe. As a result of its geostrategic position and capital investments, the Port of Ploče is included in the world map of ports that can accept CAPE SIZE ships (up to 180,000 DWT). Luka Ploče is currently in the process of inclusion as a Core port on the Trans-European road network (TEN-T).

## Activities in the port area

The land and sea part of the Ploče and Metković port basin covers an area of 255.97 hectares. The area is managed by the Port of Ploče Authority, which is responsible for the construction and maintenance of primary port infrastructure, including dredging of the seabed and common facilities used for port activities.

In accordance with the concession agreement, Luka Ploče d.d. is responsible for the maintenance of operational infrastructure (coastal areas, access roads and railway connections to the primary infrastructure, working areas, water supply, electrical and IT networks on concessionated areas), port superstructures (warehouses, silos, workshops, energy facilities) and port equipment (devices, machinery, installations, plants, cranes, etc.)

## Terminals

Luka Ploče boast specialised terminals that enable professional services in maritime traffic, port services, cargo storage and logistic services. It is categorized as a port of **universal purpose** and serves for the transshipment of almost all cargo types that emerge in international maritime traffic.

Seven of the eight operating quays in Ploče have a depth of up to 14 m (the bulk cargo terminal has a draft of up to 18 m and enables the docking of CAPE SIZE ships), while the railway tracks that stretch along the operational berths directly connect the port with its gravitational locations. All piers have available storage facilities.

# IDENTITY CARD OF THE GROUP

**Luka Ploče Group comprises: Luka Ploče d.d. (parent company); Pomorski servis Luka Ploče d.o.o., Luka šped d.o.o., Pločanska plovdba d.o.o. i New concrete technologies d.o.o.**

Transactions with affiliated companies within the Group are conducted under normal commercial conditions, applying market prices.

Luka Ploče d.d. (the parent company) is the primary concessionaire in the port area for loading, unloading, handling and storage of goods.

The structure of cargo type that is handled by the Port is dependent on the demand of its customers. Bulk cargo dominates in structure and the primary throughput comprises coal, coke, slag and clinker

The Port of Ploče is a member of the Association of Croatian Ports.

## Luka Šped d.o.o.

The core business of the company, which was established in 1998 for the provision of international freight forwarding services, which encompass a wide range of logistic services in the delivery and dispatching of goods via the port. In addition, it also provides maritime agency services which includes acceptance and dispatching of goods that transit through the port, as well as agency services for vessels that dock in the port of Ploče.

## Pomorski servis Luka Ploče d.o.o.

The company was established in 1998 for the provision of services including mooring and unmooring vessels, transport of pilots, crew and passengers, supply of water services to the vessels, as well as waste disposal services. In addition, the company provides pest control and disinfection services.

## Pločanska plovdba d.o.o.

The company was established in 2000 and holds the sub-concession for the passenger quay in the port. It operates in two sectors: the Nautical Sector and the Hospitality Sector. The Nautical Sector includes a charter base, a tourist agency and a quay services department. It provides accommodation services on its fleet, agency services, mooring and unmooring of boats, vehicle directing services on the passenger quay, vessel servicing and it manages a sailing school. The company also organises emergency assistance at sea.

The Hospitality Sector offers food and beverage services in a restaurant facility and also provides supplies for cargo vessels in the Port. The Charter Base includes a fleet of five vessels, consisting of four sailboats ranging from 10 to 16 metres in length and one 14 metre catamaran.

The Sailing School is a special project initiated by the Port in 2019 with the aim of promoting sailing in the town of Ploče across all age groups and improving the quality of sports and recreational offerings, thereby enhancing the quality of life in the town.

## New concrete technologies d.o.o.

New Concrete Technologies Ltd. (hereinafter referred to as "NCT") is a trading company operating since 2018. NCT owns facilities for mixing, testing, and bagging cement (under a long-term sub-concession) and a vessel registered with the Croatian Ship Registry for dredging activities in the Republic of Croatia.

On 22 May 2024 Luka Ploče d.d. acquired 100% of the shares in NCT for 3 million euro. The acquisition of NCT demonstrates the port's strategic focus on further growth and diversification of activities into new markets.

# FINANCIAL PERFORMANCE INDICATORS

|  | Realised<br>1-12/2024 | Realised<br>1-12/2023 |
|--|-----------------------|-----------------------|
| EBITDA (earnings before interest, taxation and depreciation) ('000 euro) | <b>10,113</b>         | 15,940                |
| EBITDA margin  | <b>10.40%</b>         | 21.24%                |
| EBIT ('000 euro)   | <b>7,003</b>          | 13,248                |
| EBIT margin  | <b>7.20%</b>          | 17.65%                |
| Income before taxation ('000 euro)                                       | <b>7,309</b>          | 12,575                |
| Income taxation  | <b>(1,481)</b>        | (2,288)               |
| Net income after taxation ('000 euro)                                    | <b>5,828</b>          | 10,287                |

The **throughput** amounted to 3,957,688 tons of goods, indicating a decrease of 17.20% compared to the same period in the prior year (2023: 4,779,698 tons). This is primarily due to a 28.86% decrease in bulk cargo throughput when compared to 31 December 2023, mainly driven by a 41.79% decline in coal handling compared to the same period in the prior year. The primary drivers of the decline in coal handling can be attributed to the following:

1. The decision of our business partner ArcelorMittal, Zenica to shut down its coking plant that operated as part of the greater steel factory operations in Zenica, concluded at the beginning of the 2024 financial year. As a result, ArcelorMittal, Zenica replaced coal as a cargo type in its operations with coke, which it in part imports through the port of Ploče. The throughput of coke handled at the port of Ploče is less than the throughput of coal which was handled at the port in previous years.
2. On 4 October 2024, a natural disaster in Bosnia and Herzegovina caused extensive damage to the transportation infrastructure connecting the Port of Ploče with its regional users. Consequently, rail traffic in the Jablanica and Konjic areas was disrupted. Since this is the only rail link with the Port of Ploče, from which most cargo is dispatched to Bosnia and Herzegovina and Serbia, the delivery and dispatch of cargo by rail to and from the Port of Ploče was completely suspended. The impact of this event resulted in a significant decline of throughput in the port during the fourth quarter of 2024.
  - Total throughput during the 4th quarter of 2024 amounted to 659 thousand tons, evidencing a decrease of 35% in comparison to the 4th quarter of 2023, and a decrease of 53% in comparison to the 4th quarter of 2022.

On 31 January 2025, the repairs of the damaged railway were completed and rail traffic resumed after nearly 4 months of disruption. While railway traffic was suspended, cargo destined for the Bosnian market was transported by road, using trucks. With the railway restored, all conditions for the normal dispatch of goods to customers in Bosnia and Herzegovina and Serbia, as well as the delivery of goods to the Port of Ploče, have been met.

General cargo increased by 15.10%, primarily attributed to the increase in throughput of steel billets and steel coils, while liquid cargo remained at the same level compared to the same period last year. The cargo structure is detailed below:

## FINANCIAL PERFORMANCE INDICATORS (continued)

- Sales revenue** (revenue from services according to note 8) amounts to 30,686 thousand euro, evidencing a **decrease of 13.71%** when compared to the same period last year (2023: 35,562 thousand euro). The overall decline in revenue can be attributed to variances relating to the following services:

| Income type                 | Realised 2024.<br>('000 EUR) | %      | Realised 2023.<br>('000 EUR) | %           |
|-----------------------------|------------------------------|--------|------------------------------|-------------|
| Port handling services      | 22,895                       | 74.61% | 24,076                       | 67.70%      |
| Rental and storage services | 5,475                        | 17.84% | 10,713                       | 30.12%      |
| Other services              | 2,316                        | 7.55%  | 773                          | 2.17%       |
|                             | <b>30,686</b>                |        | <b>35,562</b>                | <b>100%</b> |

- From a geographic** segment perspective, 93.61% contribution to income from sales in 2024 originated from Croatia and the EU (2023: 91,8%) while Bosnia and Herzegovina contributed 4.52% (2023.: 5.8%).
- Revenue from trading of goods** amounted to 66,305 thousand euro, which is 70.60% higher compared to the same period last year (2023: 38,866 thousand euro). The increase is as a result of a higher volume of traded goods: during 2024, the throughput from trading activities amounted to 321 thousand tons, while for the same period in the prior year it amounted to 164 thousand tons.
- Operating expenses** excluding depreciation amounted to 87,105 thousand euro (2023: 59,106 thousand euro) of which 64,402 thousand euro relates to the cost of goods sold (2023: 37,255 thousand euro). Operating expenses excluding the cost of goods sold are 3.90% higher compared to the same period in the prior year, primarily due to the increase in municipal fees, transportation costs, and security expenses.
- EBITDA margin** excluding the impact of trading for the period I-XII amounted to **26.56%** while the EBITDA margin for the same period in 2023 amounted to 39.60%. In 2022 the EBITDA margine amounted to 40.96%.

The table below presents the key financial indicators for the Company's operations as compared to the prior year.

| INDICATORS                      | REALISED<br>2024.      | REALISED<br>2023.      |

| Income per employee ('000 euro) | 261                    | 186                    |

## TRADE RECEIVABLES, FINANCIAL INDEBTEDNESS AND THE COMPANY'S LIQUIDITY OUTLOOK

**Trade receivables** as at 31 December 2024 amounted to 18,125 thousand euro, evidencing a decrease of 18.51% in comparison to the prior year. 80.39% of the total trade receivables are not yet due, of which 46.18% relates to trading goods not yet dispatched.

**Bank liabilities** are long-term in nature and amounted to 13,365 thousand euro at 31 December 2024. These comprise:

- HBOR loan which was contracted in 2018 at a fixed interest rate, amounting to 9.699 million euro.
- The loan from HPB is contracted with a variable interest rate linked to EURIBOR and amounted to a total of 3.666 million euro. The Company has no other liabilities to banks.

**Cash and cash equivalents** increased by 22.00% from 17,114 thousand euro at 31 December 2023 to 20,879 thousand euro at 31 December 2024.

The Company continues to maintain a satisfactory level of **liquid assets** sufficient to meet all liabilities as they fall due.

## CAPITAL EXPENDITURE

During 2024, the Company acquired mobile transportation equipment to the value of 2 million euro. The Company also invested 0.343 million euro in port suprastructure (electrification of quay 3 and the renovation of warehouses 3A and 3B). The Company invested 0.448 million euro in solar power plants during 2024, in line with its strategy.

## HUMAN RESOURCES

There is a noticeable decrease in the number of employees from 403 to 372 when comparing the current and prior financial year.

Employee costs increased by 2.78% compared to 2023. The average gross salary (excluding senior management salaries) amounts to 1,524 euro in 2024. In 2023, it amounted to 1,382 euro, indicating a 10.24% increase in average salaries in the observed period.

Special attention is given to the education and training of employees. The Company is aware that the overall experience and knowledge held by employees is invaluable, and sharing knowledge is extremely advantageous and necessary in maintaining and enhancing the quality of work performance.

The Company pays significant focus and attention to safety at work, working conditions and the equipment used by employees at their work place. The Company strives to meet all its obligations in terms of training, certification and education of employees. Other than for enabling regulated training and education of employees, the Company provides a platform for employees to raise the level of their own competencies and personal development.

| <b>Total cargo</b> | <b>3,957,688</b> | <b>4,779,698</b> | <b>(17.20%)</b> |

### Throughput per month (in tons)

### BULK CARGO

- Bulk cargo comprises 56% of the total throughput in 2024.
- Bulk cargo throughput decreased by 28.86% when compared to the prior year.
- Coal dominates the bulk cargo structure, comprising 75.91% of the total bulk cargo throughput (2023: 92.77%). It evidenced a 41.79% decrease when compared to the prior year.
- An increase in throughput relating to petroleum coke, slag, and clinker is evidenced during 2024. These account for a total of 17.61% of the total bulk cargo throughput (2023: 1.94%).

### GENERAL CARGO

- General cargo accounted for 13% of total throughput in 2024, evidencing an increase of 15.10% when compared to the prior year.
- Container traffic constituted nearly 62.14% of the general cargo throughput (2023: 78.46%). In 2024, 30,965 TEUs were handled, compared to 31,904 TEUs in 2023, demonstrating a decrease of 2.94% year-on-year. Container throughput handled in 2024 amounted to 334,820 tons (2023: 367,300 tons).
- An increase in the throughput of rebar, sheets, and soda was noted in 2024. The total throughput of these cargo types amounted to 162 thousand tons (2023: 50 thousand tons).

### LIQUID CARGO

- Liquid cargo comprises diesel and petrol.
- Liquid cargo throughput remained at the same level compared to the prior year.

# OWNERSHIP STRUCTURE

The table below presents an overview of the key shareholders of the Company as at 31 December 2024:

| Shareholders             | 2024           |               | 2023           |               |

| Days in period                  | 365               | 365               |
| <b>Debt ratios</b>              |                   |                   |
| Current liabilities/equity      | 0.07              | 0.08              |
| Non-current liabilities/equity  | 0.20              | 0.24              |
| Borrowings/equity               | 0.16              | 0.21              |
| Liabilities/equity              | 0.26              | 0.32              |
| Liabilities/assets              | 0.21              | 0.24              |
| <b>Performance ratios</b>       |                   |                   |
| EBITDA margin                   | 11.59%            | 21.41%            |
| EBIT margin                     | 8.07%             | 17.72%            |
| Net margin before taxation      | 8.39%             | 16.85%            |
| <b>Productivity indicators</b>  |                   |                   |
| Number of employees             | 436               | 474               |
| Income per employee ('000 euro) | 229               | 164               |

- **Income from sales** including freight-forwarding services, maritime services and shipping services amounted to 33,338 thousand euro, which evidences an increase of 12.42% in comparison to the prior year (2023: 38,067 thousand euro). Income from the sale of goods amounted to 66,305 thousand euro, which demonstrates a 70.59% increase when compared to the prior year (2023: 38,867 thousand euro). The increase is as a result of a higher volume of traded goods: during 2024, the throughput from trading activities amounted to 321 thousand tons, while for the same period in the prior year it amounted to 164 thousand tons.
- **Operating expenses** excluding depreciation amount to 88,320 thousand euro (2023: 60,967 thousand euro) of which 68,403 thousand euro relates to the cost of goods sold (2023: 37,278 thousand euro). Operating expenses excluding the cost of goods sold remained the same when compared to the prior period.
- **EBITDA margin** excluding the impact of trading for the period I-XII 2024 amounted to 28.79% while the EBITDA margin for the same period in 2023 amounted to 38.81%.
- **Trade receivables** as at 31 December 2024 amounted to 18,353 thousand euro, evidencing a decrease of 18.22% in comparison to the prior year. 78.79% of the total trade receivables are not yet due, of which 46.53% relates to trading goods not yet dispatched

## FINANCIAL PERFORMANCE INDICATORS (continued)

- **Liabilities to financial institutions** amount to 13,499 thousand euro as at 31 December 2024. Liabilities in the parent Company totalled 13,365 thousand euro. Pločanska plovidba d.d.. has a loan with PBZ amounting to 134 thousand euro with a variable interest rate.
- **Cash and cash equivalents** increased by 23.73% from 18,492 thousand euro as at 31 December 2023 to 22,880 thousand euro as at 31 December 2024. The Group continues to maintain a satisfactory level of liquid assets sufficient to meet all liabilities as they fall due.

## HUMAN RESOURCES

There is a noticeable decrease in the number of employees from 474 to 436 when compared to the prior year. Employee costs increased by 1.66% year-on-year. The average gross salary (excluding top management salaries) amounted to 1,384 euro in 2024. In 2023, it was 1,334 euro, indicating an increase in average salaries of 3.79% in the observed period.

### Employee structure by gender as at 31 December 2024

## HUMAN RESOURCES (continued)

### Employee structure by gender as at 31 December 2024

## RUSSIAN-UKRAINIAN CRISIS AND IMPACT OF SANCTIONS IMPOSED AGAINST RUSSIA ON THE BUSINESS

Taking into consideration the previous three years, the Russian-Ukrainian crisis has contributed positively to the Group's operations as a result of the disruption noted across global logistics flow chains driving additional throughput to the Company over this period. Total throughput continues to demonstrate a slight increase to throughput prior to the crisis (annual throughput in 2021): evidencing a 2% increase in throughput in 2024; a 23% increase in throughput in 2023; and a 43% increase in throughput in 2022, when compared to same in 2021.

The Group did not execute any financial transactions with any Russian financial institution and does not have financial exposure to same. There were no transactions with Russia during 2024.

The Group has assessed the associated risks arising from the aforementioned as follows:

- Increase in the cost of transport, raw materials and supplies, energy and fuel (when compared to previous years before the conflict), which is further transferred to other costs.
- Given the significant increase in costs and compounded by logistical challenges faced, the Group has noted an increase in requests for advance payments by suppliers while the delivery time for receipt of goods from suppliers has been prolonged.

Although the above-mentioned risks still exist, a reduced inflationary pressure on the Group's operations has been observed when compared to 2022 and 2023 (e.g. in terms of commodity prices and energy prices). However, the pressure of heightened macroeconomic factors is still visible when considering the Group's operations, and that of its business partners especially given the catastrophic natural disaster in Bosnia and Herzegovina which occurred at the beginning of the 4th quarter resulting in the suspension of railway traffic for cargo intended for the markets of Bosnia and Herzegovina and Serbia.

The Group continues to maintain a satisfactory level of liquidity, sufficient to meet all due obligations.

## **DIGITALISATION**

Over the passed five years, the Company has actively focused and actioned the development of its internal application system. This system comprises a set of applications (modules) for the performance of specific business processes within the Group. The Information and Communication Technology Department continuously and actively advances the existing base in order to enhance the efficiency of business processes and information flow, with the objective of further development of its solution, while focusing on system solution security and improving user experience, all in line with changes to internal processes and flows.

During 2024, the digital ERP solution was launched in the subsidiaries. In addition, the 2024 financial year saw the migration of data to the Cloud as well as the migration of the IT infrastructure to the premises and under the protection of the port authority. The Group continues to invest in the development and modernisation of the IT system, focusing on customised solutions and modern technology in line with the Company's and the Group's strategy.

## **SIGNIFICANT EVENTS AFTER THE BALANCE SHEET DATE**

(a) There were no events after the balance sheet date that would have a significant impact on the Company's or Group's financial statements for the year ended 31 December 2024.

(b) Events after balance sheet date to date of issue of the financial statements that do not have a significant impact on the Company's or Group's financial statements for the year ended 31 December 2024 but are important to consider have been summarised below:

- On 31 January 2025, repairs to the damaged railway were completed and rail traffic resumed after almost four months of disruption. The restoration of the railway has met all conditions for the normal dispatch of goods to customers in Bosnia and Herzegovina and Serbia, as well as the delivery of goods to the port of Ploče.
- The war in the Ukraine and the current global geopolitical situation have caused instability in the commodity trading segment, making it impossible to conduct this activity without significant risks. Consequently, due to changed market circumstances, the Company has decided to cease its commodity trading activities until further notice. Revenue from the sale of goods in 2024 amounted to 66,304 thousand euro, while the cost of goods sold amounted to 64,403 thousand euro, which generated a profit of 1,901 thousand euro. Turnover from the sale of goods amounted to 321 thousand tons. The Company informed investors and the public about this decision at the end of the first quarter of 2025.

## **FUTURE BUSINESS DEVELOPMENT**

The primary vision for future operations is the transformation of the port into a smart sustainable port:

- smart in terms of continuing the digital transformation journey with the implementation of a 5G network; and
- sustainable in terms of following the guidelines defined in the sustainability strategy.

New investments in infrastructure and machinery will follow the development strategy with an emphasis on sustainability and diversification, highlighting investments in energy independence and the expansion of the container terminal.

# RISK MANAGEMENT

The Group is exposed to financial risks (currency, interest and credit), as well as market risks that affect the core business of the Group. The Group manages financial risks using regular financial instruments available on the financial market of the Republic of Croatia. Appropriate policies and procedures for managing individual risks are implemented and the method of managing and mastering risks is specifically prescribed and documented in rules and procedures. These risks are a normal part of business and it is necessary to respond to them in a timely and appropriate manner in order to make quality decisions on time for the safeguarding and development of the business.

Defined risks are presented below:

## MARKET RISK

The maritime trade market is cyclical and depends on changes in the world economy and the mode of transport (land and sea). As part of the worldwide maritime trade network, market risk significantly affects the Company and the Group.

### *Destination market*

Bosnia and Hercegovina is a key market in relation to the Company's operations, and political instability and negative macroeconomic factors of said can significantly and negatively influence (or vice versa) the Company's operations. A decline in production in Bosnia and Hercegovina would mean a decline in the throughput of bulk and general cargo and related revenue for the Company. The Company's management board focuses on minimizing risk through business development with business partners from other destinations (Central Europe and Italy).

### *Market competition*

Competition risk is pronounced in the Adriatic region (Koper, Rijeka, Bar, Italian port cluster). The tariffs for the Company's services are in line with those of other ports in the Adriatic. However, it is important to emphasise that the correlation of tariffs for the Company's services is not sufficient to keep this route competitive. Competitiveness of pricing also depends on additional direct costs such as the price of lighting, port taxes and rail transport. Increases in these prices may adversely affect the traffic route through Luka Ploče. The Company's Management Board focuses on minimizing this risk through active monitoring and proactive adjustment of tariff prices, continuous investment in technology and digitalization in order to enhance and further develop capacity and productivity.

## CREDIT RISK

Assets of the Group and the Company that may give rise to credit risk consist mainly of cash and cash equivalents, irrevocable facilities, trade receivables, employee receivables and other receivables. The Company's management board focuses on minimizing risk through proactive monitoring of receivables collection. As additional insurance, the Group and the Company are insured by the underlying goods and by means of actively managing limits and dispatch for past due receivables along with security provided by other insurance instruments (for example, bank guarantees). The receivables from employees are secured by salary suspension.

## CURRENCY RISK

The Company is exposed to foreign exchange risk in USD. Port services are primarily contracted and invoiced in euro. In addition the bank borrowings are in euro.

The risk lies in the variability of the euro to the USD i.e. exchange rate differentials which affect realised and unrealised exchange rate differences. The Company is exposed to the USD currency in a much smaller capacity, and the exchange rate is converted using the mid rate of the CNB.

## INTEREST RATE RISK

The risk exists whereby the value of the financial instrument can change due to changes in market interest rates. With increases in the value of Euribor, the interest expense of the Company and the Group increases. The long-term bank borrowing from HBOR is contracted at a fixed interest rate. The other long-term bank borrowing is contracted at a variable rate. The Company actively monitors its debt exposures - when funds from loans are not needed, these are repaid in a timely manner to reduce exposure to interest charges and related cash outflows.

## LIQUIDITY RISK AND CASH FLOW RISK

Prudent liquidity risk management involves maintaining sufficient amounts of cash and cash equivalents, ensuring the availability of external funds by means of having in place and managing committed facilities with finance providers and maintaining the ability to meet all obligations as they fall due. The objective of the Group and the Company is to maintain flexibility of financing by having available committed credit facilities. The Company regularly and proactively monitors the level of available sources of funding and the collections structure of receivables to manage expected cash flows.

The Company controls risk through active monitoring of the maturity structure of assets and liabilities, and the relationship between current assets and short-term liabilities is particularly closely monitored.

Management scrutinizes detailed plans relating to expected cash inflows and outflows to ensure the Company and Group have adequate amounts of liquid assets to meet liabilities in line with expected maturities.

## TECHNOLOGICAL RISK

Technological risk is related to the obsolescence of existing port technology and mechanisation. Without timely investment in the existing work dynamics, the risk of increased operating costs and decreased efficiency and productivity relating to port services is heightened. This would negatively impact the overall profitability of business operations and the success of the business as a whole. The Company is focused on minimizing the risk through active research and execution for appropriate capital investments in existing infrastructure, superstructure, new equipment and digitalization. This strategy is evidenced through the implementation of the investment plan in the current year. The Company continuously monitors and adjusts work processes and implements changes through documented procedures, formalized workflows, digital footprint.

## HUMAN RESOURCE RISK

Port services are directly related to the need for human resources which is evidenced by the number of employees in the Company. To a large extent, the need for intensive physical work in operational terms and strong support and specialized knowledge in mechanization and service support are required. The Human Resources Department is responsible for the professional education and meeting legal regulations related to medical examinations aimed at educating employees to work in the field. Occupational safety monitors in detail the attestation of machines and the general safety of employees in the workplace. Employees are permitted to join the trade union and an employee of the Company has been assigned to the role for Employee Relations to manage this relationship.

## ECOLOGICAL RISK

Detecting and preventing environmental risk is one of the essential factors for the long-term sustainability of the Group's business. The Group's strategy takes into account investments in equipment and "going green" in the form of improving energy efficiency through existing and new infrastructure with a focus on renewable energy. The "net zero" mission is a key goal for the business and the Management Board is focused on implementing the necessary sustainable measures in order for the Company and Group to reduce its exposure to associated risks more efficiently and effectively.

## REPORTING RISK

The risk exists that the accounting records are not maintained accurately and on a timely basis. Management is focused on reducing the inherent risk by means of digitising the reporting function and operations of the Company and creating a focused controlling function which and regular education of staff executing these roles.

# NON-FINANCIAL REPORT

In 2024, Luka Ploče d.d. and its affiliated companies (hereinafter: the Group) voluntarily published the Sustainability Report for the second time. This continued the transparent monitoring of the impact of operations on the environment, society, employees, and the community in which the Group operates.

- The report for 2023 was prepared in accordance with European Sustainability Reporting Standards (ESRS) and includes data that accurately reflect impacts, risks, and opportunities (IRO) identified as material, either from a sustainability impact perspective, a financial perspective, or both. The report also includes the EU Taxonomy Report, which provides insight into the compliance of business activities with the European Union's sustainability criteria.
- In the process of preparing the report, key impacts of the Group's operations on sustainability factors, as well as existing management practices and business models, were analyzed. Based on this, strategic development directions were defined, leading to the transformation of Luka Ploče into a smart and sustainable port. The activities and measures necessary to achieve this goal, along with key performance indicators, are contained in the Sustainable Development Strategy, which is currently in its final stage of adoption.

Although the Group is not yet formally obligated to report in accordance with the Corporate Sustainability Reporting Directive (CSRD) and the new Accounting Act, it has decided to timely involve all relevant stakeholders in this process. The obligation to publish reports under the CSRD will commence in 2026 for the 2025 business year, when the publication of an integrated report, including consolidated financial statements, is planned.

The Sustainability Report for 2024 also includes an analysis of the taxonomy compliance of operations, with detailed data on revenues, expenses, and investments related to taxonomy-eligible and non-eligible activities.

At the beginning of 2025, preparations for the third sustainability report for 2024 began, which will, like the previous one, be fully aligned with ESRS guidelines.

In the context of the strategic goal of achieving climate neutrality by 2050, the Group conducted a carbon footprint analysis and developed a proposal for measures to reduce greenhouse gas emissions as part of the first report. This study will be updated in accordance with the new Sustainable Development Strategy to enable monitoring of the implementation of measures and achieving the targeted emission reductions: 15-25% by 2030 and 65-95% by 2050. The second Sustainability Report includes relative data that will serve as the basis for a new revision of the study in 2025.

## **Corporate Governance Statement**

# CORPORATE GOVERNANCE STATEMENT

## BASIC INFORMATION

Luka Ploče d.d. (hereinafter: the Company) as well as the Luka Ploče Group is continuously developing and operating in accordance with the defined standards of corporate governance.

This applies particularly to the manner in which the Company's bodies execute their duties, work with shareholders and employees, ensure transparency of business operations, and towards third parties. Since 16 June 2008, the Company adopted its own Code of Corporate Governance with the aim of further strengthening and establishing high standards of corporate governance. The management board fully complied with the provisions of its own Code and the Code of the Zagreb Stock Exchange d.d. from the day the shares were listed on the Official Market. The Company applies the corporate governance measures prescribed by law, and this is explained in detail in the annual questionnaire, which is published, in accordance with the regulations, on the website of the Zagreb Stock Exchange d.d. and the Company.

This Code has the force of a recommendation that provides guidance to the Company's bodies and Company employees to respect the principles prescribed and elaborated by this Code when making all types of decisions. The objective of the Code is to establish high standards of corporate governance and transparency in the operations of the Company and affiliated companies in the majority ownership of the Company.

The code defines the procedures of corporate governance in order to protect shareholders, employees, elected and appointed owners of responsible functions in the Company as well as all other interest holders through good and responsible management and supervision of the Company's business and management functions. The fundamental principles of this Code are: business transparency, clearly developed procedures for the work of the Supervisory Board, Management Board and other bodies and structures that make important decisions, prevention of conflicts of interest, efficient internal control and an efficient responsibility system.

Any interpretation of the provisions of this Code should first of all be guided by respect for the aforementioned principles and achieving the stated goals.

The Company's shares are listed on the official market of the Zagreb Stock Exchange, and the Company is primarily compliant with the Corporate Governance Code of the Zagreb Stock Exchange. The Company respects and follows the prescribed guidelines for corporate governance (as is presented in detail in the published annual questionnaire of the Zagreb Stock Exchange).

The largest shareholders according to data from the Central Clearing Depository Company are listed in the "Ownership structure" table in the Management Report and in note 28 to the Annual Financial Statements and are kept in the Company's Share Book. The Company is also obliged to publish on its website and through the stock exchange any acquisition or release of shares and other securities of the Company by each individual member of the Management Board and the Supervisory Board, as well as employees of the Company who have access to price-sensitive / privileged information of the Company as well as related parties.

Competencies, convening procedure and quorum, and decision-making methods of the General Assembly are regulated by the Company's Statute. When convening the General Assembly, the Management Board of the Company is obliged to determine the date according to which the balance in the register of shares will be determined, which will be relevant for exercising the right to vote at the General Assembly of the Company. That date should be before the General Assembly and may not be more than 6 days before the General Assembly.

The right to vote should include all shareholders of the Company in such a way that the number of votes that belong to them in the General Assembly is equal to the number of shares they hold, regardless of the type of shares. In case the Company issues non-voting shares, i.e. with limited voting rights, it is obliged to publish publicly and in a timely manner all relevant information on the content of all rights arising from such shares in order to enable investors to make an appropriate decision on the purchase of these securities.

## CORPORATE GOVERNANCE STATEMENT (continued)

### BASIC INFORMATION (continued)

The Company is obliged to act in the same way and under the same conditions towards all shareholders, regardless of the number of shares they have, their country of origin and other characteristics. This particularly applies to the duty of equal treatment of individual and institutional investors.

The election or appointment of members of the Supervisory Board is regulated by the Company's Statute. There are no restrictions based on gender, age, education, profession, etc. The Companies Act determines any amendments to the Company's Statute.

The basic medium for public publication of data is the National Gazette of the Republic of Croatia and the Company's website [www.luka-ploce.hr](http://www.luka-ploce.hr).

## CORPORATE GOVERNANCE STRUCTURE

Pursuant to the Law on Companies and the Company's Statute, the Company's bodies are the General Assembly, the Supervisory Board and the Management Board, and their duties and responsibilities are regulated by the aforementioned acts.

### GENERAL ASSEMBLY

The General Assembly makes decisions that have a significant impact on the state of assets, financial position, business results, ownership structure and management of the Company, and are made exclusively at the General Assembly of the Company by the prescribed majority of votes. The management of the Company is obliged, as soon as possible, to publicly announce the decisions of the General Assembly as well as information on possible lawsuits to refute them. In 2024, the regular annual General Assembly was held on 19 June 2024.

### SUPERVISORY BOARD

The tasks and responsibilities of the Company's Supervisory Board are regulated by the Company's Statute. The members of the Supervisory Board should perform their duty with the attention of an orderly and conscientious businessman and keep the Company's business secret. The supervisory board is obliged to prepare an evaluation of its work for the past period on an annual basis. Such an assessment includes, in particular, an assessment of the work of the Committees established by the Supervisory Board, and an assessment of what has been achieved in relation to the Company's set goals. The Supervisory Board of the Company consists of five members.

The Chairman of the Supervisory Board is responsible for determining the calendar of regular annual meetings and convening extraordinary meetings when the need arises. The frequency of meetings of the Supervisory Board should be determined in accordance with the needs of the Company.

The members of the Supervisory Board on the date of this annual report and during the reporting period are as follows:

- Boštjan Napast – chairman
- Jeni Krstičević – deputy chairman
- Ivan Ostojić – member
- Zvonimir Novak – member
- Ana Marinović – member

During the reporting period, the Supervisory Board of the Company consisted of **five members**.

During the reporting period, the Supervisory Board held a total of **11 sessions** at which **all members of the Supervisory Board were present**.

## CORPORATE GOVERNANCE STRUCTURE (continued)

### Audit Committee

Pursuant to the Company's Statute, the Company's Supervisory Board established an Audit Committee. The audit committee is a body that provides support to the Management Board and the Supervisory Board in the efficient performance of the obligations of corporate management, financial reporting and control of the Company.

The audit committee, appointed in accordance with the law, worked in the past year with a composition of 3 members, all of whom are also members of the Supervisory Board:

On the day of the annual report and during the reporting period, the Audit Committee comprised:

- Jeni Krstičević – chairman
- Ivan Ostojić – member
- Zvonimir Novak – member

During 2024, **seven sessions** of the Audit Committee were held, at which **all members of the Audit Committee were present**.

With the assistance of the Audit Committee, the Supervisory Board monitored the adequacy of the internal control system, which is realised through three mutually independent control functions (internal audit, risk control, compliance monitoring), with the aim of establishing such a system of internal controls that will enable timely detection and monitoring of all risks to which the Company is exposed in its operations.

### Remuneration Committee

In accordance with the Company's Statute, the Company's Supervisory Board established a Remuneration Committee, which provides support to the Management Board and the Supervisory Board in creating a remuneration policy and proposing remuneration for members of the Management Board and senior management.

The remuneration committee, appointed in accordance with the law, worked in the past year with a composition of 3 members, all of whom are also members of the Supervisory Board.

On the day of the annual report and during the reporting period, the remuneration committee comprised:

- Ivan Ostojić – chairman
- Jeni Krstičević – member
- Zvonimir Novak – member

During 2024, **two sessions** of the Remuneration Committee was held, at which **all members of the committee were present**.

### Appointment Committee

Pursuant to the Company's Statute, the Company's Supervisory Board established the Appointment Committee, which provides support to the Management Board and the Supervisory Board in creating the appointment policy and preparing the succession plan for the members of the Supervisory Board and the Management Board.

The Appointment Committee, appointed in accordance with the law, worked in the past year with a composition of 3 members, all of whom are also members of the Supervisory Board.

On the day of the annual report and during the reporting period, the Appointment Committee comprised:

- Boštjan Napast – chairman
- Ivan Ostojić – member
- Jeni Krstičević – member

During 2024, no sessions of the Appointments Committee were held.

## **CORPORATE GOVERNANCE STRUCTURE (continued)**

### **Management Board**

The management board manages the Company's affairs in accordance with the Company's Statute and legal regulations. The Company is represented by the Board, the president or a member of the board individually and independently. The management board monitored that business and other records and business documentation were in accordance with the law, compiled accounting documents, realistically assessed assets and liabilities, compiled financial and other reports in accordance with applicable accounting regulations and standards.

The members of the Management Board during the reporting period were as follows:

- Hrvoje Livaja – president of the board
- Daniela Marelić – member of the board for finance

# REPORT ON THE ASSESSMENT OF THE SUPERVISORY BOARD

The evaluation report of the Supervisory Board and its subcommittees was discussed and determined at the Supervisory Board session, no external evaluators were engaged in the evaluation process.

Based on the Statute of the Company, the Supervisory Board operates in its full composition of five members (two female members and three male members), elected or appointed in accordance with the Law, internal acts and the Diversity Policy, which was determined to be the optimal number for the effective performance of its duties.

Members of the Supervisory Board are appointed on the basis of their competence, knowledge and skills, taking into account diversity criteria such as gender, age, length of service, nationality and individual differences in professional and personal experiences, which are defined by the Diversity Policy adopted at Supervisory Board session held on 29 December 2021.

The members of the Supervisory Board have the necessary skills and experience, proven expertise and knowledge in the field or industry in which the Company operates or on which it intends to focus in the coming period, as well as high moral and personal qualities and integrity, with the specific request that at least one member of the Supervisory Board must be an expert in the field of accounting and/or audit of financial reports.

The appropriate level of representation of women is supported (in the current composition it is 40%), which meets the goals and guidelines established in the Diversity Policy.

Throughout 2024, the Supervisory Board held its meetings regularly, in accordance with the work plan of the Supervisory Board of Luka Ploče d.d. for 2024, established at the meeting held on December 29, 2023. All members participated in the work of the Supervisory Board, demonstrating good mutual cooperation and possessing the necessary expertise aligned with the Company's business requirements, performing their duties and responsibilities in an appropriate and efficient manner.

Accordingly, the Supervisory Board assesses that all members of the Supervisory Board and its subcommittees successfully performed the tasks within the scope of the Supervisory Board and its subcommittees as prescribed by law during 2024, and each member significantly contributed to their work throughout the year. Furthermore, it is assessed that the joint work and cooperation of all members of the Supervisory Board and its subcommittees in 2024 were satisfactory and successful.

Adequate support for the preparation of Supervisory Board and subcommittee meetings was ensured through the Company's secretary.

During 2024, the Management Board continuously submitted reports prescribed by law to the Supervisory Board and informed it of all significant business events, business progress, revenues and expenses, all deviations from original plans, and the general state of the Company.

Consequently, the Supervisory Board positively evaluates its relationship with the Management Board in 2024.

## KEY ELEMENTS OF THE SYSTEM OF INTERNAL CONTROLS AND RISK MANAGEMENT RELATING TO FINANCIAL REPORTING OF THE COMPANY AND THE GROUP

The Company is obliged to prepare its financial reports in accordance with the International Financial Reporting Standards and to publish them within the prescribed deadlines defined by the legislation of the Republic of Croatia. The financial reports compiled by the Company's Management Board, which have been audited by an independent external auditor, will be published on the Company's website.

The President of the Management Board is responsible for creating an internal control system that organizes and monitors the flow of accurate, concrete and complete data about the Company's organization, such as data on compliance with financial, business and legal obligations that may represent a significant risk for the Company. The internal auditor should review and verify the effectiveness of such a system at least once a year.

The Company is obliged to have independent external auditors as an important instrument of corporate governance, so their basic function is to ensure that the financial statements adequately reflect the real state of affairs of the Company as a whole.

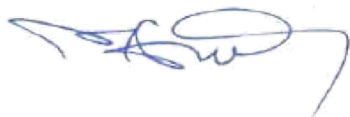

An independent external auditor shall be considered to be an auditor who is not related to the Company by ownership or interest and does not provide any other services to the Company, either by himself or through related persons.

Independent auditors are obliged to report directly to the Management Board on the following issues:

- discussion of the main accounting policy,
- alternative accounting procedures,
- disagreement with the Management Board, risk assessment, and
- possible analyses of fraud and/or abuse.

In its annual report as well as on its Internet pages, the Company is obliged to state on the prescribed form (annual questionnaire) whether it has complied with the recommendations specified in this Code. This Code and its recommendations are based on the "act or explain" principle, i.e. if the Company deviates from or does not apply one of the recommendations of this Code, it must provide an explanation in the annual questionnaire as to why the non-application or deviation occurred. The annual questionnaire is an integral part of this Code.

## **Statement on the responsibility of the Management Board**

## STATEMENT ON THE RESPONSIBILITY OF THE MANAGEMENT BOARD

Based on the current Croatian Accounting Act, the Management Board is obliged to ensure that the non-consolidated and consolidated financial statements for each financial year are prepared in accordance with the International Financial Reporting Standards adopted by the European Union ("EU IFRS"), so that they give a true and objective picture of the financial position and business results of the Company Luka Ploče d.d. and subsidiaries ("Group") for that period.

Management reasonably expects that the Company and the Group have adequate funds to continue operations in the foreseeable future. For the stated reason, the Management Board continues to accept the principle of unlimited business time when preparing non-consolidated and consolidated financial statements.

The responsibilities of the Management Board when preparing non-consolidated and consolidated financial statements include ensuring:

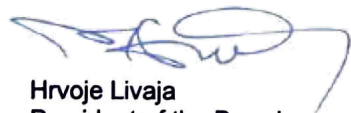

- selection and consistent application of appropriate accounting policies;
- reasonable and cautious judgments and assessments;
- application of valid accounting standards; and
- preparation of non-consolidated and consolidated financial statements according to the principle of business continuity, unless it is inappropriate to assume whether the Company or the Group will continue its business activities

The Management Board is responsible for keeping correct accounting records that will at any time reflect the financial position of the Company and the Group with acceptable accuracy, as well as its compliance with the applicable Croatian Accounting Act. The Management Board is also responsible for safeguarding the assets of the Company and the Group and, therefore, for taking reasonable measures to prevent and detect embezzlement and other irregularities.

Moreover, in accordance with the Accounting Act, the Management Board is obliged to prepare an Annual Report comprising the nonconsolidated and consolidated financial statements, the nonconsolidated and consolidated Management Report and the Corporate Governance Statement. The nonconsolidated and consolidated Management Report was prepared in line with the requirements of Article 21 and 24 of the Croatian Accounting Act, and the Corporate Governance Statement in line with the requirements of Article 22 of the Croatian Accounting Act.

In accordance with Commission Delegated Regulation (EU) 2018/815 of 17 December 2018 amending Directive 2004/109 / EC of the European Parliament and of the Council as regards regulatory technical standards for the specification of the single electronic reporting format "ESEF Regulation" ), The Company's Management Board is obliged to compile and publish unconsolidated and consolidated Annual Report in XHTML format and descriptively mark annual financial statements prepared in accordance with International Financial Reporting Standards adopted by the European Union in XHTML format using XBRL tags and mark notes to annual financial statements as block of text in order to meet the requirements of Article 462 of the Capital Market Act.

The Annual Report was approved by the Management Board on 22 April 2025 for submission to the Supervisory Board and are signed below by:

Hrvoje Livaja  
President of the Board

Daniela Marelić

**NOTE 1 – GENERAL INFORMATION**

LUKA PLOČE d.d. (the “Company”) is a joint stock company registered under the laws and regulations of the Republic of Croatia. The Company is domiciled in Ploče, Croatia. The Company is headquartered in Trg Kralja Tomislava 21, Ploče.

The principal activities of the Company are port services (handling of goods), warehousing and wholesale and retail services in domestic and foreign trade. Other activities of the Group include construction, maintenance, freight forwarding, trading and other services.

As at 31 December 2024, LUKA PLOČE Group (the “Group”) comprises the parent company LUKA PLOČE d.d., its four subsidiaries (2023: three subsidiaries) based in Ploče, Croatia (Note 19) and equity-accounted associates (Note 20).

As at 31 December 2024, the Company’s shares were listed on the official listing of the Zagreb Stock Exchange.

*Management and the Supervisory Board of the Company*

During the reporting period the Management Board comprised:

| <b>Name</b> | <b>Surname</b> | <b>Function</b>                   |
|-------------|----------------|-----------------------------------|
| Hrvoje      | Livaja         | President of the Management Board |
| Daniela     | Marelić        | Member of the Management Board    |

During the reporting period the Supervisory Board comprised:

| <b>Name</b> | <b>Surname</b> | <b>Function</b>                           |
|-------------|----------------|---|
| Boštjan     | Napast         | Chairman of the Supervisory Board         |
| Jeni        | Krstičević     | Deputy President of the Supervisory Board |
| Ivan        | Ostojić        | Member of the Supervisory Board           |
| Ana         | Marinović      | Member of the Supervisory Board           |
| Zvonimir    | Novak          | Member of the Supervisory Board           |

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 2 – BASIS OF PREPARATION**

**2.1 Statement of compliance**

The consolidated and separate financial statements of the Company have been prepared in accordance with International Financial Reporting Standards as adopted in the European Union ("EU IFRS").

The separate financial statements are presented for the Company while the consolidated financial statements relate to the Company and its subsidiaries and associates (referred to as "the Group"). The separate and consolidated financial statements are further referred to as the "financial statements". The financial statements were approved by the Management Board on 22 April 2025.

**2.2 Basis of presentation**

The financial statements have been prepared on the basis of historical cost, except where otherwise stated.

The financial statements of each individual Group member are reported in the currency of the primary economic environment in which the Group member operates (the "functional currency"). The consolidated financial statements are presented in euros, which is the functional currency of the Company and the reporting currency of the Group.

**2.3. Adoption of New or Revised Standards and Interpretations**

The following new standards and amendments to existing standards are effective from January 1, 2024, have been adopted by the EU, but have not had a significant impact on the Company:

- Amendments to IFRS 16 Leases: Lease Liability in a Sale and Leaseback (issued on 22 September 2022 and effective for annual periods beginning on or after 1 January 2024);
- Classification of liabilities as current or non-current – Amendments to IAS 1 (originally issued on 23 January 2020 and subsequently amended on 15 July 2020 and 31 October 2022, ultimately effective for annual periods beginning on or after 1 January 2024);
- Amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures: Supplier Finance Arrangements (Issued on 25 May 2023 and effective for annual periods beginning on or after 1 January 2024).

The Group and the Company do not expect the adoption of these standards and interpretations to have a significant impact on their separate and consolidated financial statements.

**2.4. New accounting standards and interpretations**

Certain new standards and interpretations have been issued that are mandatory for the annual periods beginning on or after 1 January 2025 or later, which have been adopted by the EU and which the Group/Company has not early adopted:

- Amendments to IAS 21 Lack of Exchangeability (Issued on 15 August 2023 and effective for annual periods beginning on or after 1 January 2025).

The Group and the Company do not expect the adoption of these standards and interpretations to have a significant impact on their separate and consolidated financial statements.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 2 – BASIS OF PREPARATION (continued)**

**2.5. New accounting standards and interpretations (continued)**

Several new accounting standards and interpretations have been published, which are mandatory for annual periods beginning on or after January 1, 2025, and have not been adopted in the EU, the Group and the Company.

- Amendments to the Classification and Measurement of Financial Instruments - Amendments to IFRS 9 and IFRS 7 (issued on 30 May 2024 and effective for annual periods beginning on or after 1 January 2026);
- Annual Improvements to IFRS Accounting Standards (Issued in July 2024 and effective from 1 January 2026);
- Contracts Referencing Nature-dependent Electricity Amendments to IFRS 9 and IFRS 7 (Issued on 18 December 2024 and effective from 1 January 2026);
- IFRS 18 Presentation and Disclosure in Financial Statements (Issued on 9 April 2024 and effective for annual periods beginning on or after 1 January 2027);
- IFRS 19 Subsidiaries without Public Accountability: Disclosures (Issued on 9 May 2024 and effective for annual periods beginning on or after 1 January 2027).
- IFRS 14, Regulatory Deferral Accounts (issued on 30 January 2014 and effective for annual periods beginning on or after 1 January 2016).
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture – Amendments to IFRS 10 and IAS 28 (issued on 11 September 2014 and effective for annual periods beginning on or after a date to be determined by the IASB).

The Group and the Company do not expect the adoption of these standards and interpretations to have a significant impact on their separate and consolidated financial statements.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 3 – MATERIAL ACCOUNTING POLICY INFORMATION**

The principal accounting policies adopted in the preparation of the separated and consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

**3.1 Basis of consolidation**

The consolidated financial statements include the financial statements of the Company and companies over which the Company has control (subsidiaries) as of and for the year ended 31 December 2024. The Company and its subsidiaries together are referred to as the Group.

*(i) Subsidiaries*

Subsidiaries are all companies over which the Parent Company exercises control over financial and business policies, thereby directing the relevant activities of the entities. The Parent Company has four subsidiaries, all of which are 100% owned and are consolidated from the date when control was effectively transferred to the Parent Company. Balances and transactions between Group companies are eliminated in the consolidation of financial statements. In the separate financial statements, the Company recognises investments in subsidiaries at cost.

*(ii) Associates*

Associates are entities over which the Company has significant influence but not control. The Company has an investment in two associates with a 49% ownership holding. Investments in associates are accounted for using the equity method for consolidation. The Company recognises investments in associates in the separate financial statements at cost. The Group's share of income or losses from associates post-acquisition is recognised in the statement of comprehensive income. The investment in associates balance is adjusted for cumulative changes occurring after acquisition.

*(iii) Business combinations*

The Group applies the acquisition accounting method for reporting business combinations. The consideration transferred during the acquisition of a subsidiary is the fair value of the transferred assets, liabilities incurred to former owners of the acquired entity, and the Group's investments. The consideration transferred also includes the fair value of assets or liabilities arising from contingent consideration arrangements. The identifiable assets, liabilities, and contingent liabilities acquired in a business combination are initially measured at fair value on the acquisition date. The Group recognizes any non-controlling interest in the acquired entity either at fair value or at the proportionate share of the acquired entity's identifiable net assets. Acquisition-related costs are recognized as expenses in the period they are incurred.

Goodwill is initially measured as the excess of the consideration transferred and the amount of any non-controlling interest in the acquired entity over the fair value of the identifiable net assets acquired. If the consideration is lower than the fair value of the acquired net assets, the difference is recognized in the statement of comprehensive income. After initial recognition, goodwill is measured at cost less accumulated impairment losses

**3.2 Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker responsible for allocating resources and assessing performance of the operating segments, is the Management Board of the Company.

**3.3 Transactions and balances in foreign currencies**

In the Republic of Croatia, as of 1 January 2023, the functional currency is the euro. All currencies other than the euro are considered foreign currency. The Company and the Group operate not only in euros but also in USD.

- Foreign currency transactions are translated into the functional currency by using the exchange rate on the transaction date.
- Gains or losses arising from settling these transactions and revaluing monetary assets and liabilities expressed in foreign currencies are recognized in the statement of comprehensive income.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

**NOTE 3 – MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.3 Transactions and balances in foreign currencies**

- Specifically, gains and losses related to borrowings, cash, cash equivalents, and short-term deposits are presented within “financial income or expenses”.
- All other positive and negative exchange rate differences are presented in the statement of comprehensive income under “other (losses)/gains - net”.

Non-monetary assets and items measured at historical cost are not translated.

**3.4 Intangible assets**

Software, licenses and project documentation are amortised over their estimated useful lives. Estimated useful lives are assessed annually and impairment reviews are undertaken where indicators of impairment are present.

Subsequent expenditure is capitalised only if it is probable that these will result in the increase of future economic benefits. All other expenditure is recognised in the statement of comprehensive income as an incurred expense.

Amortisation is recognised in the statement of comprehensive income on a straight-line basis over the estimated useful lives of intangible assets. Intangible assets are amortised from the date on which they are available for use. The estimated useful lives of intangible assets are 2.5 to 5 years.

Through the acquisition of New Concrete Technology d.o.o. (hereinafter “NCT”), the Group gained control over the customer relationships of the acquired company. Customer relationships acquired in the business combination were recognized at fair value on the acquisition date. They have a useful life of 13 years and are amortized annually.

**3.5 Property, plant and equipment (“PPE”)**

*i) Owned Assets*

The Company owns various assets, with the most significant share attributed to equipment/facilities (87% of the acquisition value of assets) and land/buildings. Additionally, it invests in leasehold improvements (leased properties under concession) and assets under construction (advances for tangible assets).

- Buildings, facilities, and equipment are reported in the statement of financial position at historical cost, adjusted for accumulated depreciation and impairment reserves if necessary. The historical cost includes expenses directly related to acquiring the assets.
- Advances for tangible assets (assets under construction) are reported in the statement of financial position at the purchase price based on contractually agreed terms. When the asset for which an advance payment was made is delivered, and an invoice from the supplier is received, the paid advances are recognised as an investment within PPE at the purchase price.
- Land and assets under construction are reported in the statement of financial position at cost and are not amortized.
- Amortisation is calculated using the straight-line method to allocate the cost to the residual value of the asset over its estimated useful life.

|   | (in years) | 2024/2023         |
|---|------------|-------------------|
| Land and assets under construction (advances for tangible assets) |            | are not amortized |
| Buildings (real estate)   |            | 8-67              |
| Equipment/facilities  |            | 2-67              |
| Leasehold improvements  |            | 15-67             |

Subsequent expenditures are capitalised, only if it is probable that these will result in the increase of future economic benefits and if the cost of the asset can be reliably measured. The carrying amount of any replaced

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 3 – MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.5 Property, plant and equipment (continued)**

part is de-recognised. All other expenditure is recognised in the statement of comprehensive income as an incurred expense or maintenance cost in the financial period in which they occur.

**The residual value** of an asset is the estimated amount that the Group or the Company would currently obtain from the disposal of the asset less the estimated costs of disposal, if the asset were already of the age and in the condition expected at the end of its useful life. The residual value of an asset is nil if the Group or the Company expect to use the asset until the end of its useful life. The assets' residual values and useful lives are assessed, and adjusted if appropriate, at each balance sheet date. An asset's carrying amount is impaired to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These are included in 'other gains/(losses) – net' in the statement of comprehensive income.

*(ii) Assets which are subject to the concession arrangement*

The Company has a signed long-term concession agreement for the provision of port services, which represent most of the revenues generated by the Company. Current concession arrangement involves transfer of the operating rights over the Luka Ploče for a limited period of time, under the control of local port authorities, using the specified asset (port infrastructure) or assets constructed by the Company during the term of the concession arrangements, or received by the Company for a fee or free of charge.

This arrangement defines the "public service obligations" of the Company in exchange for a fee. The fee is based on the operating conditions, continuity of services, regulation of prices and obligations related to the maintenance/replacement of the port infrastructure. The agreement sets forth the terms and conditions governing the transfer of port infrastructure to the local port authority or concessionaire successor upon expiry.

*Maintenance expenses*

Maintenance expenses relating to assets that are part of the concession arrangement are recognised as an expense when incurred, within the statement of comprehensive income and are reported within the cost of materials and services used.

*Capital expenditure in the area under concession*

Capital investments in the port infrastructure, made in accordance with the terms of the concession agreement, are recognised as assets within the appropriate class of property, plant and equipment and are recorded at cost less accumulated depreciation and any accumulated impairment losses. Acquisition cost includes expenditure that is directly attributable to the acquisition of assets.

In the case where the asset is transferred to the local port authority (the grantor) upon the expiration of the concession arrangement, the depreciation of that asset is calculated using the straight-line method to allocate the acquisition cost, reduced by the residual value of the asset, over the shorter of the estimated useful life and the remaining duration of the concession arrangement.

For assets that are not transferred to the grantor of the concession, depreciation is calculated in accordance with the depreciation policy of the PPE class to which the asset is classified, as explained in Note 3.5 (i)

**3.6 Investment property**

Investment property, principally comprising residential apartments, is held for long-term rental yields or appreciation and is not occupied by the Group or the Company. Investment property is treated as a long-term investment unless it is intended to be sold in the next year and a buyer has been identified in which case it is classified within current assets.

Investment property is carried at historical cost less accumulated depreciation and impairment losses, if any. The depreciation of investment property is calculated using the straight-line method to allocate cost over their estimated useful life of 66 years. There are no subsequent expenditures that are capitalized.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 3 – MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.7 Accounting treatment of leases – where the Group or the Company is the lessee**

**(i) IFRS 16 leases**

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group uses the definition of a lease in IFRS 16, based on which it assesses whether:

- the contract involves the use of identified assets - which may be determined explicitly or implicitly, and which should be physically separated or represent a predominant part of the capacity of the physically separated assets. If the supplier has a significant right of exchange, then the asset is not identified;
- the Group has the right to essentially all economic rights from the use of the property during the period of use; and
- the Group has the right to manage the use of the respective property. The Group has this right when it exercises management rights that are most relevant to changes in decisions as to how and for what purpose the assets are used. In the rare cases where a decision on how and for what purpose the assets in question are used is predetermined, the Group has the right to manage the use of the assets if:
  - the Group has the right to manage the assets; or
  - the Group has designed the asset in a manner that determines in advance how and for what purpose it will be used.

By analysing the Concession Agreement, the Group concluded that the concession area and related infrastructure assets represent a single integrated asset and that the Group realizes essentially all economic benefits from the use of these assets during the concession period.

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments (including fixed expenditures for infrastructure);
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 3 – MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.7 Accounting treatment of leases – the Group or the Company is the lessee (continued)**

**(ii) Other leases**

Liabilities related to expenditures for own assets (equipment) and maintenance, as well as payments of variable concession fee, do not constitute components related to lease in accordance with IFRS 16 and will therefore continue to be recognised in accordance with other relevant standards, primarily in accordance with IAS 16 *Property, Plant and Equipment*.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension, or termination option or if there is a revised in-substance fixed lease payment.

The group discloses right-of-use assets as part of tangible assets, and lease obligations as part of borrowings in the statement of financial position.

**(iii) Short-term leases and leases relating to low-value assets**

The Group has elected not to recognise right-of-use assets and lease liabilities for leases relating to low-value assets and those that are short-term. The Group recognises the lease payments associated with these leases as an expense on a linear basis over the lease term. These types of leases are limited and are not material.

**3.8 Accounting treatment of leases – where the Group or the Company is the lessor**

At inception or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, then the Group applies IFRS 15 to allocate the consideration in the contract.

The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other revenue'.

**3.9 Impairment of non-financial assets**

The carrying amount of non-financial assets of the Company and the Group, other than inventories and deferred tax assets, are assessed at each reporting date to determine whether any indication of impairment exists. If any such trigger exists, the recoverable amount of the asset is assessed. For intangible assets that have indefinite lives or that are not yet available for use, the recoverable amount is estimated at each reporting date.

An impairment loss is recognised if the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. Cash-generating unit is defined as the smallest group of assets that can be identified and generate cash flows that are independent from other assets and groups of assets.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 3 – MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.9 Impairment of non-financial assets (continued)**

Impairment losses are recognized in the statement of comprehensive income. Impairment losses relating to cash generating units reduce the carrying amount of the assets in the unit (group of units) on a pro rata basis.

The recoverable amount of an asset or cash-generating unit is the higher of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that suggest that the loss no longer exists or has decreased. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only if the carrying amount of an asset does not exceed the carrying amount that would have been determined, net of depreciation, and impairment losses on assets not recognised.

**3.10 Inventories**

Inventories relating to raw materials, trading goods and spare parts are recorded at the lower of cost and net realisable value. Net realisable value is defined as the estimated selling price in the ordinary course of business less the forecasted costs of completion and estimated expenses to facilitate the sale. Inventories relating to trading goods are recorded at net realisable value. Inventories are measured using the weighted average method.

**3.11 Trade receivables and loans given**

Trade receivables and loan given are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, if significant, if not at nominal value less provision for impairment. The amount of the provision is recognised in the statement of comprehensive income within the category of "Impairment of receivables - net". Subsequent recoveries are recorded in the statement of comprehensive income within the category of 'impairment of receivables - net'.

**3.12 Financial assets**

**(i) Recognition and Initial Measurement**

Trade receivables are initially recognised when they are originated. All other financial assets are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

- Receivables from customers without a significant financing component are initially measured at the transaction price.
- The Company owns shares in a listed company in which its holding does not exceed 20%. The related financial assets are measured at Fair value through profit or loss (FVTPL). These are not material for the Company. Refer to Note 5 "Fair Value Estimation" for detail.

**(ii) Classification and subsequent measurement**

At initial recognition, financial assets are classified as measured at:

- amortized cost;
- or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the business model objective is to hold the assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

**NOTE 3 - MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.12 Financial assets (continued)**

Trade receivables relate to the business model held for collection and are measured at amortised cost. Financial assets held for trading purposes or managed and valued on the basis of their fair value are measured at FVTPL.

*Assessment of whether the contracted cash flows constitute only principal repayments and interest*

For the purposes of this assessment, 'principal' is defined as the fair value of a financial asset at initial recognition. 'Interest' is defined as a fee for the time value of money, credit risk associated with the period of time in which the remaining part of the principal is repaid, and other underlying risks and costs of lending (e.g. liquidity risk and administrative costs), as well as for profit margin. When assessing the basic criterion, namely whether the contractual cash flows constitute solely principal and interest payments, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual condition that could change the time of exercise or the amount of contractual cash flows in such a way that the underlying criterion would not be met.

The structure of financial assets of the Group is simple as it primarily relates to trade receivables with no significant financing component and short-term bank deposits, letters of credit and cash and cash equivalents. This facilitates and minimizes the complexity of the assessment of whether or not the financial assets meet the basic criterion of representing 'solely payments of principal and interest'. In addition, the Group does not have any separate business models for financial asset management, and because of its simplicity, it manages its through regular business operations.

*Subsequent measurement and gains and losses*

The table below provides an overview of key features of the accounting policy that the Group applies with respect to subsequent measurement of financial assets and recognition of gains and losses per each type of financial asset:

|   |   |
|---|---|
| <b>Financial assets at FVTPL</b>          | These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.  |
| <b>Financial assets at amortized cost</b> | These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment losses are recognized in profit or loss. Any gain or loss on derecognition is recognised in profit or loss. |

(iii) **Derecognition**

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or when it transfers the rights to receive the contractual cash flows in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all the risks and rewards of ownership and it does not retain control of the financial asset.

When the Group enters into transactions whereby it transfers financial assets recognised in its statement of financial position but retains either all or substantially all the risks and rewards of the transferred assets, the transferred assets are not derecognized.

**3.13 Financial liabilities**

(i) **Recognition and initial measurement**

Financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

Financial liabilities are initially measured at fair value including transaction costs that are directly attributable to its acquisition or issue.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 3 - MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.13 Financial liabilities (continued)**

(ii) Classification and subsequent measurement

The Group measures financial liabilities at amortised cost using the effective interest rate method. Interest expense and exchange rate losses are recognised within the statement of comprehensive income. Any gains or losses at derecognition are also recognised within the statement of comprehensive income.

(iii) Derecognition

The Group derecognises financial liabilities when its contractual obligations are discharged or cancelled or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in the statement of comprehensive income.

**3.14 Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

**3.15 Impairment of non-derivative financial assets**

*Recognition of loss allowances*

The Group recognises provisions for expected credit losses ("ECLs") on:

- financial assets measured at amortized cost;
- contract assets.

The Group recognises provisions for losses equal to ECLs throughout the entire duration of the asset's economic life. Provisions for ECLs relating to trade receivables without a significant financial component are always measured taking into account total ECLs throughout the entire duration of the economic life of those assets.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on financial assets (primarily receivables) has increased significantly if early warning indicators are activated in line with the Group's policy or the contractual terms of the instrument.

The Group considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realizing security (if any is held); or
- the financial asset is more than 365 days past due.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 3 - MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.15 Impairment of non-derivative financial assets (continued)**

*Measurement of ECLs*

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

*Credit impaired financial assets*

At each reporting date, the Group assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or considerable delays in payment of due receivables;
- it is probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for security because of financial difficulties.

*Presentation of allowance for ECL in the statement of financial position*

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

*Write-off of financial assets*

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. The Group generally expects no significant recovery from the amount written off.

**3.16 Cash and cash equivalents**

Cash and cash equivalents comprise cash in hand, deposits held with banks and other short-term highly liquid instruments with original maturities of three months or less.

**3.17 Borrowings**

Loans are initially recognised at fair value, reduced by transaction costs. In subsequent periods, loans are recognised at amortized cost; any differences between receipts (net of transaction costs) and the redemption value are recognised in the statement of comprehensive income during the term of the loan duration, using the effective interest rate method. Other loan related expenses are recognised as expenses.

Fees paid when arranging loans are recognised as transaction costs if it is likely that a portion or the entire loan will be drawn down.

Loans are classified as short-term liabilities, unless the Group or Company has an unconditional right to defer settlement for at least 12 months after the balance sheet date.

**3.18 Share capital**

The share capital consists of ordinary shares.

Share capital consists of ordinary shares. The consideration paid for repurchased own shares, including all directly attributable transaction costs (net of income tax), reduces the share capital that can be attributed to the Company's shareholders until the shares are either canceled or reissued

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 3 - MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.19 Taxation**

*(i) Income Taxes*

The Company and Group members are taxpayers according to the laws and regulations of the Republic of Croatia. According to Croatian law, the basis for calculating corporate income tax consists of the difference between income and expenses determined in accordance with the Law. Corporate income tax is calculated at a rate of 18% for the Company and the subsidiary Pločanska Plovidba d.o.o., and at a rate of 10% for the other subsidiaries.

*(ii) Deferred tax assets and liabilities*

The amount of deferred tax is calculated using the balance sheet method, on temporary differences between the tax base of assets and liabilities and their carrying amount in the financial statements. Deferred tax assets and liabilities are measured by tax rates expected to apply during the period when the assets will be reimbursed or liability settled, based on tax rates and tax laws, which are in force or partially applicable at the balance sheet date. A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which temporary difference can be utilized. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

*(iii) Value Added Tax (VAT)*

The Company and the Group are liable to submit VAT on a monthly basis. The IRS requires VAT to be settled on a net basis. VAT arising from sales and purchase transactions is recognised and reported in the statement of financial position on a net basis. In the event of impairment of trade receivables, the impairment loss is recorded at the gross amount of the receivable, including VAT.

**3.20 Employee benefits**

*(a) Pension obligations and post-employment benefits*

In the normal course of business through salary deductions, the Group or the Company make payments to mandatory pension funds on behalf of their employees as required by law. All contributions made to the mandatory pension funds are recorded as payroll expenses when incurred. The Group and the Company do not have any other pension schemes and consequently, have no other obligations in respect of employee pensions. In addition, the Group and the Company are not obliged to provide any other post-employment benefits.

*(b) Long-term employee benefits*

The Group and the Company recognise a liability for long-term employee benefits (jubilee awards) evenly over the period the benefit is earned based on actual years of service. The long-term employee benefit liability includes assumptions of the probable number of employees to whom the benefit will be payable, estimated benefit cost and the discount rate.

*(c) Short-term employee benefits*

The Group and the Company recognise a provision for bonuses where contractually obliged or where there is a past practice that has created a constructive obligation. In addition, the Group and the Company recognise a liability for unused vacation days at the balance sheet date.

*(d) Severance pay*

Severance pay obligations are recognised when the Group or Company terminates an employee's employment before the expected retirement date or when an employee decides to accept termination in exchange for compensation. The Group or Company recognises severance pay obligations when it has demonstrably assumed the obligation to terminate the employment of current employees, based on a detailed formal plan, without the possibility of withdrawal, or provides severance pay as a result of an offer to encourage termination of employment.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 3 - MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.20 Employee benefits (continued)**

Long-term employee benefits (severance pay upon retirement) are determined based on assumptions about the number of employees to whom such benefits will be paid, the estimated cost of those benefits, and the discount rate.

**3.21 Provisions**

Litigation provisions are recognised when: the Group or the Company has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured at the value of costs that are expected to be required to meet the obligation.

**3.22 Trade and other liabilities**

Trade and other liabilities are initially recognised at fair value and subsequently measured at amortised cost using the effective interest rate method.

**3.23 Earnings per share**

Earnings per share is determined by dividing the profit or loss attributable to equity holders of the Company by the weighted average number of participating shares outstanding during the reporting year, less treasury shares.

**3.24 Dividend distribution**

To date, the Company has not paid out dividends.

**3.25 Revenue recognition**

Revenue is measured on the basis of the fee specified in the contract with the customer, which is based on the prescribed tariff for port services. The Group recognises revenue when transfer of control occurs in relation to goods or services to customers. The transfer of control may take place continuously (revenue recognition over time) or on a specific date (recognition in time). Before revenue is recognised, the Group identifies both the contract and the various performance obligations contained in the contract. The number of performance obligations depends on the type of contract and activities. Specific criteria for revenue recognition for the Group's and the Company's activities is described below.

*(a) Revenue from port services*

The Company and Group's primary activity is providing port services: loading, unloading, handling of goods and storage services, transport, refinement and weighing of freight. Most of the Group's customer arrangements involve several separate services which have a stand-alone and reliably measurable value to the customer (based on the tariff) whereby each separate service has its own separate performance obligation. Prices of provided services are determined based on tariffs.

Revenue from services rendered is recognised in the statement of comprehensive income in proportion to the stage of completion of the transaction at the reporting date. The stage of completion is assessed on the basis of the actual service provided as a proportion of the total services to be provided (for instance, number of tons off or on loaded compared to total shipment size; or number of storage days elapsed compared to the total number of storage days contracted). The transfer of control of services usually takes place over time.

Contractual assets are recognised for contractual obligations which have been completed but are not invoiced at reporting date. Contractual assets are transferred to trade receivables when the rights become unconditional. This usually happens when the Group issues an invoice to the customer.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 3 - MATERIAL ACCOUNTING POLICY INFORMATION (continued)**

**3.25 Revenue recognition (continued)**

*(b) Revenue from sale of goods*

Revenue from sale of goods is recognised when the obligation in a customer contract (performance obligation) has been satisfied by transferring control over the goods to the customer which is usually when the Group delivers goods to the customer and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery does not occur until the products have been shipped to the specified location, the risks of loss have been transferred to the customer and the customer has accepted the products in accordance with the contract terms. Control over goods is usually transferred at a point in time.

The amount of revenue recognised is based on the price specified in the contract, net of estimated volume discounts and returns at the time of sale. Past experience is used to estimate the discounts and returns.

*(c) Interest income*

Interest income is recognised on a time-proportional basis using the effective interest rate method. The Group and the Company recognise interest income within the "Financial income / (expense) – net".

*(d) Dividend income*

Dividend income is recognised when the right to pay dividends has been established. The Company recognises dividend income within "Financial income / (expense) – net".

**The fair value of financial instruments**

The fair value of financial assets and financial liabilities are determined as follows:

- The fair value of financial assets and financial liabilities that are traded on active liquid markets, under standard conditions, is determined with reference to quoted market;
- The fair value of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models, based on discounted cash flow analysis using prices from observable current market transactions and prices offered for similar instruments.

Financial instruments held for collection in the normal operations are recognised at cost less amounts repaid. Fair value is determined as the amount at which the instrument could be exchanged between willing parties on an arm's length basis, except in the case of a forced sale or liquidation. The fair value of a financial instrument is the quoted market price, or the price that is obtained using the discounted cash flow.

On 31 December 2024, the carrying amounts of cash, short-term deposits, receivables, short-term liabilities, accrued expenses, borrowings and other financial instruments approximate their fair values due to the short-term nature of these assets and liabilities and because most of current assets and current liabilities carry a variable interest rate.

Management deems the fair value of the Group's long-term receivables related to investment properties to not materially differs from their carrying amount due to low market interest rates for same. Management regularly monitors the relevant market interest rates on similar assets in order to assess the validity of this assumption.

At the reporting dates, the carrying amount of bank loans and other loans approximates their fair value because most of these loans have a variable interest rate or a fixed interest rate which approximates current market interest rates.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

**NOTE 4 – FINANCIAL RISK MANAGEMENT (continued)**

**4.1 Financial risk factors (continued)**

The activities carried out by the Group and the Company expose them to various financial risks: market risk (currency risk, price risk, cash flow risk, interest rate risk), credit risk and liquidity risk. The Company and the Group implement appropriate policies and procedures for managing individual risks, and the manner of managing these risks is specifically prescribed and documented by policies and procedures. The Company accepts that these risks are part of the normal course of business and that it is necessary to react to them in a timely and appropriate way in order to be able to make quality decisions to secure and grow business operations.

(a) *Market risk*

(i) *Currency risk*

The Group and the Company are exposed to currency risk arising from revenues generated and purchases from non-EU countries in US dollars (USD). As such, variances in exchange rates between the US dollar and the euro can have an impact on future business results and cash flows.

An overview of the value of the Group's and Company's financial assets and liabilities denominated in foreign currencies as at 31 December 2024 and the maximum impact on profit before tax assuming that all other indicators remain unchanged:

(a) *Market risk (continued)*

(i) *Currency risk (continued)*

**Luka Ploče d.d.**

| <b>Currency</b> | <b>Assets</b>                | <b>Liabilities</b> | <b>Net assets/(liabilities)</b> | <b>% change in currency</b> | <b>Effect on profit before tax</b> |
|-----------------|------------------------------|--------------------|---------------------------------|-----------------------------|------------------------------------|
|                 | <i>(in thousands of EUR)</i> |                    | <i>(in thousands of EUR)</i>    | <i>%</i>                    | <i>(in thousands of EUR)</i>       |
| USD             | 873                          | -                  | 873                             | 3%                          | 26                                 |

The reported impact on post-tax profit is primarily due to losses/gains from exchange rate differences on the conversion from USD for customer receivables and cash and cash equivalents. During 2024, the Group and the Company used derivative instruments to actively hedge against currency risk exposure. The Company made a one-time purchase of a foreign exchange forward contract through the OTC market, which hedged against the currency risk of the dollar strengthening against the euro at the spot exchange rate at the time of purchase. The Company realized gains from the foreign exchange forward contract amounting to 148 thousand euros (note 12).

(ii) *Interest rate risk*

The interest rate risk of the Group and the Company arises from long-term loans. Loans granted at variable rates expose the Group to cash flow interest rate risk. Loans granted at fixed rates expose the Group to fair value interest rate risk.

Exposure to interest rate risk through borrowings at variable interest rates is as follows:

|                                       | <b>Luka Ploče Group</b>      |             | <b>Luka Ploče d.d.</b>       |             |
|---------------------------------------|------------------------------|-------------|------------------------------|-------------|

| Effect of interest rate increase on profit before tax | +1%                             | (38)                         | (49)         | (37)                         | (47)         |
| Effect of interest rate decrease on profit before tax | -1%                             | 38                           | 49           | 37                           | 47           |

As at 31 December 2024, long-term loans are linked to a fixed interest rate and variable EURIBOR.

The Group and the Company do not use derivative instruments for active protection against exposure to cash flow interest rate risk and fair value interest rate risk.

The Group and the Company continuously monitor changes in interest rates. Different situations are simulated, taking into account refinancing, restoration of the current situation as well as alternative financing. Based on these situations, the Group and the Company calculate the impact of interest rate changes on the profit and loss account.

**NOTE 4 – FINANCIAL RISK MANAGEMENT (continued)**

**4.1 Financial risk factors (continued)**

*(ii) Interest rate risk (continued)*

*(b) Credit risk*

The Group's and the Company's assets that may potentially lead to credit risk, primarily include cash and cash equivalents, deposits, trade receivables, receivables from employees and other receivables. The collection of the Group's and the Company's trade receivables is additionally secured by goods, while receivables from employees are secured by salary deductions.

The largest part of the Group's and the Company's business is related to co-operation with known customers, while a small part of the business is related to new customers. The Group's top five customers generated approximately 88,3% of the total sales revenue (2023: 84.1%), of which the two largest customers with the largest impact on the Group's and the Company's revenue have 80,6% of the total revenue in 2024 (2023: 69,2%) The Group and the Company manage credit risk through the analysis of key customers, the implementation of appropriate protection measures in contracts and through continuous communication with customers and liens on goods and their shipment.

The Group and the Company mainly keep their cash and deposits with financial institutions in Croatia. According to Standard & Poor's, these banks have the following credit rating:

| <b>Group</b>   | <b>2024.</b>                 | <b>2023.</b>  |

|  | <b>21,365</b>                | <b>17,590</b> |

No terms were changed during the past year for any fully recoverable financial asset.

Other banks without credit ratings are high-quality Croatian banks

*(c) Liquidity risk*

A prudent liquidity risk management implies maintaining a sufficient amount of cash, ensuring the availability of financial resources by an adequate amount of agreed credit lines and the ability to settle all liabilities. The Group and the Company's objective is to maintain the financing flexibility by ensuring available credit lines. The Finance Department regularly – on a daily basis - monitors the level of available cash fund.

The following tables detail the Group's and the Company's remaining contractual maturities for its financial liabilities. These amounts represent undiscounted cash flows from both principal and interest perspective.

Trade and other payables as well as short-term borrowings are due within 12 months after the balance sheet date, while the maturity of long-term borrowings is disclosed in Note 30.

The Company's and the Group's financial assets in the amount of 43.938 thousand euros and 41.567 thousand euros, respectively, mainly relate to deposits, cash and receivables which are short-term in nature. This indicates that the Company and the Group have sufficient liquidity in the short term.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 4 – FINANCIAL RISK MANAGEMENT (continued)**

**4.2 Operational risk management**

The Group is primarily exposed to the risk of sales concentration. For more details on exposure to this risk and how it is managed refer to Note 7.

**4.3 Capital risk management**

The Group and the Company monitor capital in accordance with the laws and regulations of the countries in which they operate. Croatian laws and regulations require minimum paid in capital of 25,000 euro for joint stock companies and 2,500 euro for limited liability companies. Owners do not require any specific measures regarding capital management. The Group has no obligation to comply with capital requirements imposed externally. Furthermore, there are no capital targets that are monitored internally.

NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

NOTE 5 – ESTIMATION OF FAIR VALUE

The Company adopts a series of accounting policies and disclosures that require fair value measurement for financial and non-financial assets and liabilities. The Company has an established control framework with respect to fair value measurement which assumes the overall responsibility of the Management Board in relation to the monitoring of all significant fair value measurements, consultation with external experts and the responsibility to report, with respect the above, to those charged with corporate governance.

Fair values are measured using information collected from third parties in which case the Board and the finance department assess whether the evidence collected from third parties supports the conclusion that such valuations meet the requirements of IFRS, including the level in the fair value hierarchy where such valuations should be classified.

All significant issues related to fair value estimates are reported to the Supervisory Board and the Audit Committee. Fair values are categorized into different levels in the fair value hierarchy based on the input variables used in the valuation techniques as follows:

- *Level 1* - quoted prices (unadjusted) in active markets for identical assets or liabilities.
- *Level 2* - inputs other than quoted prices included in level 1, that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- *Level 3* - input variables for assets or liabilities that are not based on observable market data (unobservable inputs)

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

If one or more significant inputs are not based on observable market data, the fair value estimate is included in level 3.

The following table presents the Group's and the Company's assets at fair value as at 31 December 2024 and 2023:

| <i>(in thousands of EUR)</i> | <b>Level 1</b> | <b>Level 2</b> | <b>Level 3</b> | <b>Total</b> |
|------------------------------|----------------|----------------|----------------|--------------|
| <b>31 December 2024</b>      |                |                |                |              |

NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

---

NOTE 6 – KEY ACCOUNTING ESTIMATES

Estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group and the Company make estimates and assumptions related to the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

*(a) Service Concession Arrangements*

The European Union has adopted the interpretation of IFRIC 12 Service Concession Arrangements, which is effective for financial years beginning on or after 1 April 2009. A significant part of the Company's registered activities is carried out in the area under concession of the maritime domain. According to the Law on maritime domain and sea ports, the maritime domain is managed by the Port Authority Ploče, which is the grantor of the concession. The concession agreement for the old port was originally signed on 13 August 2005 for a period of 12 years, and was renewed in 2008, which extended the concession period for an additional 20 years, until 2037. The agreement on the extension of the concession was concluded on 24 May 2010. The concession agreement for the container terminal was signed on 18 January 2010 for a period of 32 years to 2042 with the possibility of extension for another 13 years until 2055. The bulk cargo terminal concession agreement was signed on 18 January 2010 for a period of 45 years until 2055. Concession Agreement refers to the port activities in a specific area (part of the port area of Ploče and port Metković), with the risk and responsibility of the operator (or the Company) and considering; technical regulations applicable to the activity, reconstruction, current and capital maintenance, construction, modernisation, reconstruction and growth in port services stipulated in the Law on maritime domain and seaports; the terms and conditions related to the license for the provision of port services and other requirements prescribed by the Port Authority of Ploče. According to the concession agreement, the operator will have the right to use the property that represents the port infrastructure ("relevant property") owned by Luka Ploče, which is found in the above-mentioned area for the provision of port services. The ownership rights of the relevant assets remain on the concession provider and those assets have not been recorded in the Company's books.

On 20 March 2023, the Company concluded a new concession agreement for the economic use of storage facilities 4a and 4b in the port of Ploče, with a total area of 4,146 m<sup>2</sup>. The concession is granted for a period of 15 years from the date of conclusion of the Contract, i.e. until March 20, 2038.

The concession agreement establishes obligations for reconstruction, investment, and maintenance of areas under concession. According to the concession agreement, the Operator has the obligation to cover all costs associated with the activity determined by the concession (energy, water, gas, postal and telephone services, waste disposal and similar related costs), as well as the cost of utilities, water charges, water preservation levies, insurance costs and various other charges arising from the use of the area under concession.

In addition to covering the costs associated with the concessions, the concession operator is obligated to pay to the Provider the annual concession fee consisting of a fixed fee per square meter of area under concession and a variable fee per ton for each type of cargo handles at the Port as well as variable compensation for the services of mooring and unmooring and acceptance and diverting of vessels.

Furthermore, in accordance with the concession agreement, operator shall make capital expenditures related to the maintenance / replacement of property within the port infrastructure in the area under concession (including PPE) in accordance with the predefined schedule (refer to Note 34 - Commitments and contingencies for further detail). The operator is obliged to return to the Provider "relevant property" (including investment in the relevant assets as stipulated in the concession contract) after the expiry of the concession and dismantle, at no cost, at the request of the Provider, any property in the concession area, if the Provider requires (currently, the Operator does not expect future costs arising from the dismantling).

At the reporting date, the Company is substantially owned by shareholders from the private sector. IFRIC 12 deals with public-to-private service concession agreements and considering the ownership structure, current concession arrangements represent a form of public-to-private service concession arrangements, and should, as such, be subject to the provisions of IFRIC 12 if the arrangement contains the characteristics defined in this interpretation.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 6 – KEY ACCOUNTING ESTIMATES (continued)**

*(a) Concession Arrangements (continued)*

Characteristics of concession arrangements that are defined and fall under IFRIC 12 are as follows:

- Obligation taken by the operator are in substance a public service
- The party that grants the contract (the Concession grantor) is a public sector entity, including governmental body or private sector entity to which the responsibility for the service has been transferred
- The operator is responsible for at least some of the management of the infrastructure and related services and does not merely act as an agent on behalf of the grantor
- The contract sets the initial prices to be levied by the operator and regulates price revisions over the period of the service arrangement.
- The operator is obliged to hand over the infrastructure to the grantor in a specified condition at the end of the period of the arrangement, for little or no incremental consideration irrespective of which party initially financed it.

One of the main factors that management considers in terms of the applicability of IFRIC 12 is a mechanism which regulates and revises price for the duration/term of the service agreement. The concession provider, under the current agreement has the right to regulate the maximum level of price that the Company may charge for providing services that are subject to the agreement by prescribing maximum fees and approving an application for the modification of fees or price tariffs proposed by the Company. However, due to the specifics of port location and prices of the supporting transport infrastructure, in order to maintain competitiveness and a satisfactory level of transactions, fees that are charged by the Company to its customers are continuously significantly below the maximum prescribed fees of the Port Authority of Ploče. In this regard, taking into account all relevant provisions of IFRIC 12, the Management Board applied the judgment and has assessed that, the mechanism of regulating and revising prices that is currently in practice has no essential characteristics of price regulation. The Company's management regularly monitors deviations between service fees charged to customers and maximum tariffs in order to determine if this assumption is still valid.

If the Management Board, during its monitoring of relevant elements of the current mechanism of price regulation, identifies substantial change in circumstances, which would make the above described mechanism relevant in representing the essential mechanism of price regulation, and if the Management Board assesses that such circumstances have a long-term characteristic, the Management Board will reassess and analyse the accounting treatment that is currently used and the possible applicability of IFRIC 12 in the context of the above substantial changes in the mechanism of price regulation.

In case that the Company changes its accounting policy in accordance with IFRIC 12, the Board expects that the changes would be implemented retrospectively, unless it would not be practical, and expects that the impact on the financial statements would be generally as follows: reclassification from property, plant and equipment to intangible assets in the amount relating to leasehold improvements owned by the Provider, the recognition of intangible and/or financial assets related to the "relevant property", which currently is not included in the Company's balance sheet and the recognition of revenue from construction and construction costs in the statement of comprehensive income related to investments in infrastructure owned by the Concession grantor.

In case of an accounting policy change, the Company will make the valuation and accounting model that will enable it to assess the amount and type of assets related to the application of IFRIC 12 (intangible assets, financial assets or combination of both) that need to be recognised in the statement of financial position and the expected structure and dynamics of the items associated with the application of IFRIC 12 which affect the future statements of comprehensive income of the Company. Currently, the Management Board has not quantified the possible impact of the potential application of IFRIC 12 since the change in the accounting policy, in this regard, is not considered to be likely.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 6 – KEY ACCOUNTING ESTIMATES (continued)**

*(b) Recoverability of property, plant and equipment*

On 31 December 2024, property, plant and equipment of the Group and the Company amounted to 57,540 thousand euro and 53,719 thousand euro respectively.

The Management Board conducts impairment tests on property, plant, and equipment when there are indications of impairment. The Company's operations are influenced by global market trends, particularly fluctuations in commodity prices that Luka Ploče d.d. handles for its clients. Over the past two years, the significant impact of sanctions on Russia has been evident globally, resulting in a substantial increase in the price of raw material and heightened volatility in capital markets. These factors continue to affect the global supply chain. Macroeconomic challenges are manifested in rising costs, supply-demand cycle disruptions, significant inflation, and a trend of increasing interest rates (compared to prior years before the sanctions were imposed). Although these risks persist, a reduced inflationary pressure has been noted on the Group's and Company's operations in 2024 (e.g., in terms of commodity prices). However, the influence of macroeconomic factors on the Group's, Company's, and our clients' operations remains tangible. Based on this assessment, the Management Board concluded that indicators of asset impairment were identified on 31 December 2024 and relevant impairment tests were performed accordingly.

Management estimates that the total assets located in the concession areas represent one cash-generating unit (CGU). The recoverable amount of this unified CGU is estimated using a present value technique based on a discounted cash flow model that requires a significant judgment in assessing the reasonableness of grouping assets into CGUs, the reasonableness of cash flow projections such as planned cargo throughput and tariffs, operating costs, capital expenditures and working capital as well as the determination of the appropriate discount rate.

The calculation of recoverable amount is based on business plans for the period of the concession agreements, including the use of the option to extend the concession for the container terminal until 2055, and is prepared taking into account future strategy and market trends that are of current and future interest to the Group (Bosnia and Herzegovina, Croatia, Italy).

Plans include assumptions of growth in cargo volume as follows:

- a decline in bulk cargo traffic in the old port at an average annual rate of 0.7% and at the bulk cargo terminal at a rate of 0.1%
- growth of general cargo volume in the old port and at the container terminal at an average annual rate of 7.6% and 2.3%, respectively;
- growth of liquid cargo volume at an average annual rate of 0.1%;

Plans include assumptions of growth in prices as follows:

- growth in the price of services for bulk cargo in the old port at an average annual rate of 0.8%, in the new bulk cargo terminal at an annual rate of 1%;
- growth in the price of services for general cargo in the old port at an average annual rate of 0.8%, at the container terminal at an average annual rate of 1%;

These estimated cash flows are discounted to their present value using a pre-tax discount rate of 10.6% (2023: 11.94%) which reflects the risk specific to the assets.

Management estimates that the carrying amount of property, plant and equipment as at 31 December 2024 is recoverable.

The Group and the Company considered the impact of reasonable changes in key assumptions and determined the following:

- A 1% reduction in the average annual growth rates of volume turnover over the entire duration of the concession agreements would result in the need for impairment of property, plant and equipment in the amount of 538 thousand euro
- An increase in the discount rate by 1% would not result in the need to reduce the value of property, plant and equipment.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

**NOTE 7 – OPERATING SEGMENTS**

Management separately monitors and discloses operating revenues, profit from operations, capital expenditures, total assets and total liabilities as follows:

1. Port services segment consists of cargo handling (loading, unloading, transportation, refinement, weighing of freight) and represents the parent Company.
2. Marine services segment provides freight forwarding and various vessel handling services to users of port services.
3. Trading segment deals with sale of materials and goods from the free zone of the Port Ploče.
4. Other business segments relate to the Group's ancillary business activities (maintenance, restaurants and similar and investments in financial assets (deposits)).

The segment results for the year ended 31 December 2024 are as follows:

| Other                    | 2,031                 | 2,175         | 1,815                 | 1,770         |
| <b>Total</b>             | <b>99,643</b>         | <b>76,934</b> | <b>96,991</b>         | <b>74,428</b> |

Concentration risk relating to sales revenue

The Group generates 18% (2023: 25.6%) of revenue from sales to domestic customers while 82% (2023: 74.4%) of revenue is derived from sales to foreign customers (in terms of the geographical location of customers) which mainly relates to sales to customers from Bosnia and Herzegovina, which generate 4,5% of revenue (2023: 5.9%). The Group determines the selling price to customers in accordance with the macroeconomic conditions prevailing in each market where customers are located taking into account the maximum approved tariffs for services covered by the concession agreement.

Group revenue is substantially exposed to volatility due to the relatively high concentration of revenue to a limited number of customers. The top five customers of the Group generated approximately 88,3% of revenue (2023: 84.1%), of which two customers contributed 80,7% of revenue sales in 2024 (2023: 69.2%). With the two largest customers, the Group primarily trades in goods. As a result of its exposure to a limited number of customers, the Company manages this risk through active and frequent communication with key customers, acquisition of new customers and through monitoring of relevant competitors and market conditions both at local and international level.

|                            | <b>99,643</b>                | <b>76,934</b> | <b>96,991</b>                | <b>74,428</b> |

Bulk, general, and liquid cargo relate to port services in relation to the handling of those types of cargo for which the Group charges fees based on tons of cargo handled while other port services relate to storage, warehouse handling and other services related to the handling of other cargo types. Revenue from sale of goods relates to the sale of metallurgical coal.

Revenue segmentation by type of service is as follows:

|                            | Luka Ploče Group             |               | Luka Ploče d.d.              |               |

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

**NOTE 14 – INCOME TAX (continued)**

In accordance with Croatian regulations, the tax authorities may at any time, inspect any of the Group company's records within 3 years subsequent to the year in which the tax liability is reported and may impose additional tax assessments and penalties. The Group's Management is not aware of any circumstances which may give rise to a potential material liability in this respect.

Deferred Tax Assets ("DTA") and Deferred Tax Liability ("DTL") are recognized for any temporary differences up to the level that these amounts are likely to be realized through the Group and the Company's future taxable profits:

NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

NOTE 16 – PROPERTY, PLANT AND EQUIPMENT (continued)

Property, plant and equipment of the Group and the Company with a net carrying amount of 26,869 thousand euro (2023: 27,685 thousand euro) were pledged as a loan collateral.

As at 31 December 2024, right-of-use assets amounting to 4,366 thousand euro are included in the property value of the Company and the Group.

As of 31 December 2024, the acquisition cost of fully depreciated property, plant, and equipment amounted to 5,933 thousand euros for the Group and 5,575 thousand euros for the Company (as of 31 December 2023: 5,777 thousand euros for the Group and 5,522 thousand euros for the Company)

**Right-of-use property**

Equipment leases and concession agreements are recognised as right-of-use assets with the related liabilities from the date on which the leased assets become available for use by the Group.

The Group and the Company have shares in associates, of which the Company has a 49% investment in two associates in the amount of 10 thousand euro, whereas the remaining 51% is owned by the Port of Authority. The Port of Authority controls these associates given they are responsible for appointing the only member of the Management Board responsible for making operational decisions and given they are responsible for appointing the majority in the supervisory boards. The associates' principal activity is the protection and security of business premises. Transactions with associates are disclosed in Note 33. In 2024 the Group recognised a share of income in associates amounting to 30 thousand euro (2023: 17 thousand euro).

Basic financial information relating to the associates at the reporting date are as follows:

In previous years, the Company sold apartments to its employees on credit in accordance with legal regulations of the Republic of Croatia. The loans are repayable over a period of 20 – 35 years with an interest rate of 1% p.a. The loans are repaid regularly in monthly instalments. The loans are not discounted. The loans are secured by mortgages on the apartments. The Company is obliged to pay 65% of the received proceeds to the state budget. Loans given are denominated in euro.

*Expected credit loss (ECL) model*

For the calculation of expected credit losses, the Group and the Company prepare an impairment matrix. Loss rates are calculated based on the probability that the receivable will exceed 365 days post maturity and will not be collected subsequently. The probabilities of default (PD) and loss given default (LGD) are based on historical data for the last three years. Exposure at default (EAD) is adjusted for the estimated value of collateral.

As at 31 December 2024, the Group's and Company's probabilities of defaults were as follows: overdue receivables: 0.25% (2023: 0.13%), 1 to 30 days: 1.24% (2023: 1.16%), 31 to 90 days: 2.12% (2023: 2.20%), 91 to 180 days: 7.99% (2023: 9.79%), 181 to 365 days: 35.61% (2023: 37.88%) and over 365 days: 80.76% (2023: 79.93%).

Financial assets (trade receivables and guarantees) are denominated in the following currencies:

|     | <b>Luka Ploče Group</b>      |               | <b>Luka Ploče d.d.</b>       |               |

As at 31 December 2024, investments in listed companies where the Group's holding does not exceed 20% of ownership amounted to 42 thousand euro (2023: 38 thousand euro). Details relating to fair value assumptions are explained in Note 5. Financial assets at fair value through profit or loss are denominated in euro.

**NOTE 26 – LETTERS OF CREDIT**

As of December 31, 2024, the Group and the Company have no open letters of credit (2023: 49 thousand euros).

Letters of credit are denominated in the following currencies:

|     | <b>Luka Ploče Group</b>      |             | <b>Luka Ploče d.d.</b>       |             |
|-----|------------------------------|-------------|------------------------------|-------------|

| Small shareholders       | 83,349                  | 19.70                | 90,061                  | 21.29                |
| Mandatory pension funds  | 102,361                 | 24.20                | 102,361                 | 24.20                |
| Voluntary pension funds  | 32,216                  | 7.62                 | 32,216                  | 7.62                 |
| Financial institutions   | 19,358                  | 4.58                 | 34,745                  | 8.21                 |
| Treasury shares          | 1,719                   | 0.41                 | 1,719                   | 0.41                 |
| <b>Total</b>             | <b>422,967</b>          | <b>100.00</b>        | <b>422,967</b>          | <b>100.00</b>        |

As at 31 December 2024 Shareholders' equity amounted to 22,417 thousand euro (2023: 22,417 thousand euro) and consists of 422,967 ordinary shares (31 December 2023: 422,967 shares) with a nominal value of 53 euro (31 December 2023: 53 euro).

**Share Premium**

In 2011, the Company recognised a share premium of 11,966 thousand euro from newly issued shares. This premium was reduced by the costs associated with issuing new shares, amounting to 272 thousand euros. As at 31 December 2024, the share premium amounts to 11,694 thousand euro (2023: 11,694 thousand euro).

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

**NOTE 28 – CAPITAL AND RESERVES (continued)**

**Other reserves**

Other reserves at 31 December 2024 amounted to 6,430 thousand euro (2023: 6,430 thousand euro) in the Company and the Group. Treasury share reserves amounted to 1,040 thousand euro at 31 December 2024 (2023: 1,040 thousand) of which 142 thousand euro was used to acquire the treasury shares. Other reserves are distributable.

**Legal reserves**

Legal reserves in the amount of 1,123 thousand euro (2023: 1,123 thousand euro) were formed in line with Croatian law and must be built up to a minimum of 5% of the profit for the year until the total legal reserve reaches 5% of the Company's share capital. Legal reserves are not distributable.

**Treasury shares**

In 2011, the Company purchased 380 treasury shares at a price between 90 euro and 102 euro per share. In 2012, the Company purchased 626 treasury shares at a price between 73 euro and 81 euro per share. In 2013, the Company purchased 713 treasury shares at a price between 76 euro and 79 euro per share.

**NOTE 29 – EARNINGS PER SHARE**

Basic earnings per share is calculated by dividing the Company's net profit with the outstanding weighted average number of ordinary shares in issue during the year, excluding ordinary shares purchased by the Company and held as treasury shares. The basic earnings per share is equal to diluted earnings per share, since the Company did not issue any financial instruments that may dilute number of shares.

As at 31 December 2024 bank borrowings amounted to 9,699 thousand euro (31 December 2023: 10,693 thousand euro) and relate to a loan from HBOR that is denominated in euro, which bears a fixed interest rate of 3% and is secured by the Company's equipment.

The remaining portion of the Group's bank borrowings is denominated in euro, contracted at variable interest rate 1,95% linked to six-month EURIBOR and secured by the Group's movable assets.

In relation to long-term loans given to its employees for the purchase of apartments, the Company has recognised a liability for the repayment of 65% of all proceeds from the employees to the State budget (Note 21). These loans are denominated in euro.

**Leases**

The contractual maturity of leases at the reporting date is as follows:

***Leases arising from concession agreements***

The Company and the Group have concluded that liabilities related to the payment of fixed concession fees and infrastructure-related expenses are lease components, while the remaining liabilities that relate to expenditures for own assets (equipment) and maintenance, as well as payments of variable concession fees do not constitute lease components in accordance with IFRS 16 and will therefore continue to be recognized in accordance with other relevant standards, primarily in accordance with IAS 16 Property, Plant and Equipment.

The Company's and the Group's leases arising from concession agreements in the amount of 4,130 thousand euro are denominated in euro. As at 31 December 2024 and as at 31 December 2023, the average incremental borrowing rate applied was 3%.

Transactions with the Port Authority comprise utility expenditure. Transactions with associates comprise security of business premises. Transactions with Companies under common control of shareholders comprise insurance, electricity costs and transport costs. Expenses incurred to the Port Authority include variable concession fees amounting to 748 thousand euro (2023: 857 thousand euro). Lease liabilities related to the Port Authority as at 31 December 2024 amounted to 4,130 thousand euro (31 December 2023: 4,562 thousand euro).

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

**NOTE 34 – RELATED PARTY TRANSACTIONS (continued)**

*Key management fee*

Key management of the Company comprises 2 members of the Management Board (2023: 2) and 4 directors in the subsidiaries of the Group (2023: 3). Key management remuneration at a Group level amounted to 565 thousand euro (2023: 615 thousand euro), while for the Company it amounted to 422 thousand euro (2023: 437 thousand euro).

Key management pension contributions paid to mandatory pension funds for 2024 at a Group and Company level amounted to 83 thousand euro (2023: 88 thousand euro).

**NOTE 35 – COMMITMENTS AND CONTINGENCIES**

**Legal disputes**

The Group and the Company are the defendant and the plaintiff in several court proceedings arising from regular business operations. In the financial statements for the year ended 31 December 2024, litigation provisions were recognised amounting to 18 thousand euro.

**Commitments**

By signing concession agreements, the Company committed to invest in concession area and port handling equipment.

Scheduled investments in port handling equipment for the bulk cargo terminal was planned in two phases. Sub-phase A of the first phase was completed during 2019, while sub-phase B of the first phase in the amount of 13 million euro depends on the level of cargo throughput, i.e. when said reaches 3 million tons. The second phase of investment amounting to 7 million euro is planned when cargo throughput reaches eighty percent (80%) of the maximum annual capacity of 6.2 million metric tons. Financing for the first phase was sourced by means of a loan from HBOR and own funds.

Capital investments amounting to 8 million euro in the container terminal are planned once the Company reaches certain throughput-related conditions, i.e. when cargo throughput reaches at least 90 TEU.

Commitments under the concession agreement for the old port are as follows:

|                                | Up to 1 year | 1 to 2 years | 2 to 5 years | Over 5 years | Total        |
|--------------------------------|--------------|--------------|--------------|--------------|--------------|
| Capital investments (old port) | 406          | 1,714        | 2,738        | 3,036        | <b>7,894</b> |
|                                | <b>406</b>   | <b>1,714</b> | <b>2,738</b> | <b>3,036</b> | <b>7,894</b> |

Capital investments in the old port exclude capital expenditure for infrastructure already recognised under IFRS 16. In accordance with the signed agreements, dynamic investment plans are re-evaluated every year and may change. Luka Ploče d.d. has a general obligation under the Concession Agreement which is subject to continuous negotiations with Port Authority in respect to type and final value of investments during the concession period.

Excluding capital expenditure obligations under the concession agreement, the Group and the Company have an obligation to pay the variable portion primarily dependent on the quantities of cargo handled. The fixed part of the concession fee, including fixed expenses related to infrastructure, is recognised in accordance with the requirements of IFRS 16.

**NOTES TO THE SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

---

**NOTE 36 – EVENTS AFTER THE BALANCE SHEET DATE**

Events after the balance sheet date that do not affect the financial statements of the Company and the Group as of or for the period ended 31 December 2024, but are significant for the Company and the Group and were recorded in the period after 31 December 2024, until the date of issuance of this report are summarized below:

- On 31 January 2025, the repairs of the damaged railway were completed, and rail traffic resumed after nearly four months of disruption. The restoration of the railway has met all conditions for the normal dispatch of goods to customers in Bosnia and Herzegovina and Serbia, as well as the delivery of goods to the port of Ploče.
- The war in Ukraine and the current global geopolitical situation have caused instability in the commodity trading segment, making it impossible to conduct this activity without significant risks. Consequently, due to changed market conditions, the Company has decided to cease commodity trading activities until further notice. Revenue from the sale of goods in 2024 amounted to EUR 66,304 thousand, while the cost of goods sold was EUR 64,403 thousand, generating a profit of EUR 1,901 thousand. The volume of goods sold was 321 thousand tons. The Company informed investors and the public about this decision at the end of the first quarter of 2025.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS - GFI

Name of issuer: Luka Ploče d.d.

Personal identification number (OIB): 51228874907

Reporting period: 01.01.2024 - 31.12.2024.

Notes to the financial statements are to be drawn up in accordance with the International Financial Reporting Standards (hereinafter: IFRS) in such a way that they:

- a) present information about the basis for the preparation of the financial statements and the specific accounting policies used in accordance with the International Accounting Standard 1 (IAS 1),
- b) disclose any information required by IFRSs that is not presented elsewhere in the statement of financial position, statement of comprehensive income, statement of cash flows and statement of changes in equity,
- c) provide additional information that is not presented elsewhere in the statement of financial position, statement of comprehensive income, statement of cash flows and statement of changes in equity, but is relevant for understanding any of them.

(d) in the notes to the financial statements, in addition to the information stated above, information in respect of the following matters shall be disclosed:

1. issuer's name, registered office (address), legal form, country of establishment, entity's registration number and, if applicable, the indication whether the issuer is undergoing liquidation, bankruptcy proceedings, shortened termination proceedings or extraordinary administration
2. adopted accounting policies
3. the total amount of any financial commitments, guarantees or contingencies that are not included in the balance sheet, and an indication of the nature and form of any valuable security which has been provided; any commitments concerning pensions of the issuer within the group or company linked by virtue of participating interest shall be disclosed separately
4. the amount of advances and credits granted to the members of the administrative, managerial and supervisory bodies, with indications of the interest rates, main conditions and any amounts repaid, written-off or revoked, as well as commitments entered into on their behalf by way of guarantees of any kind, with an indication of the total for each category
5. the amount and nature of individual items of income or expenditure which are of exceptional size or incidence
6. amounts owed by the issuer and falling due after more than five years, as well as the total debts of the issuer covered by valuable security furnished by the issuer, specifying the type and form of security
7. average number of employees during the financial year
8. where, in accordance with the regulations, the issuer capitalised on the cost of salaries in part or in full, information on the amount of the total cost of employees during the year broken down into the amount directly debiting the costs of the period and the amount capitalised on the value of the assets during the period, showing separately the total amount of net salaries and the amount of taxes, contributions from salaries and contributions on salaries
9. the amount of the emoluments granted in respect of the financial year to the members of the administrative, managerial and supervisory bodies by reason of their responsibilities, and any commitments arising or entered into in respect of retirement pensions for former members of those bodies, with an indication of the total for each category
10. the average number of persons employed during the financial year, broken down by categories and, if they are not disclosed separately in the profit and loss account, the staff costs relating to the financial year, broken down between net salaries and wages, tax costs and contributions from salaries, contributions on salaries and other salary costs, excluding cost allowances
11. where a provision for deferred tax is recognised in the balance sheet, the deferred tax balances at the end of the financial year, and the movement in those balances during the financial year
12. the name and registered office of each of the companies in which the issuer, either itself or through a person acting in their own name but on the issuer's behalf, holds a participating interest, showing the proportion of the capital held, the amount of capital and reserves, and the profit or loss for the latest financial year of the company concerned for which financial statements have been adopted; the information concerning capital and reserves and the profit or loss may be omitted where the company concerned does not publish its balance sheet and is not controlled by another company
13. the number and the nominal value or, in the absence of a nominal value, the accounting par value of the shares subscribed during the financial year within the limits of the authorised capital
14. where there is more than one class of shares, the number and the nominal value or, in the absence of a nominal value, the accounting value for each class
15. the existence of any participation certificates, convertible debentures, warrants, options or similar securities or rights, with an indication of their number and the rights they confer
16. the name, registered office and legal form of each of the companies of which the issuer is a member having unlimited liability
17. the name and registered office of the company which draws up the consolidated financial statements of the largest group of companies of which the issuer forms part as a controlled group member
18. the name and registered office of the company which draws up the consolidated financial statements of the smallest group of companies of which the issuer forms part as a controlled group member and which is also included in the group of companies referred to in point 17.
19. the place where copies of the consolidated financial statements referred to in points 17 and 18 may be obtained, provided that they are available
20. the proposed appropriation of profit or treatment of loss, or where applicable, the appropriation of the profit or treatment of the loss
21. the nature and business purpose of the company's arrangements that are not included in the balance sheet and the financial impact on the company of those arrangements, provided that the risks or benefits arising from such arrangements are material and in so far as the disclosure of such risks or benefits is necessary for the purposes of assessing the financial position of the company
22. the nature and the financial effect of material events arising after the balance sheet date which are not reflected in the profit and loss account or balance sheet
23. the net income broken down by categories of activity and into geographical markets, in so far as those categories and markets differ substantially from one another, taking account of the manner in which the sale of products and the provision of services are organised.
24. the total fees for the financial year charged by each statutory auditor or audit firm for the statutory audit of the annual financial statements, i.e. annual consolidated financial statements, the total fees charged for other assurance services, the total fees charged for tax advisory services and the total fees charged for other non-audit services, total research and development expenditure as the basis for granting state aid.

Company Luka Ploče d.d.

The Company's financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as approved by the European Union (EU).

A summary of significant accounting policies is presented in Note 3 to the audited financial statements.

The Company also prepared consolidated financial statements as at 31 December 2024 and for the year then ended, in accordance with IFRS as approved by the EU for the Company and its subsidiaries (Group) which are approved by the Management Board.

The stand alone and consolidated financial statements including the detailed notes to the financial statements are published on the Company's website, on the Zagreb Stock Exchange website and in the Official Register of Prescribed Information (HANFA). Information that is required to be presented in accordance with IFRS and which is not presented in the financial position statement, statement of comprehensive income, statement of cash flows and statement of changes in equity, is disclosed in Notes 4 to 36 to the audited financial statements.

The name, registered office (address) of the issuer, legal form of the issuer, country of establishment, identification number of the entity and personal identification number are published on the "General Data" tab within this document and in Note 1 to the audited financial statements.

The adopted accounting policies are explained in Note 3 to the audited financial statements.

The Company does not have financial liabilities relating to issued guarantees or contingencies that are not included in the balance sheet. The Company has no pension liabilities.

The Company has no advance payments or loans issued to members of the administrative, management and supervisory bodies nor obligations agreed in their favour through any guarantees.

Liabilities maturing after more than five years are explained in Note 30 to the audited financial statements.

Lease liabilities arising from the application of IFRS 16 are disclosed in AOP 107 and AOP 123 and are explained in Note 30 and Note 35 to the audited financial statements.

In 2024, the Company employed an average of 382 employees. The Company monitors employees by category.

There was no salaries capitalization in 2024.

In 2024, members of the Management Board received a gross amount of 422 thousand euro on the basis of salary and annual bonus.

Members of the Supervisory Board are entitled to remuneration and during 2024 a total gross amount of 47 thousand euro was incurred.

Provisions for deferred tax, deferred tax balances at the end of the financial year and movements in these balances during the financial year are presented in Note 14 to the financial statements.

The Company has business relations with associates: Lučka sigurnost d.o.o. Trg kralja Tomislava 21, 20340 Ploče and Vizir d.o.o. Trg kralja Tomislava 21, 20340 Ploče. The Company has an ownership interest of 49% in each respectively.

Investments in subsidiaries and Investments in associates which are accounted for using the equity method, are explained in Note 19 and Note 20 to the audited financial statements, respectively.

There were no share subscriptions or equities transacted during the year relating to authorized capital. There are no multiple categories of shares. The Company has no certificates of participation, convertible debentures, guarantees, options or similar securities or rights.

The Company has no ownership stake in any companies with unlimited liability.

The consolidated financial statements of the Company (the Issuer) represent the largest group of companies. The Issuer is not a controlled member of any other group of companies.

The audited separate and consolidated financial statements for 2024 have been approved by the Supervisory Board. The proposal for distribution of profits has also been shared with the Supervisory Board.

Transactions with related parties are disclosed in Note 34 to the audited financial statements.

Post balance sheet events have been disclosed in Note 36 to the financial statements.

The Company's revenue is disclosed in Notes 7 and 8 to the audited financial statements.

Audit fees for the Company amounted to 33 thousand euro (refer to Note 9 to the audited financial statements).

Lease liabilities arising from the application of IFRS 16 are disclosed in AOP 107 and AOP 123 and are explained in Note 30 and Note 35 to the audited financial statements. The right-of-use assets are disclosed in AOP 011 and explained in Note 16 - PROPERTY, PLANT AND EQUIPMENT to the audited financial statements.

In order to reconcile the amounts presented in the standard form GFI-POD and the audited financial statements of the Company, the following should be taken into account:
