Notification of a €12 Million Investment in Mlinar's Burek Manufacturing Facility in Osijek

Mlinar, part of the BOSQAR INVEST Group (BOSQAR d.d. – ZSE: BSQR), is investing €12 million in a significant expansion of the production capacity at its burek manufacturing facility in Osijek.

This marks one of the company's largest single investments in production capacity in recent years and reflects Mlinar's commitment to meeting the continued strong growth in demand for burek across the markets in which it operates.

Upon completion of the investment, Mlinar will double the production capacity of its Osijek manufacturing facility while further enhancing production efficiency, supply chain flexibility, and readiness for continued growth in both existing and new markets. The investment will also create the conditions for stronger export growth in international markets beyond the region, where Mlinar already has an established sales presence.

Further information about the investment is available on the Group's website.
