COMMENT OF THE PRESIDENT OF THE MANAGEMENT BOARD

Darko Horvat

President of the

Management Board

The first quarter of 2025 was marked by significant strides for BOSQAR INVEST, both in the field of strategic positioning and in terms of sustainable development, international cooperation and corporate excellence.

Despite volatility in the realms of geopolitics and global financial markets, BOSQAR INVEST has shown high resilience with stable growth and increased revenues, which increased from EUR 87 million to EUR 126 million compared to the same quarter last year. Investments and acquisitions carried out in the last 12 months had a positive impact on financial results. EBITDA increased by 27%, reaching EUR 11 million, compared to the same period last year. Adjusted EBITDA increased by 29%, reaching EUR 14 million. These robust business results give us a strong tailwind for further market consolidation, development of existing and entry into new partnerships.

The M&A activities carried out in the first quarter of the year also resulted in the BPTO vertical of BOSQAR INVEST, Mplus, announcing the acquisitions of the BPO companies Conectart in the Czech Republic and Valoris in Romania in April. This is a great confirmation of the Group's buy-and-build strategy, through which we create regional business leaders. At the same time, and following the strategic direction of investment in the development of our own technological solutions within the Mplus tech division, we have successfully implemented several AI initiatives, including the implementation of AI Voice Real Time Translation, AI Chat BoTs, and AI Assistant solutions. By applying advanced artificial

intelligence models and automating key processes, we improve efficiency, reduce manual work and raise the quality of services. This approach opens up space for further growth, innovation and the digital transformation we strive for.

The first quarter also saw Panvita Group operating as part of BOSQAR INVEST, and we have already started activities related to strengthening teams, opening new markets and expanding the product range. In the second quarter of the year, we also expect the closing of our investment in Mlinar Group, which will mark a new phase of development of our Future Food vertical.

We are particularly pleased to highlight the new strategic partnership with MidEuropa, our long-term partner, which, in addition to representing an important step in further boosting regional development and expanding investment potential, also confirms the trust of leading international investors in the long-term value and strategic orientation of BOSQAR INVEST.

In accordance with the defined goals related to our sustainability-linked bond (SLB), we successfully implemented key activities as of December 31, 2024, achieving an overall reduction in Scope 1 and 2 emissions of 32%, significantly exceeding the planned reduction target of 25.2% by 2027. The stated result was achieved despite acquisitions that affected Group emissions. On the same date, women made up 48% of management teams, which is above the target value of 47% for the measurement year of 2024.

As part of our sustainability ambitions, we have formally joined the Croatian Business Council for Sustainable Development (HR PSOR), which we consider an important step in further strengthening corporate governance based on ESG principles. At the same time, by joining the SLO CRO Chamber of Commerce and Industry, we have further confirmed our strategic focus on intensifying economic cooperation between Croatia and Slovenia, thereby continuing to actively contribute to regional connectivity and economic development.

We are also proud of the awards we received in the first quarter of the year, which confirmed the quality and social responsibility of our business. BOSQAR INVEST entered the finals of the Grand PRix award in the category of Socially Responsible Business with its project of cooperation with HNK, and the Mplus group won a number of prestigious international awards and recognitions in the areas of customer support, sales and technological innovation.

We continued to invest in the development and education of employees in the field of corporate management and business compliance, while at the beginning of the year, new cycles of educational programs aimed at developing leaders and shaping concrete strategies for strengthening trust and cooperation within diverse and multicultural teams were launched. We are convinced that the continuous improvement of internal capacities, responsible management and strategic partnerships will serve as the basis of our long-term competitiveness and sustainable growth.

I would like to thank all our employees and partners for their commitment and trust. From year to year and from quarter to quarter, they enable us to realize excellent business results.

PERFORMANCE ANALYSIS

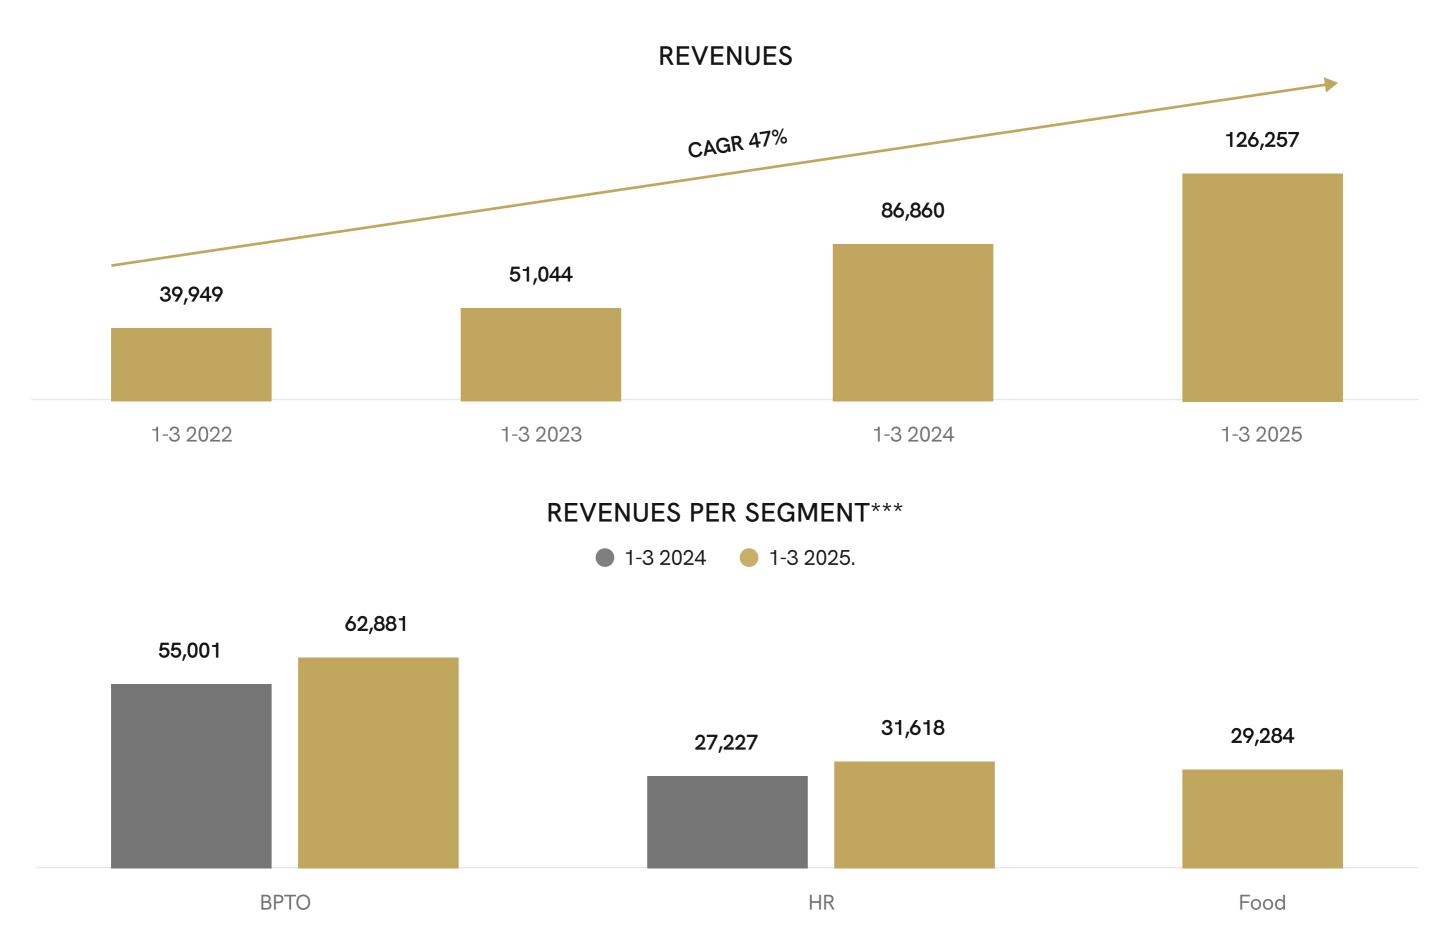

Key indicators of the Groups income statement*

(u EUR thousands)	1-3 2025	1-3 2024	Change	%
Revenues	126,257	86,860	39,397	45%
EBITDA	11,127	8,765	2,362	27%
Adjusted EBITDA**	13,833	10,757	3,076	29%
Profit before taxation	2,229	2,017	212	10%

^{*}from continued operations

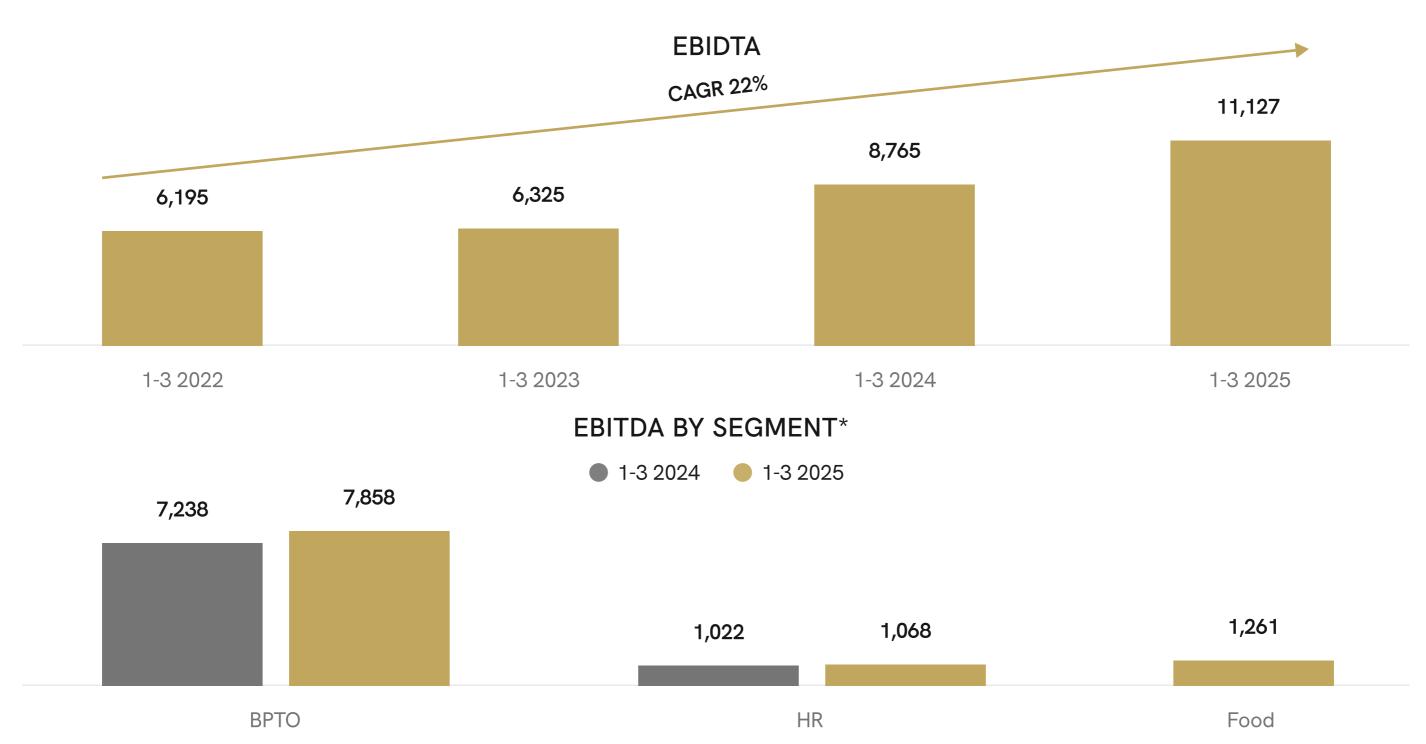

In the first quarter of 2025, Group operating revenues recorded a strong growth of 45% compared to the same period last year. In the last four years, the average growth is a strong 47%. The Group's largest industry vertical is the BPTO vertical with revenues of EUR 63 million, a growth of 14% compared to last year, the HR industry vertical reached revenues of EUR 32 million, a growth of 16% compared to 2024, while the Food vertical achieved revenues of EUR 29 million.

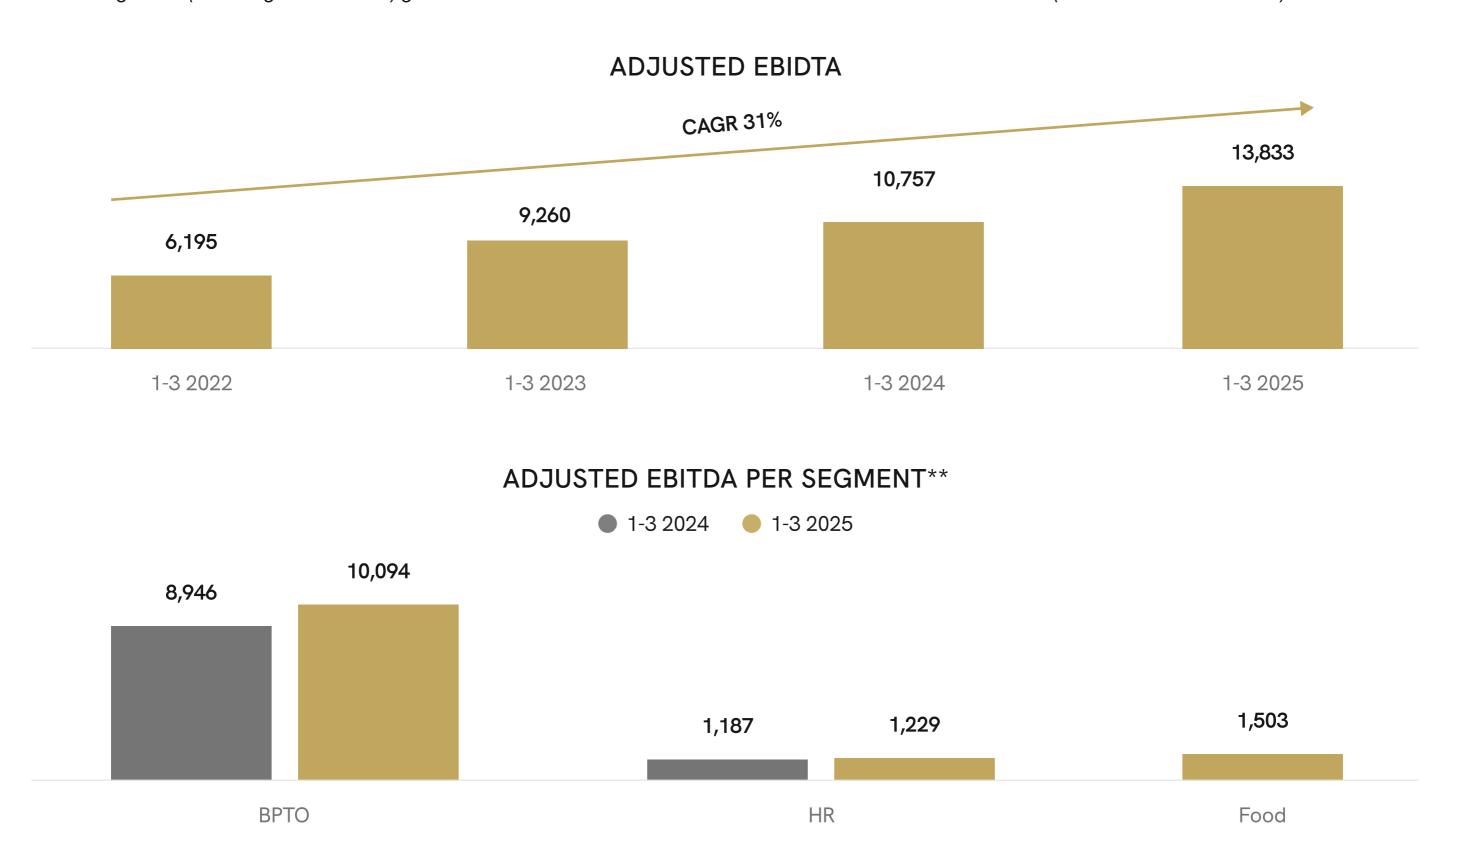

^{***} Other segments (including eCommerce) generated EUR 2,474 thousand in revenue in the first three months of 2025 (2024: EUR 4,632 thousand)

^{**}Adjustments relate to impacts that are considered one-off, i.e. they do not have repetitive characteristics and effects on revenues and expenses

Earnings before interest, taxes, depreciation and amortization (EBITDA), as well as adjusted EBITDA, grew by 27% and 29%, respectively, compared to 2023. Over a four-year period, the average annual growth of EBITDA amounted to 22%, while the adjusted EBITDA growth amounted to 31%, demonstrating a strong focus on the development of every aspect of the Group's business. The growth, compared to the previous year, was driven by the acquisition of Panvita Group and EBITDA growth in both the BPTO and HR business verticals, where the focus remained on further technology development, process optimization, and market expansion. The largest EBITDA adjustments related to one-time advisory costs, rental savings due to location reorganizations, and one-time severance costs. These adjustments primarily originated from the BPTO vertical.

*Other segments (including eCommerce) generated EUR 940 thousand in EBITDA in the first three months of 2025 (2024: EUR 505 thousand)

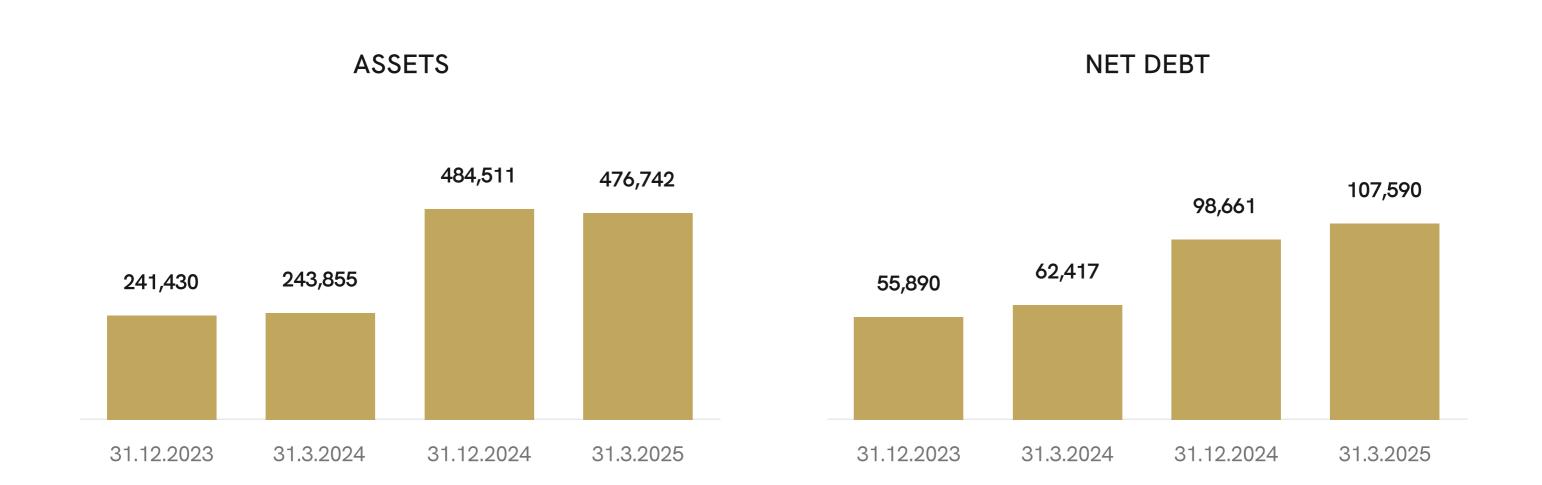

^{**}Other segments (including eCommerce) generated EUR 1,007 thousand in adjusted EBITDA in the first three months of 2025 (2024: EUR 624 thousand)

Key indicators of the Group's statement of financial position

(in EUR thousand)	31.03.2025	31.12.2024	Change	%
Assets	476,742	484,511	(7,769)	-2%
Equity	155,915	154,951	964	1%
Net debt	107,590	98,661	8,929	9%

Assets decreased by 2% compared to 31 December 2024, while net debt increased compared to 31.12.2024, which is largely a result of financing working capital in the traditionally seasonally less active part of the year. The cash position remains strong at EUR 87 million. Capital remained at similar levels.

Mplus (BPTO)

The Group's BPTO business vertical (Mplus) delivered excellent results in the first quarter of 2025.

All three Mplus components, MENA BPO, GCEE BPO and Mtech, continued the positive trends of 2024 during the first quarter of 2025. MENA BPO region achieved a strong start to 2025, continuing its consistent track record of financial and operational excellence, driven by strong performance across key clients, particularly in the banking and telecommunications sectors. The banking segment remained a key growth driver, supported by increased business stability and efficient workforce deployment. Telco clients also delivered strong results following the expansion of existing businesses. The ability of all people in the MENA region to closely align with client needs and maintain delivery excellence remains key to its continued momentum.

GCEE region in the BPO segment significantly outperformed expectations in the first quarter of 2025, driven by strong collaboration and alignment with key clients. Improved communication and operational cohesion have resulted in higher service quality, improved client satisfaction and the expansion of core partnerships. Key achievements included the implementation of new technologies on a larger number of clients,

nearshoring of large clients from the DACH region, successful reorganization of German operations.

MTech maintained strong momentum in the first quarter, with strategic deals and innovation-driven progress. Notable wins include a BuzzEasy voice contract to global companies and a successful start-up with a global industrial tools manufacturer, with further phases planned to include CRM and Al integration.

Across the Mplus Group, operational efficiency and cost control remained strong. The strategic pace of location expansion contributed to improved profitability. The Mplus Group closed the quarter with results exceeding forecast targets in revenue and EBITDA, reflecting healthy organic growth and operational maturity. Mplus also made a strong start with its operations in South Africa in the first quarter of 2025. The first large global clients were contracted and Mplus South Africa started delivering highly profitable services.

As we enter the second quarter, Mplus is well-positioned to maintain its upward trajectory, leveraging agility, customer focus and a resilient commercial approach.

LANGUAGES 32

Workplace (HR)

The first quarter of 2025 was marked by important strategic initiatives, operational improvements, and stronger alignment between departments and markets within Workplace.

While some markets faced external economic and political pressures, Workplace leveraged internal efficiencies and expert delivery to drive high-impact results in industries such as energy, automotive, finance, hospitality, and life sciences.

In Croatia, Q1 delivered a series of significant wins across multiple industries. The team secured a permanent position with an energy client, further strengthening Workplace's presence in the region.

Slovenia achieved strong momentum with high-value projects that shaped the country's long-term development. The successful onboarding of nine employees as part of a multi-year partnership with a European regulatory agency marked a significant milestone in its engagement with the public sector.

Serbia had an exceptionally dynamic quarter characterized by internal transformation and external success. Several strategic tools have been developed, including an internal application that streamlines workflow between sales, delivery and finance teams, and a document management system for the standardization of the sales cycle.

The recruitment team achieved all targets with outstanding performance, particularly in the core automotive sector.

The Bulgarian team recorded large volumes of deliveries and a significantly improved sales channel. The quarter marked the largest first-quarter shipments in three years for two major retail clients.

Hungary continued to have stable results in the first quarter, driven by strong delivery across all sectors, particularly the gaming sector.

Workplace's engagement with a leading company in the aviation sector further demonstrated Workplace's ability to recruit at scale.

The strong foundation built in the first quarter—through strategic wins, team reorganizations and service delivery innovations—positions
Workplace Group for further acceleration in 2025.

The momentum in cross-border talent mobility, public sector collaboration, and large workforces in key industries sets the tone for scalable success. Continuous investment in automation, talent development and process optimization will ensure that the Group remains agile, responsive and customer-focused in a rapidly evolving labor market.

Future Food (Food)

In the first quarter of 2025, the Future Food vertical continued with the consolidation and strategic positioning of key acquisitions within the Group, with a focus on the integration of the Panvita Group into all processes within the Bosqar Group.

In the primary sector, a comprehensive analysis of the effects of the previous production year was carried out and priorities were defined for the sowing season of 2025. The Panvita Agri team carried out a detailed optimization of the cultivation plans of more than 3,500 ha of land, with a special emphasis on the production of the necessary animal feed and sustainable crop rotation.

In the animal breeding sector, Q1 was marked by the revision of nutritional plans, the preparation of farms and the implementation of education in accordance with the new EU regulations for animal welfare.

The secondary segment – Panvita Mesnine and the AVE brand – is focused on the preparation of new products that will be presented to the market during the spring. In this context, the Panvita MIR team, listening to the market, developed six new products of the AVE brand in preparation for the barbecue season, which traditionally starts at the beginning of May in the markets where Panvita operates.

New products are marked by an important characteristic of today's consumers, namely that they are products

immediately ready for cooking, i.e. without prior preparation (eng. ready to cook).

In addition to the existing assortment, the new products will be a great addition to the assortment through all sales channels. In the context of sales channels, the presence on retail channels in Slovenia and Croatia has been strengthened, while an additional export strategy for the next quarters is being developed in parallel.

The export orientation towards Western Europe was confirmed with the contract signing with new customer in Austria. Thus, the quality products of the Panvita Group will be able to achieve an even greater "reach" through even more retail outlets in Austria.

In the second quarter, even greater growth is expected in all areas in which the Panvita Group operates, as it will be marked by strong holiday spending as well as the "barbecue season", which traditionally gains momentum in the second quarter of the year.

In the context of Mlinar Group, it is expected that all regulatory approvals could be achieved by the end of the second quarter of 2025.

Once the necessary approvals are obtained, the integration of the Mlinar Group's business processes into the Group processes within the Bosqar Group is expected in order to achieve the most optimal result for all stakeholders through synergistic effects.

Overview of key events for Q1 2025

BOSQAR INVEST and MidEuropa Announce Strategic Partnership to Foster Regional Development

In January, BOSQAR INVEST and MidEuropa, a European private equity investor with deep roots in Central Europe, announced closer cooperation moving forward. As part of the new, strategic partnership, they will work to identify new opportunities for joint investments in regional platforms that will become leading consolidators in their respective sectors, creating emerging champions and driving future growth in the region. The above is reflected in MidEuropa taking a strategic equity share in part of the food business vertical of BOSQAR INVEST, by contributing Mlinar Group to BOSQAR's food division. MidEuropa's strategic support in capital access, deal structuring, and fostering international growth, combined with BOSQAR INVEST's world-class investment and operational leadership team in the Adria region, will form the cornerstone of a robust model for nurturing regional business champions.

BOSQAR INVEST

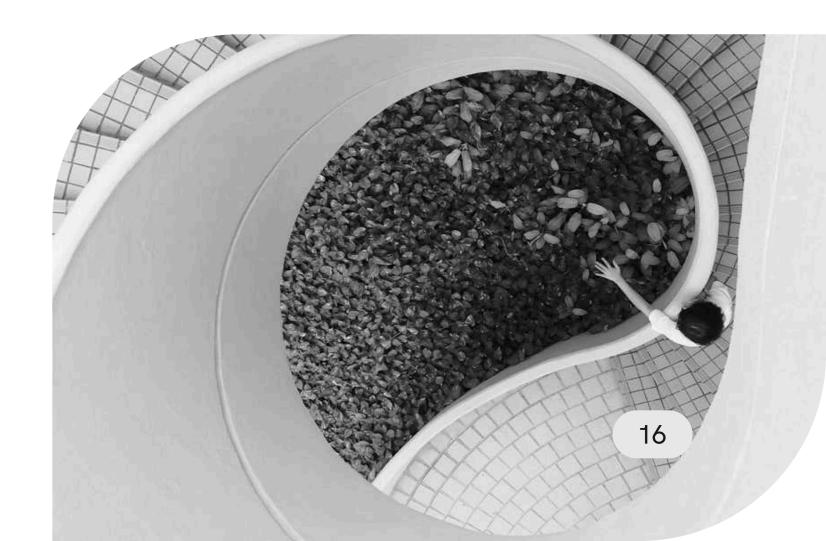

BOSQAR INVEST Achieves SLB Milestones

In March, BOSQAR INVEST published its Report on Performance Indicators of Sustainability-Linked Bonds as of December 31, 2024. BOSQAR issued its Sustainability-Linked Bond (SLB), the first of its kind in Croatia, in 2022. The EUR 40 million SLB was issued with a fixed annual interest rate and a five-year maturity period, linking financing costs directly to the achievement of sustainability key performance indicators (KPIs).

The two primary KPIs set in the SLB framework include decreasing Scope 1 and Scope 2 greenhouse gas emissions (GHG) and reaching a more balanced gender diversity in management teams.

As of December 31, 2024, BOSQAR INVEST has achieved a total reduction of Scope 1 and Scope 2 emissions by 32%, well ahead of the planned 25.2% reduction by 2027. This success comes despite acquisitions that altered baseline emissions. BOSQAR INVEST has also made strides in reaching a more balanced gender diversity in management teams. By December 31, 2024, women comprised 48% of management teams, surpassing the interim target of 47%.

You can find the full Report on Performance Indicators of Sustainability-Linked Bonds as of December 31, 2024, here.

Strategic Networking and Sustainability Initiatives

As part of its strategic commitment to sustainable growth and development, BOSQAR INVEST is taking concrete steps towards strengthening institutional cooperation and more active involvement in relevant professional platforms. By joining the Croatian Business Council for Sustainable Development (HR PSOR), BOSQAR further reinforced its commitment to sustainability and corporate responsibility. Membership in this relevant institution opens up space for more active participation in promoting sustainable development standards, as well as for the exchange of knowledge and experiences with leading stakeholders from various sectors.

BOSQAR INVEST also joined the SLO CRO Chamber of Commerce and Industry, therby confirming its strategic orientation towards supporting economic cooperation between Croatia and Slovenia. This initiative enables stronger positioning in the regional economic space and provides a framework for establishing new business partnerships, projects, and joint initiatives.

BOSQAR INVEST Named Finalist for Grand PRix Award in Corporate Social Responsibility

BOSQAR INVEST's Business&Culture project has been selected as a finalist for the prestigious Grand PRix Award, presented by the Croatian Public Relations Association (HUOJ), in the category of Corporate Social Responsibility. Developed in collaboration with the Croatian National Theatre in Zagreb, the project showcases the meaningful integration of the business sector with cultural institutions. It highlights the value of cross-sector cooperation in fostering a socially conscious and culturally engaged business environment. The recognition also underscores the role of transparent and responsible communication in corporate positioning, while serving as further encouragement to continue investing in initiatives of broader social significance.

Global Education Session on Corporate Management and Business Compliance

To ensure timely access to information and the exchange of best practices, BOSQAR INVEST organized an online education session titled "Corporate Management and Compliance: New Trends and Challenges". Renowned experts in the field presented current global trends, evolving regulatory requirements, and practical strategies for effective governance and compliance to participants from across the BOSQAR INVEST group. This initiative is part of the company's ongoing commitment to strengthening internal capabilities, fostering a culture of responsible management, and advancing sustainable business practices.

Mplus's Educational Programs

At the start of the year, Mplus kicked off a new cycle of educational programs, reaffirming its commitment to building a strong leadership culture and continuously investing in people and organizational development. Recognizing the pivotal role of organizational culture in driving efficiency, innovation, and employee engagement, the company hosted a two-day global Culture Workshop as part of the new Elevate 2.0 - Leadership Program. Inspired by insights from The Culture Map by Erin Meyer, the workshop brought together over 40 leaders from across Mplus to explore, define, and strengthen the company's culture through crosscultural collaboration and experience-sharing.

In parallel, Mplus launched the next iteration of its successful and award-winning Front Line Leaders Program 2.0, designed to support the development of team leaders. Delivered through Mplus Academy - the group's internal education platform - the program focuses on fostering a sustainable learning environment that emphasizes technology, innovation, the integration of AI, and excellence in leadership.

Through these two flagship initiatives, Mplus continues to invest in the capabilities needed for future success, reinforcing its vision of empowering people and cultivating a high-impact leadership culture.

Mplus Honored with Global Awards and Recognitions

Mplus has once again demonstrated its global excellence by receiving a series of awards in the areas of customer support, sales, and technological innovation.

At the renowned Stevie Awards - one of the most respected honors in the customer experience industry worldwide - Mplus earned six awards in the Sales and Customer Service category, including two Gold, two Silver, and two Bronze. These awards reflect the company's ongoing investment in service excellence, cutting-edge technology, and employee development, as well as its strong commitment to meeting the evolving needs of clients and end users.

In addition, Mplus was recognized by the leading global analyst firm NelsonHall as one of the top providers in the 2024 CX Services NEAT evaluation for innovation in the high-tech sector. This recognition highlights Mplus's capability to deliver advanced, scalable, and technology-driven solutions that generate real value for both partners and employees.

These achievements further solidify Mplus's position as a leader in the customer experience services industry and underscore the group's dedication to innovation, operational excellence, and global competitiveness.

Key Events After March 31, 2025

Mplus: Consolidating Market Position through Strategic Acquisitions in the CEE Region

During the first quarter, Mplus took significant steps in executing its growth strategy across Central and Eastern Europe, which culminated in with the announcement of two BPO acquisitions early April - Conectart in the Czech Republic and Valoris in Romania. These acquisitions, involving two companies with a combined enterprise value of EUR 14 million, will expand Mplus's operational footprint and strategically position the company for further market expansion.

With the acquisition of Conectart completed on April 15, Mplus acquired a majority stake of over 96%, while the remaining equity remains in the hands of Conectart's management.

Simultaneously, Mplus signed an agreement to

acquire a 100% stake of Valoris, currently held by two individual shareholders. The completion of this transaction is subject to regulatory approval.

Founded in 2006, Valoris employs 550 professionals in Romania and delivers multilingual BPO services across more than 55 projects in 12 industries. As a leading BPO provider in the Czech Republic, Conectart operates across 22 locations in the Czech Republic, Slovakia, and Poland, with a workforce of 1,200 employees.

The two acquisitions will not only enable the further deployment of advanced technologies developed within the Mplus vertical but also create significant value for clients, partners, and employees across the BOSQAR INVEST Group.

NOTES TO THE FINANCIAL STATEMENTS

Name:	BOSQAR d.d.
OIB:	62230095889
Reporting period:	January 1, 2025 - March 31, 2025

Notes to financial statements for quarterly period include:

a) explanation of business events relevant to understanding changes in the statement of financial position and financial performance for the reporting semi-annual period of the issuer with respect to the last business year: information is provided regarding these events and relevant information published in the last annual financial statement is updated (items 15 to 15C IAS 34 - Interim financial reporting):

In the report for the reporting period (cumulative) 1 January 2025 – 31 March 2025, the Group reported discontinued operations in accordance with classification of subsidiary as available for sale. The effects are presented in the statement of comprehensive income and the statement of financial position of the Group.

- c) a statement explaining that the same accounting policies are applied while drawing up financial statements for the semi-annual reporting period as in the latest annual financial statements or, in the case where the accounting policies have changed, a description of the nature and effect of the changes (item 16.A (a) IAS 34 Interim financial reporting)

 There were no changes in accounting policies compared to previous periods.
- d) a description of the financial performance in the case of the issuer whose business is seasonal (items 37 and 38 IAS 34 - Interim financial reporting) - n/a
- e) other comments prescribed by IAS 34 Interim financial reporting n/a

b) information on the access to the latest annual financial statements, for the purpose of understanding information published in the notes to financial statements drawn up for the semi-annual reporting period Access is provided via the official webpage:

(https://mplusgroup.eu/financial-reports).

26

In the notes to financial statements for quarterly periods, in addition to the information stated above, information in respect of the matters shall be disclosed:

1. undertaking's name, registered office (address), legal form, country of establishment, entity's registration number and, if applicable, the indication whether the undertaking is undergoing liquidation, bankruptcy proceedings, shortened termination proceedings or ex-traordinary administration

Name: BOSQAR d.d.

Adress: Ulica grada Vukovara 23, 10000 Zagreb

Legal form: Public Limited Company

Country: Croatia MBS: 81210030 OIB: 62230095889

2. adopted accounting policies (only an indication of whether there has been a change from the previous period)

There were no changes in the applied accounting policies compared to the previous reporting period.

- 3. the total amount of any financial commitments, guarantees or contingencies that are not included in the balance sheet, and an indication of the nature and form of any valuable security which has been provided; any commitments concerning pensions of the undertaking within the group or company linked by virtue of participating interest shall be disclosed separately There are no financial liabilities, guarantees or contingencies that are not included in the balance sheet. n/a
- 4. the amount and nature of individual items of income or expenditure which are of exceptional size or incidence n/a
- 5. amounts owed by the undertaking and falling due after more than five years, as well as the total debts of the undertaking covered by valuable security furnished by the undertaking, specifying the type and form of security

Of the total debts, EUR 47,425,823 is due after more than 5 years. Total debts to banks and financial institutions are covered by promissory notes and by collateral

- 6. average number of employees during the financial year: 15,020
- 7. where, in accordance with the regulations, the undertaking capitalized on the cost of salaries in part or in full, information on the amount of the total cost of employees during the year broken down into the amount directly debiting the costs of the period and the amount capitalized on the value of the assets during the period, showing separately the total amount of net salaries and the amount of taxes, contributions from salaries and contributions on salaries n/a
- 8. where a provision for deferred tax is recognized in the balance sheet, the deferred tax balances at the end of the financial year, and the movement in those balances during the financial year.

The amount of Deferred Tax Assets recognized is EUR 4,658,390 while Deferred Tax Liabilities are EUR 1,462,632.

- (5)
- 9. the name and registered office of each of the undertakings in which the undertaking, either itself or through a person acting in their own name but on the undertaking's behalf, holds a participating interest, showing the proportion of the capital held, the amount of capital and reserves, and the profit or loss for the latest financial year of the undertaking concerned for which financial statements have been adopted; the information concerning capital and reserves and the profit or loss may be omitted where the undertaking concerned does not publish its balance sheet and is not controlled by another undertaking n/a
- 10. the number and the nominal value or, in the absence of a nominal value, the accounting par value of the shares subscribed during the financial year within the limits of the authorized capital.

Paid-up and subscribed capital of BOSQAR d.d. has a total value of EUR 15,640,800 as of March 31, 2025, and is divided into 1,178,437 ordinary shares.

- 11. the existence of any participation certificates, convertible debentures, warrants, options or similar securities or rights, with an indication of their number and the rights they confer n/a
- 12. the name, registered office and legal form of each of the undertakings of which the undertaking is a member having unlimited liability.

The subsidiaries of the Group are listed on the home page of the consolidated TFI-POD form.

- 13. the name and registered office of the undertaking which draws up the consolidated financial statements of the largest group of undertakings of which the undertaking forms part as a controlled group member n/a
- 14. the name and registered office of the undertaking which draws up the consolidated financial statements of the smallest group of undertakings of which the undertaking forms part as a controlled group member and which is also included in the group of undertakings referred to in point 13 n/a
- 15. the place where copies of the consolidated financial statements referred to in points 13 and 14 may be obtained, provided that they are available n/a
- 16. the nature and business purpose of the undertaking's arrangements that are not included in the balance sheet and the financial impact on the undertaking of those arrangements, provided that the risks or benefits arising from such arrangements are material and in so far as the disclosure of such risks or benefits is necessary for the purposes of assessing the financial position of the undertaking n/a
- 17. the nature and the financial effect of material events arising after the balance sheet date which are not reflected in the profit and loss account or balance sheet n/a

STATEMENT OF THE

MANAGEMENT BOARD

Zagreb, April 25, 2025

Statement of the Management Board on responsibility for the financial statements

The unconsolidated financial statements of BOSQAR d.d. (the Company) and the consolidated financial statements of BOSQAR d.d. and its subsidiaries (the Group) are prepared in accordance with International Financial Reporting Standards (IFRS) which are adopted in EU and the Croatian Accounting Act.

The unaudited unconsolidated and consolidated financial statements of the Company and the Group for the period that ended March 31, 2025, provide a complete and true view of the assets and liabilities, profit and loss, financial position, and operations of issuers and companies included in the consolidation as a whole.

The Management Board's report for the period that ended March 31, 2025, contains a true and fair view of the development and results of the Company's and Group's operations with a description of the most significant risks and uncertainties to which the Company and the Group are exposed.

Darko Horvat

President of the Management Board

Tomislav Glavaš
