Notice pursuant to the Capital Market Act

Repair of AN/KAN-2 and NPK-1 production plants

Pursuant to the Rules of the Zagreb Stock Exchange, Petrokemija PLC hereby issues the following notice:

For safety reasons, in late February 2021 Petrokemija temporarily discontinued the production of ammonium nitrate due to the effects of the earthquake that occurred in December 2020.

In line with the developed and adopted technical solution, the first phase of restoring the production of ammonium nitrate will take place in late September 2021. This will enable the reproduction and marketing of a part of the range of products based on ammonium nitrate in the form of granular KAN.
