Each Prospectus comprises a base prospectus relating to non-equity securities for the purposes of Article 8 (6) of the Prospectus Regulation. In respect of each individual Series of Notes Final Terms will be filed with the notification office (*Meldestelle*) of the Austrian Control Bank (*Oesterreichische Kontrollbank AG*) as part of the notification to the issuance calendar (*Emissionskalender*) maintained with the Austrian Control Bank. Such filing of the relevant Final Terms to the Austrian Control Bank qualifies as a filing with the FMA as competent authority (Article 8 (5) of the Prospectus Regulation).

Each Prospectus is valid for 12 months after the approval of this Securities Note. The obligation by the respective Issuer to supplement each Prospectus in the event of significant new factors, material mistakes or material inaccuracies does not apply when the respective Prospectus is no longer valid.

Any decision to purchase the Notes should be made on a consideration of each relevant Prospectus as a whole (comprising this Securities Note and the respective Registration Document) and including the relevant Final Terms.

Each Prospectus is to be read in conjunction with any supplement to this Securities Note and/or the respective Registration Document and all documents which are incorporated by reference in the respective Registration Document (see the section "*Documents Incorporated by Reference*"). Such documents shall be incorporated in, and form part of the respective Prospectus, save that any statement contained in a document which is incorporated by reference therein shall be deemed to be modified or superseded for the purpose of the respective Prospectus to the extent that a statement contained therein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall, except as so modified or superseded, not constitute a part of the respective Prospectus. Full information on each Issuer and any Tranches of Notes is only available on the basis of the combination of the respective Prospectus as a whole (comprising this Securities Note and the respective Registration Document) and the relevant Final Terms.

No person has been authorised to give any information or to make any representation other than those contained in the respective Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuers or Erste Group Bank AG in its capacity as arranger of the Programme (in such capacity the "**Arranger**") or Erste Group Bank AG and Erste Bank der oesterreichischen Sparkassen AG in their capacities as dealers under the Programme or any additional dealer appointed from time to time under the Programme (together, the "**Dealers**" and each a "**Dealer**"). Neither the delivery of the respective Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuers or each or any Issuer and its subsidiaries and participations taken as a whole since the date hereof or the date upon which the respective Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuers or each or any Issuer and its subsidiaries and participations taken as a whole since the date hereof or the date upon which the respective Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. Any significant new factor, material mistake or material inaccuracy relating to the information included in this Securities Note which may affect the assessment of any Notes issued under the Programme and which arises or is noted between the time when this Securities Note is approved and the closing of the offer period of such Notes or the time when trading on a regulated market begins, whichever occurs later, will be included and published in a supplement to this Securities Note in accordance with Article 23 of the Prospectus Regulation.

The distribution of the respective Prospectus and the offering or sale of Notes in certain jurisdictions may be restricted by law. Persons into whose possession the respective Prospectus comes are required by the Issuers to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), and may include Notes in bearer form that are subject to U.S. tax law requirements. The Notes may not be offered, sold or delivered within the United States or to U.S. persons except in certain transactions permitted by U.S. tax regulations and the Securities Act. For a description of certain restrictions on offers and sales of Notes and on distribution of the respective Prospectus, see the section "*5. Subscription and Sale*".

None of the Prospectuses constitutes an offer of, or an invitation by or on behalf of any of the Issuers, the Arranger or the Dealers to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not independently verified the information contained in the respective Prospectus. Neither the Arranger nor any of the Dealers makes any representation, express or implied, or

accepts any responsibility, with respect to the accuracy or completeness of any of the information in the respective Prospectus. Neither the respective Prospectus nor any financial statements supplied in connection with the Programme or any Notes are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuers, the Arranger or the Dealers that any recipient of the respective Prospectus or any financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in the respective Prospectus or any financial statements and its purchase of Notes should be based upon any such investigation as it deems necessary. Neither the Arranger nor any of the Dealers undertakes to review the financial condition or affairs of the Issuers or each or any Issuer and its subsidiaries and participations taken as a whole during the life of the arrangements contemplated by the respective Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

Each Prospectus has been prepared on the basis that any offer of Notes in any member state of the EEA will only be made to the public pursuant to the rules under the Prospectus Regulation, or according to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that member state of Notes which are the subject of an offering contemplated in the respective Prospectus as completed by the relevant Final Terms in relation to the offer of those Notes may only do so:

- (i) (a) if a prospectus for such offer has been approved by the competent authority in that member state or (b), where appropriate, approved in another member state and notified to the competent authority in that member state, in either case published, all in accordance with the Prospectus Regulation,
- (ii) in circumstances in which no obligation arises for the respective Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer.

Except to the extent sub-paragraph (i) above may apply, neither the Issuers, nor the Arranger, nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuers, the Arranger or any Dealer to publish or supplement a prospectus for such offer.

Prospective holders of Notes (each a "**Holder**") should note that the tax legislation of the investor's member state and of the respective Issuer's country of incorporation may have an impact on the income received from Notes. Prospective Holders should consult their tax advisers as to the relevant tax consequences of the ownership and disposition of Notes. For the respective Issuer's country of incorporation a summary of selected tax aspects regarding the purchase, holding and disposal of the Notes is included in this Securities Note in section "6. *Taxation*".

MiFID II Product Governance

The Final Terms in respect of any Notes include a legend entitled "MiFID II product governance" which outlines the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**Distributor**") should take into consideration the target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance Rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR Product Governance

The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target

market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the respective Issuer, the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Prohibition of Sales to Retail Investors in the European Economic Area

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97, as amended (the "**IDD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No. 1286/2014, as amended (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. Notes issued by Česká spořitelna may not be offered, sold or otherwise made available to any natural person.

Prohibition of Sales to Retail Investors in the United Kingdom

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the "**FSMA**") and any rules or regulations made under the FSMA to implement the IDD, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA ("**UK MiFIR**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation. Notes issued by Česká spořitelna may not be offered, sold or otherwise made available to any natural person.

Stabilisation

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the relevant Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin at any time after the adequate public disclosure of the terms of the offer of the relevant Tranche of Notes and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

Benchmark Regulation Statement in relation to Administrator's Registration

Amounts payable under the Notes may be calculated by reference to a specific benchmark which is provided by an administrator.

As at the date of this Securities Note, the specific benchmark(s) are not yet determined. The relevant Final Terms may set out the name of the specific benchmark(s) and the relevant administrator. In such a case they will further specify if the relevant administrator appears or does not appear on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (ESMA) pursuant to Article 36 of Regulation (EU) 2016/1011, as amended (the "**Benchmark Regulation**").

1. RISK FACTORS

Prospective Holders of the Notes, which are the subject of the respective Prospectus and the relevant Final Terms, should consider the following risk factors, which are specific to the Notes and which are material for taking an informed investment decision and should make such decision only on the basis of the respective Prospectus as whole (comprising this Securities Note and the respective Registration Document), including the relevant Final Terms.

No person should acquire Notes without a thorough understanding of the mechanism of the relevant Notes and without being aware of the potential risk of loss. Any prospective Holder should carefully examine whether an investment in the Notes is appropriate given his or her personal circumstances and financial situation.

Prospective investors should also read the detailed information set out elsewhere in the respective Prospectus and should consult with their own professional advisers (including their financial, accounting, legal and tax advisers) and reach their own views prior to making any investment decision.

Words and expressions defined in the section entitled "3. Terms and Conditions of the Notes" shall have the same meanings in this section "1. Risk Factors".

The risk factors herein are organised into the following categories below depending on their nature (with the most material risk factors mentioned first in each of the following categories):

- 1.1 Risk factors relating to the structure of the interest rate of the Notes
- 1.2 Risk factor relating to the investment in the Notes
- 1.3 Risk factors relating to certain provisions of the Terms and Conditions of the Notes
- 1.4 Risk factors relating to Preferred Senior Notes
- 1.5 Risk factors relating to Non-Preferred Senior Notes
- 1.6 Risk factors relating to Subordinated Notes
- 1.7 Risk factors relating to tax and legal matters
- 1.8 Risk factors relating to the pricing of, costs associated with, market in and the settlement of the Notes
- 1.9 Risk factors relating to currencies
- 1.10 Risk factor relating to conflicts of interest
- 1.11 Risk factor relating to the use of proceeds

1.1 Risk factors relating to the structure of the interest rate of the Notes

Holders of Fixed Rate Notes are exposed to the risk that the market price of such Notes falls as a result of changes in the market interest rate.

A Holder of Fixed Rate Notes is exposed to the risk that the market price of such Notes falls as a result of changes in the market interest rate. While the nominal interest rate of Fixed Rate Notes as specified in the relevant Final Terms is fixed during the life of such Notes, the current interest rate on the capital market for issues of the same maturity (the "**market interest rate**") typically changes on a daily basis. As the market interest rate changes, the market price of Fixed Rate Notes also changes, but in the opposite direction. If the market interest rate increases, the market price of Fixed Rate Notes typically falls, until the yield of such Notes is approximately equal to the market interest rate. If the market interest rate falls, the market price of Fixed Rate Notes typically increases, until the yield of such Notes is approximately equal to the market interest rate.

Holders of Floating Rate Notes may be exposed to the risk of fluctuating interest rate levels which make it impossible to determine the yield of such Notes in advance, and are exposed to the risk of uncertain interest income.

Floating Rate Notes tend to be volatile investments. A Holder of Floating Rate Notes is exposed to the risk of fluctuating interest rate levels and uncertain interest income. Fluctuating interest rate levels make it impossible to determine the profitability of Floating Rate Notes in advance. Neither the current nor the

historical value of the relevant floating rate should be taken as an indication of the future development of such floating rate during the term of any Floating Rate Notes.

If Floating Rate Notes are structured to include floors, a factor, a margin or any combination of those features, the market price may be more volatile than those for Floating Rate Notes that do not include these features.

Fixed to Fixed Rate Notes and Fixed to Floating Rate Notes bear interest at a rate that converts from a fixed rate to a different fixed rate or from a fixed rate to a floating rate, respectively. A Holder bears the risk that after such conversion, the new interest rate may be lower than the then prevailing interest rates or the spread on the Fixed to Floating Rate Notes may be less favourable than the then prevailing spreads on comparable floating rate notes relating to the same reference rate(s).

Fixed to Fixed Rate Notes and Fixed to Floating Rate Notes bear interest at a rate that converts from a fixed rate to a different fixed rate or from a fixed rate to a floating rate, respectively. The conversion of the interest rate will affect the market price of the Notes. If the interest rate converts from a fixed rate to a different fixed rate, such fixed rate may be lower than the then prevailing interest rates payable on fixed rate notes. If the interest rate converts from a fixed rate to a floating rate, the spread on such Notes may be less favourable than then prevailing spreads on comparable floating rate notes relating to the same reference rate(s). In addition, the new floating rate may at any time be lower than the interest rates payable on other Notes. Furthermore, the risks set out above with regard to Fixed Rate Notes also apply in relation to the period for which a fixed rate of interest is being paid and the risks set out above with regard to Floating Rate Notes also apply in relation to the period for which a floating rate of interest is being paid.

The interest of Floating Rate Notes, Fixed to Fixed Rate Notes and Fixed to Floating Rate Notes will be calculated by reference to one or several specific benchmark indices which may or have become the subject of certain events (e.g. regulatory measures) that could have a material adverse effect on the market price of and return on any Notes linked to a Benchmark.

The interest of Floating Rate Notes, Fixed to Fixed Rate Notes and Fixed to Floating Rate Notes will be calculated by reference to one or several specific benchmark indices (each a "**Benchmark**" and together, the "**Benchmarks**") (including the Euro Interbank Offered Rate ("**EURIBOR**") or another Benchmark, each of which are provided by an administrator). Benchmarks are and/or will be the subject of ongoing national and international regulatory reform. Some of these reforms, such as the Benchmark Regulation, are already effective while others are still to be implemented. These reforms may cause an Original Benchmark Rate to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted.

The Benchmark Regulation could have a material impact on Notes linked to or referencing a Benchmark, in particular, including in any of the following circumstances:

- the administrator of the relevant Original Benchmark Rate could lose its authorisation as an administrator under the Benchmark Regulation and may not be able to obtain another form of registration under the Benchmark Regulation; or
- the methodology or other terms of the relevant Original Benchmark Rate could be changed in order to comply with the terms of the Benchmark Regulation, and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level, and could impact the Notes, including calculation agent determination of the rate.

If a Benchmark Event occurs, the respective Issuer shall use reasonable endeavours to appoint an independent advisor, which must be an independent financial institution of international repute or other independent financial advisor experienced in the international debt capital markets. Such independent advisor will be tasked with determining whether an officially recognised successor rate or an alternative rate, possibly after application of adjustments or spreads, can replace to the Original Benchmark Rate affected by the Benchmark Event.

If, prior to the 10th Business Day prior to the relevant Effective Date, no independent advisor is or can be appointed by the respective Issuer or if an independent advisor is appointed by the respective Issuer, but fails to determine a officially recognised successor rate or, as the case may be, an alternative rate, then the respective Issuer shall determine in its reasonable discretion (in consultation with the Calculation Agent) a successor rate or, as the case may be, an alternative rate, which, possibly after application of adjustments or spreads, shall replace the Original Benchmark Rate affected by the Benchmark Event.

Any such adjustments or spreads applied by the independent advisor or the respective Issuer, as the case may be, are intended to be applied in order to produce an industry-accepted replacement benchmark rate, however the relevant adjustments or spreads may not be successful in doing so and the relevant Series of Notes may still perform differently than if the original Benchmark had continued to be used.

If the independent advisor or the respective Issuer, as the case may be, determines a successor rate or an alternative rate, such rate will replace the previous Benchmark for purposes of determining the relevant interest rate. Such determination will be binding for the respective Issuer, the Fiscal Agent (if any), the Paying Agent(s) and the Holders. Any amendments pursuant to these fall-back provisions will apply from (and including) the Interest Determination Date or to the relevant Reset Determination Date, as applicable, selected by the independent advisor or the respective Issuer.

Uncertainty as to the continuation of the applicable Original Benchmark Rate and the rate that would be applicable in case of a Benchmark Event in relation to such Original Benchmark Rate may adversely affect the trading market and the market price of the relevant Series of Notes. The same risks as described above may also apply to any rate qualifying as a Benchmark that would replace the Original Benchmark Rate due to the application of the fall-back provisions under the relevant Series of Notes.

1.2 Risk factor relating to the investment in the Notes

Credit ratings of Notes (if any) may not adequately reflect all risks of the investment in such Notes, credit rating agencies could assign unsolicited credit ratings, and credit ratings may be suspended, downgraded or withdrawn, all of which could have an adverse effect on the market price and trading price of the Notes.

A credit rating of Notes may not adequately reflect all risks of the investment in such Notes. Credit rating agencies could decide to assign credit ratings to the Notes on an unsolicited basis. Equally, credit ratings may be suspended, downgraded or withdrawn. Any such unsolicited credit rating, suspension, downgrading or withdrawal may have an adverse effect on the market price and trading price of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the credit rating agency at any time.

1.3 Risk factors relating to certain provisions of the Terms and Conditions of the Notes

In the event that any Notes are redeemed prior to their maturity, a Holder of such Notes may be exposed to the risk that his investment will have a lower than expected yield.

The relevant Final Terms will indicate whether the respective Issuer may have the right to redeem the relevant Series of Notes prior to maturity (an optional call right) or whether a relevant Series of Notes will be subject to early redemption upon the occurrence of an event specified in the relevant Terms and Conditions of the Notes (an early redemption event). If the respective Issuer redeems a relevant Series of Notes prior to maturity or the Notes are subject to early redemption due to an early redemption event, a Holder of such Notes is exposed to the risk that, due to early redemption, its investment will have a lower than expected yield. The respective Issuer might exercise its optional call right if the yield on comparable Notes in the capital markets falls, which means that the Holder may only be able to reinvest the redemption proceeds in Notes with a lower yield or with a similar yield of a higher risk.

The Terms and Conditions of the Notes may provide for a right of early redemption by the respective Issuer only and thus, Holders usually receive a higher yield on their Notes than they would if they were also granted a right to early redeem the Notes reflecting the higher risk of early redemption the Holders of such Notes are exposed to. Excluding the Holders' right to redeem Notes prior to their maturity is often a precondition for the respective Issuer being able to hedge its exposure under the Notes. Thus, without early redemption by Holders being excluded, the respective Issuer would not be able to issue Notes at all, or the respective Issuer would factor the potential hedging break costs into the redemption amount of the Notes, thus reducing the yield Holders receive from the Notes.

In case of an early redemption of any Notes, there is a risk that Holders may not be able to reinvest proceeds from the Notes in such a way that they earn the same rate of return.

Holders may be subject to the risk that any return earned from an investment in the Notes may not in the event of an early redemption of any Notes be able to be reinvested in such a way that they earn the same rate of return as the redeemed Notes.

If the relevant Final Terms provide for resolutions of Holders, certain rights of a Holder may be amended or reduced or even cancelled by way of resolutions, which could affect the Holder negatively.

If the relevant Final Terms provide for resolutions of Holders, either to be passed in a meeting of Holders or by vote taken without a meeting, a Holder is subject to the risk of being outvoted by a majority resolution of the Holders. As such majority resolution properly adopted is binding on all Holders, certain rights of such Holder against the respective Issuer under the Terms and Conditions of the Notes may be amended or reduced or even cancelled.

If the relevant Final Terms provide for the appointment of a Joint Representative, a Holder may be deprived of its individual right to pursue and enforce its rights under the Terms and Conditions of the Notes against the respective Issuer.

If the relevant Final Terms provide for the appointment of a Joint Representative, either in the Terms and Conditions of the Notes or by a majority resolution of the Holders, it is possible that a Holder may be deprived of its individual right to pursue and enforce its rights under the Terms and Conditions of the Notes against the respective Issuer, such right passing to the Joint Representative who is then exclusively responsible to claim and enforce the rights of all Holders.

No conclusion may be drawn from the indicated aggregate principal amount in case of "up to" Notes.

In case of Notes offered and issued as tap issues ("up to" Notes) the indicated aggregate principal amount of such "up to" Notes as set out in the relevant Final Terms will represent the maximum issue volume of such "up to" Notes to be offered. The actual volume issued, however, may be lower than the maximum issue volume and may vary during the life of the "up to" Notes depending in particular on the demand for the "up to" Notes offered. No conclusion may therefore be drawn from the indicated aggregate principal amount of "up to" Notes offered and issued as tap issues with regard to the liquidity of the "up to" Notes in the secondary market.

1.4 Risk factors relating to Preferred Senior Notes

Holders of Preferred Senior Notes are exposed to the risk of statutory loss absorption.

The respective resolution authorities are provided with uniform and effective resolution tools and resolution powers to achieve the resolution objectives.

The conditions for resolution are:

- (a) the determination that the institution is failing or likely to fail has been made by the Competent Authority or the Resolution Authority; and
- (b) having regard to timing and other relevant circumstances, there is no reasonable prospect that any alternative private sector measures, including measures by an institutional protection scheme, or supervisory action, including early intervention measures or the write-down or conversion of relevant capital instruments taken in respect of the institution, would prevent the failure of the institution within a reasonable timeframe; and
- (c) a resolution action is necessary in the public interest.

One of the resolution tools is the bail-in tool. When applying the bail-in tool, the resolution authority shall exercise the write-down and conversion powers in accordance with the following sequence to: (i) Common Equity Tier 1 ("**CET 1**") instruments; (ii) Additional Tier 1 ("**AT 1**") instruments; (iii) Tier 2 instruments; (iv) subordinated debt that is not AT 1 or Tier 2 capital in accordance with the hierarchy of claims in normal insolvency proceedings to the extent required; and (v) the rest of bail-inable liabilities (including certain senior debt, such as the Preferred Senior Notes) in accordance with the hierarchy of claims in normal insolvency proceedings, including the ranking provided for in Article 108 of the Directive 2014/59/EU, as amended (*Bank Recovery and Resolution Directive – "BRRD"*), to the extent required (sequence of write-down and conversion or so-called "loss absorbing cascade").

If the bail-in tool is applied to the Preferred Senior Notes, their principal amount may be fully or partially written down or converted into instruments of ownership. For the avoidance of doubt, the aforesaid applies also to Preferred Senior Notes issued as green bonds, sustainability bonds and/or social bonds.

In case of an insolvency of the respective Issuer, deposits and certain other claims have a higher ranking than claims of the respective Issuer's Holders under the Preferred Senior Notes.

According to Article 108 BRRD, in normal insolvency proceedings opened over the respective Issuer's assets, the following insolvency hierarchy applies to claims of deposits and senior unsecured creditors:

- (a) claims of: (i) covered deposits; and (ii) deposit guarantee schemes subrogating to the rights and obligations of covered depositors in insolvency;
- (b) claims of: (i) that part of eligible deposits from natural persons and micro, small and medium-sized enterprises which exceeds the coverage level provided for in Article 6 of Directive 2014/49/EU, as amended; and (ii) deposits that would be eligible deposits from natural persons and micro, small and medium-sized enterprises if they are not made through branches (located outside the EU) of institutions established within the EU;
- (c) claims of ordinary senior unsecured creditors (such as any claims of the respective Issuer's Holders under the Preferred Senior Notes); and
- (d) unsecured claims resulting from debt instruments within the meaning of Article 108(2) BRRD, (so-called "non-preferred senior debt instruments"), i.e. debt instruments that meet the following conditions: (i) the original contractual maturity of the debt instruments is of at least one year; (ii) the debt instruments contain no embedded derivatives and are not derivatives themselves; (iii) the relevant contractual documentation and, where applicable, the prospectus related to the issuance explicitly refer to the lower ranking under Article 108(2) BRRD.

In addition, the insolvency hierarchy in certain jurisdictions may stipulate in the relevant (insolvency) laws further preferred claims that rank (i) senior to claims listed above in point (c) ("**Further Preferred Claims**") and (ii) in between the claims listed above in points (c) and (d).

Therefore, in case of normal insolvency proceedings opened over the assets of the respective Issuer, claims of the respective Issuer's Holders of Preferred Senior Notes would be junior to (i) the Further Preferred Claims (if applicable) and (ii) claims listed above in points (a) and (b), and the respective Issuer's Holders of Preferred Senior Notes will only receive payment of their claims if and to the extent that such claims (which are senior to them) have been discharged in full.

The above stated insolvency hierarchy is also relevant for the sequence of write-down and conversion where the respective Issuer is placed under resolution.

Preferred Senior Notes may be redeemed by the respective Issuer prior to maturity for regulatory or tax reasons.

The respective Issuer may, at its option, redeem all but not some only of any Series of the Preferred Senior Notes at their Specified Denomination, together with accrued interest (if any) for regulatory or tax reasons. In addition, if such right is foreseen in the Terms and Conditions of the Preferred Senior Notes, the respective Issuer may, at its sole discretion, redeem the Preferred Senior Notes before their stated maturity, but not earlier than the first anniversary of the issue date of the last Tranche of the Series of the Preferred Senior Notes, on a specified Optional Redemption Date at their Specified Denomination plus accrued interest (if any). In each case of an early redemption, the conditions for redemption and repurchase (as set out in the Terms and Conditions of the Preferred Senior Notes) have to be met.

It is not possible to predict whether or not the Preferred Senior Notes will be eligible for purposes of the minimum requirements for eligible liabilities ("**MREL**") or if any further change in the laws or regulations of Austria, the Czech Republic, Hungary, Romania, Republic of Croatia, the Slovak Republic or the EU will occur and so lead to the circumstances in which the respective Issuer is able to elect to redeem the Preferred Senior Notes, or, in case of any right of the respective Issuer to early redeem the Preferred Senior Notes, whether or not the respective Issuer will elect to exercise such option or any prior permission of the Resolution Authority, if required, will be given.

The respective Issuer may be expected to redeem the Preferred Senior Notes on this basis, when its cost of borrowing is lower than the Rate of Interest on the Preferred Senior Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the Rate of Interest on the Preferred Senior Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors bear the reinvestment risk in relation to other investments available at that time. Early redemption features are also likely to limit the market price of the Preferred

Senior Notes. During any period when the respective Issuer can redeem the Preferred Senior Notes, the market price of the Preferred Senior Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period if the market believes that the Preferred Senior Notes may become eligible for redemption in the near term.

Any rights of the respective Issuer to early redeem or repurchase Preferred Senior Notes are subject to the prior permission of the Resolution Authority.

The Regulation (EU) No 575/2013, as amended ("CRR") stipulates that the redemption of eligible liabilities instruments (such as the Preferred Senior Notes) prior to the date of their contractual maturity is subject to the prior permission of the Resolution Authority.

Therefore, the Terms and Conditions of Preferred Senior Notes provide that any early redemption of such Notes which qualify as eligible liabilities instruments are subject to the prior permission of the Resolution Authority in accordance with the relevant terms of the CRR, if and to the extent such prior permission is required at this time.

Under the CRR, the Resolution Authority may only permit institutions to early redeem or repurchase eligible liabilities instruments such as the Preferred Senior Notes if certain conditions prescribed by the CRR are complied with. These conditions, as well as a number of other technical rules and standards relating to MREL applicable to the respective Issuer, should be taken into account by the Resolution Authority in its assessment of whether or not to permit any early redemption or repurchase. It is uncertain how the Resolution Authority will apply these criteria in practice and such rules and standards may change during the term of such Notes. It is therefore not possible to assess whether, and if so, on what terms, the Resolution Authority will grant its prior permission for any early redemption or repurchase of the Preferred Senior Notes.

Furthermore, even if the respective Issuer would be granted the prior permission of the Resolution Authority, any decision by the respective Issuer as to whether it will early redeem the Preferred Senior Notes will be made at the absolute discretion of the respective Issuer with regard to external factors such as the economic and market impact of exercising an early redemption right, regulatory capital requirements and prevailing market conditions. There is the risk that the respective Issuer will not exercise any early redemption right in relation to the Preferred Senior Notes and the Holders therefore may stay invested until the final maturity of the Preferred Senior Notes.

Preferred Senior Notes do not foresee an early redemption at the option of the Holders.

Holders of the Preferred Senior Notes will have no rights to call for the early redemption of their Preferred Senior Notes. Therefore, Holders of the Preferred Senior Notes may be required to bear the financial risks of an investment in the Preferred Senior Notes until their final maturity.

Preferred Senior Notes are not secured and do not give the right to accelerate future payments and a set-off right.

The respective Issuer's Holders have no ability to accelerate the maturity of their Preferred Senior Notes. The Terms and Conditions of the Preferred Senior Notes do not provide for any events of default or right to demand for repayment. For the avoidance of doubt, the aforesaid applies also to Holders of Preferred Senior Notes issued as green bonds, sustainability bonds and/or social bonds.

Furthermore, claims of the respective Issuer are not permitted to be offset or netted against payment claims of the respective Issuer's Holders under the Preferred Senior Notes which are not, and may not become secured or subject to a guarantee or any other arrangement that enhances the seniority of the claims under the Preferred Senior Notes.

1.5 Risk factors relating to Non-Preferred Senior Notes

Holders of Non-Preferred Senior Notes are exposed to the risk of statutory loss absorption.

The respective resolution authorities are provided with uniform and effective resolution tools and resolution powers to achieve the resolution objectives.

The conditions for resolution are:

- (a) the determination that the institution is failing or likely to fail has been made by the Competent Authority or the Resolution Authority; and

- (b) having regard to timing and other relevant circumstances, there is no reasonable prospect that any alternative private sector measures, including measures by an institutional protection scheme, or supervisory action, including early intervention measures or the write-down or conversion of relevant capital instruments taken in respect of the institution, would prevent the failure of the institution within a reasonable timeframe; and
- (c) a resolution action is necessary in the public interest.

One of the resolution tools is the bail-in tool. When applying the bail-in tool, the resolution authority shall exercise the write-down and conversion powers in accordance with the following sequence to: (i) CET 1 instruments; (ii) AT 1 instruments; (iii) Tier 2 instruments; (iv) subordinated debt that is not AT 1 or Tier 2 capital in accordance with the hierarchy of claims in normal insolvency proceedings to the extent required; and (v) the rest of bail-inable liabilities (including certain senior debt, such as the Non-Preferred Senior Notes) in accordance with the hierarchy of claims in normal insolvency proceedings, including the ranking provided for in Article 108 BRRD, to the extent required (sequence of write-down and conversion or so-called "loss absorbing cascade").

If the bail-in tool is applied to the Non-Preferred Senior Notes, their principal amount may be fully or partially written down or converted into instruments of ownership. For the avoidance of doubt, the aforesaid applies also to Non-Preferred Senior Notes issued as green bonds, sustainability bonds and/or social bonds.

In respect to the application of the bail-in tool to the Non-Preferred Senior Notes issued by Erste Bank Croatia, Croatian law contains provisions which are unclear and potentially contradictory in terms of the sequence of exercise of the write-down and conversion powers by the resolution authority so that those provisions of law leave for the possibility that Non-Preferred Senior Notes may be written down or converted ahead of subordinated debt that is not AT 1 or Tier 2 capital.

In case of an insolvency of the respective Issuer, deposits and certain other claims have a higher ranking than claims of the respective Issuer's Holders under the Non-Preferred Senior Notes.

According to Article 108 BRRD, in normal insolvency proceedings opened over the respective Issuer's assets, the following insolvency hierarchy applies to claims of deposits and senior unsecured creditors:

- (a) claims of: (i) covered deposits; and (ii) deposit guarantee schemes subrogating to the rights and obligations of covered depositors in insolvency;
- (b) claims of: (i) that part of eligible deposits from natural persons and micro, small and medium-sized enterprises which exceeds the coverage level provided for in Article 6 of Directive 2014/49/EU, as amended; and (ii) deposits that would be eligible deposits from natural persons and micro, small and medium-sized enterprises if they are not made through branches (located outside the EU) of institutions established within the EU;
- (c) claims of ordinary senior unsecured creditors; and
- (d) unsecured claims resulting from debt instruments within the meaning of Article 108(2) BRRD, (so-called "non-preferred senior debt instruments") (such as any claims of the respective Issuer's Holders under the Non-Preferred Senior Notes), i.e. debt instruments that meet the following conditions: (i) the original contractual maturity of the debt instruments is of at least one year; (ii) the debt instruments contain no embedded derivatives and are not derivatives themselves; (iii) the relevant contractual documentation and, where applicable, the prospectus related to the issuance explicitly refer to the lower ranking under Article 108(2) BRRD.

In addition, the insolvency hierarchy in certain jurisdictions may stipulate in the relevant (insolvency) laws further preferred claims that rank (i) senior to claims listed above in point (c) ("**Further Preferred Claims**") and (ii) in between the claims listed above in points (c) and (d).

Therefore, in case of normal insolvency proceedings opened over the assets of the respective Issuer, claims of the respective Issuer's Holders of Non-Preferred Senior Notes would be junior to (i) the Further Preferred Claims (if applicable), (ii) claims listed above in points (a) to (c) and (iii) claims ranking in between the claims listed above in points (c) and (d) (if applicable), and the respective Issuer's Holders of Non-Preferred Senior Notes will only receive payment of their claims if and to the extent that such claims (which are senior to them) have been discharged in full.

In case of Non-Preferred Senior Notes issued by Erste Bank Croatia the ranking of claims in normal insolvency proceedings under Croatian law does not provide for a clear and exact ranking of Non-Preferred

Senior Notes so that claims ranking in between the claims listed above in points (c) and (d) may, among others, include the claims of holders of subordinated debt which is not included in the items of AT 1 or Tier 2 capital.

The above stated insolvency hierarchy is also relevant for the sequence of write-down and conversion where the respective Issuer is placed under resolution.

Claims of the respective Issuer's Holders of Non-Preferred Senior Notes will be junior to the claims of holders of certain other senior claims.

In case of insolvency proceedings opened in relation to the respective Issuer and in any comparable proceedings their claims will, in accordance with the terms and conditions of such Notes, be junior to the claims of the respective Issuer's Holders of Preferred Senior Notes and any other senior claims without non-preferred senior status (including senior claims preferred by law).

Thus, no amounts will be payable under Non-Preferred Senior Notes until the claims ranking senior to such Notes will have been satisfied in full. If this occurs, the respective Issuer may not have enough assets remaining after such payments to pay amounts due under the relevant Non-Preferred Senior Notes and the respective Issuer's Holders of such Notes could lose all or some of their investment. For the avoidance of doubt, the aforesaid applies also to Non-Preferred Senior Notes issued as green bonds, sustainability bonds and/or social bonds. A green bond, sustainability bond and/or social bond classification does not affect the status of the Non-Preferred Senior Notes in terms of subordination and regulatory classification as eligible liabilities instruments.

Non-Preferred Senior Notes may be redeemed by the respective Issuer prior to maturity for regulatory or tax reasons.

The respective Issuer may, at its option, redeem all but not some only of any Series of the Non-Preferred Senior Notes at their Specified Denomination, together with accrued interest (if any) for regulatory or tax reasons. In addition, if such right is foreseen in the Terms and Conditions of the Non-Preferred Senior Notes, the respective Issuer may, at its sole discretion, redeem the Non-Preferred Senior Notes before their stated maturity, but not earlier than the first anniversary of the issue date of the last Tranche of the Series of the Non-Preferred Senior Notes, on a specified Optional Redemption Date at their Specified Denomination plus accrued interest (if any). In each case of an early redemption, the conditions for redemption and repurchase (as set out in the Terms and Conditions of the Non-Preferred Senior Notes) have to be met.

It is not possible to predict whether or not the Non-Preferred Senior Notes will be eligible for MREL purposes or if any further change in the laws or regulations of Austria, the Czech Republic, Hungary, Romania, Republic of Croatia, the Slovak Republic or the EU will occur and so lead to the circumstances in which the respective Issuer is able to elect to redeem the Non-Preferred Senior Notes, or, in case of any right of the respective Issuer to early redeem the Non-Preferred Senior Notes, whether or not the respective Issuer will elect to exercise such option or any prior permission of the Resolution Authority, if required, will be given.

The respective Issuer may be expected to redeem the Non-Preferred Senior Notes on this basis, when its cost of borrowing is lower than the Rate of Interest on the Non-Preferred Senior Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the Rate of Interest on the Non-Preferred Senior Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors bear the reinvestment risk in relation to other investments available at that time. Early redemption features are also likely to limit the market price of the Non-Preferred Senior Notes. During any period when the respective Issuer can redeem the Non-Preferred Senior Notes, the market price of the Non-Preferred Senior Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period if the market believes that the Non-Preferred Senior Notes may become eligible for redemption in the near term.

Any rights of the respective Issuer to early redeem or repurchase Non-Preferred Senior Notes are subject to the prior permission of the Resolution Authority.

The CRR stipulates that the redemption of eligible liabilities instruments (such as the Non-Preferred Senior Notes) prior to the date of their contractual maturity is subject to the prior permission of the Resolution Authority.

Therefore, the Terms and Conditions of Non-Preferred Senior Notes provide that any early redemption of such Notes which qualify as eligible liabilities instruments are subject to the prior permission of the

Resolution Authority in accordance with the relevant terms of the CRR, if and to the extent such prior permission is required at this time.

Under the CRR, the Resolution Authority may only permit institutions to early redeem or repurchase eligible liabilities instruments such as the Non-Preferred Senior Notes if certain conditions prescribed by the CRR are complied with. These conditions, as well as a number of other technical rules and standards relating to MREL applicable to the respective Issuer, should be taken into account by the Resolution Authority in its assessment of whether or not to permit any early redemption or repurchase. It is uncertain how the Resolution Authority will apply these criteria in practice and such rules and standards may change during the term of such Notes. It is therefore not possible to assess whether, and if so, on what terms, the Resolution Authority will grant its prior permission for any early redemption or repurchase of the Non-Preferred Senior Notes.

Furthermore, even if the respective Issuer would be granted the prior permission of the Resolution Authority, any decision by the respective Issuer as to whether it will early redeem the Non-Preferred Senior Notes will be made at the absolute discretion of the respective Issuer with regard to external factors such as the economic and market impact of exercising an early redemption right, regulatory capital requirements and prevailing market conditions. There is the risk that the respective Issuer will not exercise any early redemption right in relation to the Non-Preferred Senior Notes and the Holders therefore may stay invested until the final maturity of the Non-Preferred Senior Notes.

Non-Preferred Senior Notes do not foresee an early redemption at the option of the Holders.

Holders of the Non-Preferred Senior Notes will have no rights to call for the early redemption of their Non-Preferred Senior Notes. Therefore, Holders of the Non-Preferred Senior Notes may be required to bear the financial risks of an investment in the Non-Preferred Senior Notes until their final maturity.

Non-Preferred Senior Notes are not secured and do not give the right to accelerate future payments and a set-off right.

The respective Issuer's Holders have no ability to accelerate the maturity of their Non-Preferred Senior Notes. The Terms and Conditions of the Non-Preferred Senior Notes do not provide for any events of default or right to demand for repayment. For the avoidance of doubt, the aforesaid applies also to Holders of Non-Preferred Senior Notes issued as green bonds, sustainability bonds and/or social bonds.

Furthermore, claims of the respective Issuer are not permitted to be offset or netted against payment claims of the respective Issuer's Holders under the Non-Preferred Senior Notes which are not, and may not become secured or subject to a guarantee or any other arrangement that enhances the seniority of the claims under the Non-Preferred Senior Notes.

1.6 Risk factors relating to Subordinated Notes¹

Holders of Subordinated Notes are exposed to the risk of statutory loss absorption.

The respective resolution authorities are provided with uniform and effective resolution tools and resolution powers to achieve the resolution objectives.

The conditions for resolution are:

- (a) the determination that the institution is failing or likely to fail has been made by the Competent Authority or the Resolution Authority; and
- (b) having regard to timing and other relevant circumstances, there is no reasonable prospect that any alternative private sector measures, including measures by an institutional protection scheme, or supervisory action, including early intervention measures or the write-down or conversion of relevant capital instruments taken in respect of the institution, would prevent the failure of the institution within a reasonable timeframe; and

¹ For purposes of this category "1.6 Risk factors relating to Subordinated Notes" the term "Issuer" only refers to BCR, Česká spořitelna, Erste Bank Hungary and Erste Group Bank.

(c) a resolution action is necessary in the public interest.

One of the resolution tools is the bail-in tool. When applying the bail-in tool, the resolution authority shall exercise the write-down and conversion powers in accordance with the following sequence to: (i) CET 1 instruments; (ii) AT 1 instruments; (iii) Tier 2 instruments (such as the Subordinated Notes); (iv) subordinated debt that is not AT 1 or Tier 2 capital in accordance with the hierarchy of claims in normal insolvency proceedings to the extent required; and (v) the rest of bail-inable liabilities (including certain senior debt) in accordance with the hierarchy of claims in normal insolvency proceedings, including the ranking provided for in Article 108 BRRD, to the extent required (sequence of write-down and conversion or so-called "loss absorbing cascade"). The Subordinated Notes may also be subject to other resolution powers, in particular in circumstances where the competent authorities have determined that the respective Issuer on an individual and/or (sub-)consolidated basis, as the case may be, has reached the point of non-viability and the Resolution Authority has taken the decision to apply these powers to the respective Issuer.

If the bail-in tool is applied to the Subordinated Notes, their principal amount may be fully or partially written down or converted into instruments of ownership. For the avoidance of doubt, the aforesaid applies also to Subordinated Notes issued as green bonds, sustainability bonds and/or social bonds.

In case of an insolvency of the respective Issuer, deposits and certain other claims have a higher ranking than claims of the respective Issuer's Holders under the Subordinated Notes.

According to Article 108 BRRD, in normal insolvency proceedings opened over the respective Issuer's assets, the following insolvency hierarchy applies to claims of deposits and senior unsecured creditors:

- (a) claims of: (i) covered deposits; and (ii) deposit guarantee schemes subrogating to the rights and obligations of covered depositors in insolvency;
- (b) claims of: (i) that part of eligible deposits from natural persons and micro, small and medium-sized enterprises which exceeds the coverage level provided for in Article 6 of Directive 2014/49/EU, as amended; and (ii) deposits that would be eligible deposits from natural persons and micro, small and medium-sized enterprises if they are not made through branches (located outside the EU) of institutions established within the EU;
- (c) claims of ordinary senior unsecured creditors; and
- (d) unsecured claims resulting from debt instruments within the meaning of Article 108(2) BRRD, (so-called "non-preferred senior debt instruments"), i.e. debt instruments that meet the following conditions: (i) the original contractual maturity of the debt instruments is of at least one year; (ii) the debt instruments contain no embedded derivatives and are not derivatives themselves; (iii) the relevant contractual documentation and, where applicable, the prospectus related to the issuance explicitly refer to the lower ranking under Article 108(2) BRRD.

In addition, the insolvency hierarchy in certain jurisdictions may stipulate in the relevant (insolvency) laws further preferred claims that rank senior to claims listed above in point (c) ("**Further Preferred Claims**").

Therefore, in case of normal insolvency proceedings opened over the assets of the respective Issuer, claims of the respective Issuer's Holders of Subordinated Notes would be junior to (i) the Further Preferred Claims (if applicable) and (ii) claims listed above in points (a) to (d) as well as to claims under any other subordinated obligations of the respective Issuer which, in accordance with their terms or pursuant to mandatory provisions of law, rank or are expressed to rank senior to the obligations of the respective Issuer under the Subordinated Notes. The respective Issuer's Holders of Subordinated Notes will only receive payment of their claims if and to the extent that such claims (which are senior to them) have been discharged in full.

The above stated insolvency hierarchy is also relevant for the sequence of write-down and conversion where the respective Issuer is placed under resolution.

Obligations under Subordinated Notes will only be fulfilled after all non-subordinated claims of creditors have been satisfied.

In the event of the liquidation or insolvency of the respective Issuer, the respective Issuer's obligations under the Subordinated Notes will be fully subordinated to (i) all unsecured and unsubordinated obligations of the respective Issuer; (ii) all eligible liabilities instruments of the respective Issuer pursuant to Article 72b CRR; and (iii) any other subordinated obligations of the respective Issuer which, in accordance with their terms or pursuant to mandatory provisions of law, rank or are expressed to rank senior to the obligations of the

respective Issuer under the Subordinated Notes, so that in any such event no amounts will be payable in respect of the Subordinated Notes until the above mentioned obligations have been satisfied in full. If this occurs, the respective Issuer may not have enough assets remaining after such payments to pay amounts due under the relevant Subordinated Notes and the respective Issuer's Holders of such Subordinated Notes could lose all or some of their investment. For the avoidance of doubt, the aforesaid applies also to Subordinated Notes issued as green bonds, sustainability bonds and/or social bonds. A green bond, sustainability bond and/or social bond classification does not affect the status of the Subordinated Notes in terms of subordination and regulatory classification as own funds or eligible liabilities instruments.

The respective Issuer's Holders of Subordinated Notes are exposed to the risk that the respective Issuer may issue subordinated debt instruments or incur subordinated liabilities which are senior to the Subordinated Notes.

Holders of Subordinated Notes are exposed to the risk of subordination not only in respect of unsubordinated obligations of the respective Issuer (including, without limitation, all eligible liabilities instruments of the respective Issuer pursuant to Article 72b CRR), but also in respect of subordinated debt instruments or other subordinated liabilities which the respective Issuer may (have to) issue or incur and which rank or are expressed to rank senior to the obligations of the respective Issuer under the Subordinated Notes. This could in particular apply in connection with eligible liabilities instruments which the respective Issuer would have to issue for MREL purposes.

In the event of the liquidation or insolvency of the respective Issuer, no amounts will be payable in respect of the Subordinated Notes until the claims of any and all such subordinated creditors of the respective Issuer ranking senior to Subordinated Notes will have been satisfied in full. Similarly, where the resolution authority applied the bail-in tool, Subordinated Notes would be subject to write down or conversion prior to such other subordinated creditors of the respective Issuer ranking senior to Subordinated Notes, in accordance with the statutory sequence of write-down and conversion (see the risk factors "*Holders of Subordinated Notes are exposed to the risk of statutory loss absorption.*" and "*In case of an insolvency of the respective Issuer, deposits and certain other claims have a higher ranking than claims of the respective Issuer's Holders under the Subordinated Notes.*").

Subordinated Notes may not be early redeemed at the option of the respective Issuer's Holders.

The respective Issuer's Holders of the Subordinated Notes will have no rights to call for the early redemption of their Subordinated Notes. Therefore, the respective Issuer's Holders of the Subordinated Notes may be required to bear the financial risks of an investment in the Subordinated Notes until their final maturity.

Subordinated Notes may be redeemed by the respective Issuer prior to maturity for regulatory or tax reasons. Any rights of the respective Issuer to early redeem or repurchase Subordinated Notes are subject to the prior permission of the Competent Authority.

The respective Issuer may, at its sole discretion, early redeem all but not some only of any Series of the Subordinated Notes at any time either for tax or regulatory reasons at their Specified Denomination plus interest accrued (if any). In addition, if such right is foreseen in the Terms and Conditions of the Subordinated Notes, the respective Issuer may, at its sole discretion, redeem the Subordinated Notes before their stated maturity, but not earlier than the fifth anniversary of the issue date of the last Tranche of the Series of the Subordinated Notes, on a specified Optional Redemption Date at their Specified Denomination plus accrued interest (if any).

Any early redemption and any repurchase of any Series of Subordinated Notes is subject to the prior permission of the Competent Authority and compliance with regulatory capital rules applicable from time to time to the respective Issuer. Under the CRR, the Competent Authority may only permit institutions to early redeem or repurchase Tier 2 instruments such as the Subordinated Notes if certain conditions prescribed by the CRR are complied with. These conditions, as well as a number of other technical rules and standards relating to regulatory capital requirements applicable to the respective Issuer, should be taken into account by the Competent Authority in its assessment of whether or not to permit any early redemption or repurchase. It is uncertain how the Competent Authority will apply these criteria in practice and such rules and standards may change during the term of the Subordinated Notes. It is therefore not possible to assess whether, and if so, on what terms, the Competent Authority will grant its prior permission for any early redemption or repurchase of the Subordinated Notes.

Furthermore, even if the respective Issuer would be granted the prior permission of the Competent Authority, any decision by the respective Issuer as to whether it will early redeem the Subordinated Notes will be made

at the absolute discretion of the respective Issuer with regard to external factors such as the economic and market impact of exercising an early redemption right, regulatory capital requirements and prevailing market conditions. There is the risk that the respective Issuer will not exercise any early redemption right in relation to the Subordinated Notes. Holders of the Subordinated Notes therefore may be required to bear the financial risks of an investment in the Subordinated Notes until their final maturity.

Notwithstanding if the respective Issuer exercises an early redemption right in relation to Subordinated Notes with the prior permission of the Competent Authority Holders of Subordinated Notes are exposed to the risk that due to such early redemption their investments may have a different than expected yield and maturity.

Subordinated Notes are not secured and do not give the right to accelerate future payments and a set-off right.

The Holders have no ability to accelerate the maturity of their Subordinated Notes. The Terms and Conditions of the Subordinated Notes do not provide for any events of default or right to demand for repayment. For the avoidance of doubt, the aforesaid applies also to Holders of Subordinated Notes issued as green bonds, sustainability bonds and/or social bonds.

Furthermore, claims of the respective Issuer are not permitted to be offset or netted against payment claims of the respective Issuer's Holders under the Subordinated Notes which are not, and may not become secured or subject to a guarantee or any other arrangement that enhances the seniority of the claims under the Subordinated Notes.

1.7 Risk factors relating to tax and legal matters

The Notes are governed by German, Austrian, Croatian, Czech, Romanian, Slovak law or Hungarian, and changes in applicable laws, regulations or regulatory policies may have an adverse effect on the respective Issuer, the Notes and the Holders.

The Terms and Conditions of any Series of Notes will be governed by (i) German law (the relevant status clause being governed by Austrian, Croatian, Czech, Hungarian, Romanian or Slovak law, respectively) in case of issues of Notes of any of the Issuers; or (ii) Austrian law in case of issues of Notes by Erste Group Bank; or (iii) Croatian law in case of issues of Notes by Erste Bank Croatia; or (iv) Czech law in case of issues of Notes by Česká spořitelna; or (v) Hungarian law in case of issues of Notes by Erste Bank Hungary; or (vi) Romanian law in case of issues of Notes by BCR; or (vii) Slovak law in case of issues of Notes by Slovenská sporiteľňa. The impact of any possible judicial decision or change to the respective above mentioned law, or administrative practice after the date of this Securities Note is unclear. Furthermore, the governing law may not be the law of the Holders' own home jurisdiction and the law applicable to the Notes may not provide the Holders with similar protection as their own law.

Changes in tax law may negatively affect the Holders.

Tax law and practice is subject to change, possibly with retrospective effect and this could adversely affect the market price of the Notes. Any such change may cause the tax treatment of the relevant Notes to change from what the purchaser understood the position to be at the time of purchase.

In the Czech Republic, there have been significant changes to the taxation of bonds (including the Notes issued by Česká spořitelna) as introduced by the amendments to the Czech income taxes act which are effective as of 1 January 2021 or will be effective as of 1 January 2022, respectively (further referred to as the "**ITA Amendments**"). The ITA Amendments rules affecting taxation of bonds (including the Notes issued by Česká spořitelna) are untested in practice and there is neither any prevailing interpretation nor any administrative guidance available. Thus, there is a risk for Holders of Notes issued by Česká spořitelna that they receive less money than expected due to the income tax imposed based on a newly introduced interpretation or administrative practice by the Czech tax authorities.

Furthermore, as of the date of this Securities Note, in certain jurisdictions (e.g. Republic of Croatia) there are no taxes in respect to payment of principal and/or interest under the Notes. If such taxes would be introduced in one or more of these jurisdictions, the relevant provisions in the Terms and Conditions of the Notes may not foresee that the respective Issuer shall pay additional amounts to the respective Holders to compensate the withholding or deduction of such taxes. Thus, there is the risk for such Holders that due to the withholding or deduction they receive less money than expected.

In case of Notes issued by Erste Group Bank, an Austrian court could appoint a trustee for the Notes to exercise the rights and represent the interests of Holders on their behalf in which case the ability of Holders to pursue their rights under the Notes individually may be limited.

Pursuant to the Austrian Notes Trustee Act (*Kuratorenengesetz*) and the Austrian Notes Trustee Supplementation Act (*Kuratorenenergänzungsgesetz*), in case of Notes issued by Erste Group Bank, a trustee (*Kurator*) could be appointed by an Austrian court upon the request of any interested party (e.g. a Holder) or upon the initiative of a competent court, for the purposes of representing the common interests of the Holders in matters concerning their collective rights to the extent the rights are endangered due to a lack of joint representation. In particular, this may occur if insolvency proceedings are initiated against the Issuer (i.e. Erste Group Bank), in connection with any amendments to the Terms and Conditions of the Notes or changes relating to the Issuer (i.e. Erste Group Bank), or under other similar circumstances.

If a trustee is appointed, it will exercise the collective rights and represent the interests of the Holders and will be entitled to make statements on their behalf which shall be binding on all Holders. Where a trustee represents the interests of and exercises the rights of Holders, this may conflict with or otherwise adversely affect the interests of individual or all Holders.

The role of an appointed trustee may also conflict with provisions of the Terms and Conditions related to majority resolutions of the Holders pursuant to the Terms and Conditions. It is not clear whether and to which extent a court would give effect to such majority resolutions, both in the context of a trustee having been appointed or without appointment of a trustee, and investors should not rely on the enforceability or protection afforded by these provisions.

Legal investment considerations may restrict certain investments.

Due to certain laws and regulations in relation to investments (e.g. securities-specific or regulatory provisions) or due to the scrutiny or regulation by certain authorities, an investment in the Notes may be restricted for certain potential investors. Furthermore, investors might not be able to claim (or only to claim partial) indemnification for damage that has been caused to them due to certain exclusions or restrictions of the respective Issuer's, the Calculation Agent's and/or the liability of any paying agent for negligent acts or omissions in connection with the Notes (or calculations thereof).

1.8 Risk factors relating to the pricing of, costs associated with, market in and settlement of the Notes

Holders are exposed to the risk of partial or total inability of the respective Issuer to make interest and/or redemption payments under the Notes.

Holders are subject to the risk of a partial or total inability of the respective Issuer to make interest and/or redemption payments that the respective Issuer is obliged to make under the Notes. Any deterioration of the creditworthiness of the respective Issuer would increase the risk of loss. A materialisation of the credit risk may result in partial or total inability of the respective Issuer to make interest and/or redemption payments.

Holders assume the risk that the credit spread of the respective Issuer widens resulting in a decrease in the market price of the Notes.

A credit spread is the margin payable by the respective Issuer to the Holder of an instrument as a premium for the assumed credit risk. Credit spreads are offered and sold as premiums on current risk-free interest rates or as discounts on the price.

Factors influencing the credit spread include, among other things, the creditworthiness and credit rating of the respective Issuer, probability of default, recovery rate, remaining term to maturity of the Notes and obligations under any collateralisation or guarantee and declarations as to any preferred payment or subordination. The liquidity situation of the market, the general level of interest rates, overall economic developments, and the currency, in which the relevant obligation is denominated may also have a negative effect.

Holders are exposed to the risk that the credit spread of the respective Issuer widens resulting in a decrease in the market price of the Notes.

The Holder may be exposed to the risk that due to future money depreciation (inflation), the real yield of an investment may be reduced.

Inflation risk describes the possibility that the market price of assets such as the Notes or income therefrom will decrease as higher (expected) inflation reduces the purchasing power of a currency. Higher (expected) inflation causes the rate of return to decrease in value. If the inflation rate exceeds the interest paid on any Notes (if any) the yield on such Notes will become negative.

Holders are exposed to the risk of an unfavourable development of market prices of their Notes which materialises if the Holder sells the Notes prior to the final maturity of such Notes.

The development of market prices of the Notes depends on various factors, such as changes of market interest rate levels, the policies of central banks, overall economic developments, inflation rates or the lack of or excess demand for the relevant type of Instrument. The Holder is therefore exposed to the risk of an unfavourable development of market prices of its Notes which materialises if the Holder sells the Notes prior to the final maturity of such Notes. Notes may be issued at a price higher than the market price at issue and/or the redemption amount. This will increase the impact that unfavourable market price developments may have on the Notes. If the Holder decides to hold the Notes until final maturity, the Notes will be redeemed at the amount set out in the relevant Final Terms.

A liquid secondary market for the Notes may not develop or, if it does develop, it may not continue. In an illiquid market, a Holder may not be able to sell his Notes at fair market prices.

Application may be made to admit the Programme and/or any Series of Notes to the Markets, which appear on the list of regulated markets issued by the European Commission. In addition, the Programme provides that Series of Notes may not be listed at all.

Regardless of whether the Notes are listed or not, a liquid secondary market for the Notes may not develop or, if it does develop, it may not continue. The fact that the Notes may be listed does not necessarily lead to greater liquidity as compared to unlisted Notes. If the Notes are not listed on any stock exchange, pricing information for such Notes may, however, be more difficult to obtain, which may adversely affect the liquidity of the Notes. In an illiquid market, a Holder might not be able to sell its Notes at any time at fair market prices or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. Generally, these types of Notes would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a material adverse effect on the market price of Notes. The possibility to sell the Notes might additionally be restricted by country-specific reasons.

There is a risk that listing of the Notes will not be accepted or trading in the Notes will be suspended, interrupted or terminated, which may have an adverse effect on the market price of such Notes.

If any Series of Notes shall be listed on the Markets, the listing of such Notes may – depending on the rules applicable to such stock exchange – not be accepted or be suspended or interrupted by the respective stock exchange or a competent regulatory authority upon the occurrence of a number of reasons, including violation of price limits, breach of statutory provisions, occurrence of operational problems of the stock exchange or generally if deemed required in order to secure a functioning market or to safeguard the interests of Holders. Furthermore, trading in the Notes may be terminated, either upon decision of the stock exchange, a regulatory authority or upon application by the respective Issuer. The respective Issuer has no influence on trading suspension or interruptions (other than where trading in the Notes is terminated upon the respective Issuer's decision) and Holders in any event must bear the risks connected therewith. In particular, Holders may not be able to sell their Notes where trading is suspended, interrupted or terminated, and the stock exchange quotations of such Notes may not adequately reflect the market price of such Notes. Finally, even if trading in Notes is suspended, interrupted or terminated, such measures may neither be sufficient nor adequate nor in time to prevent price disruptions or to safeguard the Holders' interests; for example, where trading in Notes is suspended after price-sensitive information relating to such Notes has been published, the market price of such Notes may already have been adversely affected. All these risks would, if they materialise, have a material adverse effect on the Holders.

Furthermore, in case of Notes issued by Erste Bank Croatia to be listed on the Official Market of the Zagreb Stock Exchange, Erste Bank Croatia will apply for their listing in line with all relevant procedures and requirements of the Zagreb Stock Exchange. The Zagreb Stock Exchange may, however, not accept the

request for listing of the Notes on the Official Market upon their issuance. If such risk materialises, the Notes would not be listed on the Zagreb Stock Exchange and Holders would be prevented from trading their Notes on a regulated market. This may affect the market price of the Notes as well as compliance with regulatory requirements in respect to Holders who are entitled only for investment in listed securities.

Incidental costs related in particular to the purchase and sale of the Notes may have a significant impact on the profit potential of the Notes.

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) may be incurred in addition to the purchase or sale price of the Notes. These incidental costs may significantly reduce or eliminate any profit from holding the Notes. Credit institutions may charge commissions which are either fixed minimum commissions or pro-rata commissions, depending on the order value. To the extent that additional - domestic or foreign - parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Holders may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of Notes (direct costs), investors must also take into account any follow-up costs (such as custody fees). Investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

The purchase price applicable to the Notes on a given day will often include a bid-ask spread so that the purchase price will be higher than the price at which Holders are able to sell any such Notes on that given day.

Holders have to rely on the functionality of the relevant clearing system and there is the risk that due to the use of the clearing system any credits on the Holders' account will not be processed at all, will not be processed within the time expected by the Holder or will be delayed.

The Notes are purchased and sold through different clearing systems. The Issuers do not assume any responsibility for whether the Notes are actually transferred to the securities portfolio of the relevant Holder. Holders have to rely on the functionality of the relevant clearing system. There is the risk that due to the use of the clearing system any credits on the Holders' account will not be processed at all, will not be processed within the time expected by the Holder or will be delayed. Thus, the Holder may suffer economic disadvantages.

1.9 Risk factors relating to currencies

Exchange rate risks may occur, if a Holder's financial activities are denominated in a currency or currency unit other than the Specified Currency in which the respective Issuer will make principal and interest payments. Furthermore, government and monetary authorities may impose exchange controls that could adversely affect an applicable exchange rate.

The respective Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if a Holder's financial activities are denominated principally in a currency or currency unit ("**Holder's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Holder's Currency) and the risk that authorities with jurisdiction over the Holder's Currency may impose or modify exchange controls. An appreciation in the value of the Holder's Currency relative to the Specified Currency would decrease (i) the Holder's Currency-equivalent yield on the Notes, (ii) the Holder's Currency-equivalent value of the principal payable on the Notes, and (iii) the Holder's Currency-equivalent market price of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, Holders may receive less interest or principal than expected, or no interest or principal.

Exchange rate risk may occur in case of Notes issued by Erste Bank Croatia and governed by Croatian law where the Specified Currency is Euro.

In case of the Notes issued by Erste Bank Croatia and governed by Croatian law where the Specified Currency is Euro, Erste Bank Croatia as Issuer will pay principal and interest on the Notes in the Croatian Kuna ("**HRK**") equivalent of the EUR amount based on the mid EUR/HRK rate set by the Croatian National Bank valid on the payment date. Also, if Notes are governed by Croatian law and the Specified Currency is

EUR, the settlement currency on the relevant issue date and, if applicable, for trading on a stock exchange will be HRK based on the mid EUR/HRK rate set by the Croatian National Bank at the relevant point in time.

Payments in HRK in respect to Notes where the Specified Currency is EUR represent an exchange rate risk. Holders may be exposed to a decrease of the yield on such Notes based on depreciation of the relevant exchange rate. Any Holder of such Notes shall be aware of the fact that the change of the relevant exchange rate may impact the yield on such Notes.

Notes denominated in EUR where payments in relation thereof are made in HRK may be also subject to inflation risk. Holders of such Notes may bear the risk of depreciation of EUR which may result in the decrease of the real value of such Notes. Inflation may decrease the real yield of the investment into such Notes. In case the inflation rate should be higher than the nominal yield on investment into such Notes, the real yield on such Notes would be negative.

Exchange rate risk may occur in case of Notes issued by Erste Bank Croatia where the Specified Currency is Croatian Kuna (HRK) as result of the Euro-zone membership perspective of the Republic of Croatia.

The Republic of Croatia is seeking to join the Euro-zone and adopt the Euro as a currency. On that note, the Republic of Croatia joined the European exchange rate mechanism (ERM II) in July 2020, making the Euro adoption possible as early as from 2023. Depending on the rate and mechanics for the exchange from HRK to Euro which are yet to be established, the investment of the Holders into Notes issued by Erste Bank Croatia where the Specified Currency is HRK may be adversely affected by the rates and mechanics that would be applied to the exchange of the Specified Currency from HRK to Euro as part of the Euro adoption process.

1.10 Risk factor relating to conflicts of interest

Each Issuer may be exposed to conflicts of interest which might adversely affect the Holders.

Each Issuer may from time to time act in other capacities with regard to the Notes, such as calculation agent, which allows each Issuer to make calculations in respect of the Notes (e.g. the amount of interest to be paid) which are binding for the Holders. This fact could generate conflicts of interest and may affect the market price of the Notes.

The Issuers act as market maker for the Notes. In the context of such market making activities, the Issuers will substantially determine the market price of the Notes. The market prices provided by the Issuers in their capacity as market makers will not always correspond to the market prices that would have formed in the absence of such market making and in a liquid market.

The Issuers may use all or some of the proceeds received from the sale of the Notes to enter into hedging transactions which may affect the market price of the Notes.

Employees of financial institutions such as the Issuers might undertake deals on their own behalf subject to securities laws on personal transactions and market abuse as well as statutory or internal compliance standards.

The Issuers' sales employees may be motivated to sell the Notes, due to the value of incentives received by them (in case the sale is successful) subject to securities and banking laws applicable to any such incentives.

Furthermore, employees might be permitted to take part in securities offerings of the Issuers. When purchasing the Notes, the employee might receive a discount from the value of the market price.

Despite measures taken by the Issuer to ensure compliance with applicable laws and internal procedures, all of this could create a conflict with the duties owed to the Holders.

1.11 Risk factors relating to Notes issued as green bonds, sustainability bonds and/or social bonds

Any failure in the use of the proceeds for ESG Projects, in the implementation of ESG Projects or a change in the (re)allocation of the proceeds does not give the respective Issuer's Holders rights or claims.

The relevant Final Terms relating to any specific Tranche of Notes may provide that it will be the respective Issuer's intention to apply an amount equal to the proceeds from an offer of those Notes specifically for

projects and activities that promote climate-friendly and other environmental purposes, sustainability or social purposes (Environmental, Social and Governance ("ESG")) ("ESG Projects").

The relevant project(s) or use(s) the subject of, or related to, any ESG Projects might not be capable of being implemented in or substantially in such manner and/or accordance with any timing schedule and that accordingly such proceeds might not be totally or partially disbursed for such ESG Projects. Such ESG Projects might not be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the respective Issuer. Further, the proceeds could be initially allocated by the respective Issuer to wrong assets or the allocation of the proceeds to specific ESG Projects could be changed as well as the assets initially qualified as ESG assets could be disqualified as such during the term of the Notes. In addition, the maturity of ESG assets might not match the minimum duration of the Notes so that the proceeds would have to be reallocated and replacement assets be required. Such reallocation could fail due to the lack of new ESG assets which comply with the ESG Framework (as defined below) of the respective Issuer so that the amount equivalent to the proceeds of the issue of the Notes will not be used as stated in the relevant Final Terms.

Furthermore, the proceeds from an offer of Notes issued as green bonds, sustainability bonds and/or social bonds could not only be used for ESG Projects but also to cover all potential losses in the balance sheet of the respective Issuer regardless of whether (i) the Notes are labelled "ESG" and (ii) losses stem from ESG Projects or other assets of the respective Issuer.

Any such event or failure by the respective Issuer (a) will not (i) constitute an event of default under the Notes, (ii) lead to an obligation for the respective Issuer to redeem the Notes, (iii) be a factor whether or not an optional redemption right should be exercised and (iv) have a consequence on the Notes' permanence and loss absorbency and/or (b) will not give the respective Issuer's Holders (i) the right to otherwise early terminate the Notes, (ii) the right to accelerate payments under the Notes and (iii) any claim against the respective Issuer.

Any aforesaid event or failure may have material adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. Furthermore, the respective Issuer's Holders may be required to bear the financial risks of an investment in such Notes until their final maturity or may be required to sell the Notes due to their portfolio mandates at an unfavourable market price.

Due to the still pending legislative initiatives, Notes issued as green bonds, sustainability bonds and/or social bonds or such other equivalent label might not satisfy any existing or future legislative or regulatory requirements or any present or future investor expectations or requirements.

Currently, there is no final definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green" or "sustainability" or "social" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green" or "sustainability" or "social" or such other equivalent label nor such a final definition or consensus might develop over time. While first steps have been taken in defining the term "sustainable" within the EU by the Regulation (EU) 2020/852 ("**Taxonomy Regulation**") and the Proposal for a Corporate Sustainability Reporting Directive, it is an area which has been, and continues to be, the subject of many and wide-ranging voluntary and regulatory initiatives to develop rules, guidelines, standards, taxonomies and objectives. Even if such voluntary or regulatory initiatives should arrive at a definition of "green" or "sustainability" or "social" (or any equivalent label) they are not necessarily meant to apply to the Notes nor will the respective Issuer necessarily seek compliance of the Notes with all or some of such rules, guidelines, standards, taxonomies, principles or objectives (including, *inter alia*, the Taxonomy Regulation, the Proposal for a Corporate Sustainability Reporting Directive, the EU Taxonomy Climate Delegated Act, the EU Green Bond Standard, the Green Bond Principles, the Social Bond Principles, the Sustainability Bond Guidelines). Also, the criteria for what constitutes an ESG Project may be changed from time to time.

The intended use of proceeds of the Notes by the respective Issuer for any ESG Projects in accordance with the ESG Framework might not satisfy, either in whole or in part, (i) any existing or future legislative or regulatory requirements, or (ii) any present or future investor expectations or requirements with respect to investment criteria or guidelines with which any investor or its investments are required to comply under its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any ESG Projects. In addition, the reporting in relation to the use of proceeds under the ESG Framework might not meet investor needs or expectations.

Due to the still pending legislative initiatives, the respective Issuer's Notes issued as green bonds, sustainability bonds and/or social bonds or such other equivalent label might not satisfy, either in whole or in part, (i) any existing or future legislative or regulatory requirements, or (ii) any present or future investor expectations regarding "green", "sustainability" or "social" or other equivalently-labelled performance objectives or requirements with respect to investment criteria or guidelines with which any investor or its investments are required to comply under its own by-laws or other governing rules or investment portfolio mandates.

This may have a material adverse effect on the market price of such Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

There may be risks relating to ESG ratings and/or opinions in connection with the ESG Framework.

The suitability or reliability for any purpose whatsoever of any opinion (eg a second party opinion) of any third party (whether or not solicited by the respective Issuer) which may be made available in connection with the ESG Framework and/or the issue of any Notes and in particular with any ESG Projects to fulfil any environmental, sustainability, social and/or other criteria remains uncertain. Any such opinion may not address risks that may affect the market price of Notes or any ESG Projects to which the respective Issuer may assign the proceeds of the Notes. Any failure by the respective Issuer to obtain any opinion or any subsequent withdrawal of any such opinion will not constitute an event of default under the Notes and will not give the respective Issuer's Holders any acceleration or redemption right or other claims against the respective Issuer.

Further, any withdrawal of any such opinion or any such opinion attesting that the respective Issuer is not complying in whole or in part with any matters which such opinion is opining may have a material adverse effect on the market price of such Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Separately, the respective Issuer's exposure to ESG risks and the related management arrangements established to mitigate those risks may be assessed by ESG rating agencies in the future, among others, through ESG ratings. ESG ratings may vary amongst ESG rating agencies as the methodologies used to determine ESG ratings may differ. ESG ratings are not necessarily indicative of the respective Issuer's current or future operating or financial performance, or any future ability to service the Notes and are only current as of the dates on which they were initially issued. Any withdrawal of an ESG rating may have a material adverse effect on Notes which are intended to finance ESG Projects.

As of the date of this Securities Note, neither the issuance of ESG ratings or the issuance of second party opinions on ESG frameworks or note issuances are subject to comprehensive regulation and so far, no generally accepted industry standards have emerged. For this reason, any such ESG rating or second party opinion might not provide a fair and comprehensive summary of the relevant underlying facts or any such ESG rating or opinion might not address all relevant risks.

The listing or admission to trading of Notes issued as green bonds, sustainability bonds and/or social bonds on a dedicated "green", "environmental", "sustainability", "social" and/or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated) might not satisfy the investors' expectations or requirements.

In the event that any Notes are listed or admitted to trading on any dedicated "green", "environmental", "sustainability", "social" and/or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), such listing or admission might not satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any ESG Projects. Furthermore, the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Any such listing or admission to trading might not be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading might not be maintained during the life of the Notes.

Any such Notes no longer being listed or admitted to trading on any dedicated "green", "environmental", "sustainability", "social" and/or other equivalently-labelled segment of any stock exchange or securities market as aforesaid may have a material adverse effect on the market price of such Notes and also

potentially the market price of any other Notes which are intended to finance ESG Projects and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

If the net proceeds shall not be applied for purposes set out here or if further details regarding the use of the net proceeds by the respective Issuer need to be disclosed, the relevant information may be set out in the relevant Final Terms.

Green bonds, sustainability bonds and/or social bonds. The respective Issuer provides more details with regard to its green bond, sustainability bond and/or social bond issues (i) in the sustainability bond framework which is disclosed on the website of Erste Group (i.e. Erste Group Bank AG and all entities directly or indirectly controlled by Erste Group Bank AG) "www.erstegroup.com/en/investors/debt/Sustainable_Finance_Framework" (the "**ESG Framework**") and (ii) in the relevant Final Terms under "Use of Proceeds". Such ESG Framework may be updated from time to time. The ESG Framework is not, nor shall be deemed to be, incorporated into and/or form part of this Securities Note.

Further, the respective Issuer may provide more details with regard to any prospective green bond, sustainability bond and/or social bond issues (i) in a separate green bond framework, sustainability bond framework or social bond framework which will, if provided, be disclosed on its website and (ii) in the relevant Final Terms under "Use of Proceeds". Such prospective green bond framework, sustainability bond framework or social bond framework may be updated from time to time and will, if provided, not be, nor shall be deemed to be, incorporated into and/or form part of this Securities Note.

None of the respective Issuer, the Arranger, any Dealer, any of their affiliates or any other person mentioned in the Prospectus makes any representation as to the suitability of any Notes to fulfil environmental, social and/or sustainability criteria required or expected by any prospective investors as regards any investment criteria or guidelines with which such prospective investor or its investments are required to comply. Neither the respective Issuer, the Arranger nor any Dealer has undertaken, nor is responsible for, any assessment of such frameworks, any verification of whether ESG Projects meet the criteria set out in such frameworks or the monitoring of the use of proceeds.

Payment of principal and interest of green bonds, sustainability bonds and/or social bonds will be made from the general funds of the respective Issuer and will not be directly linked to the performance of any ESG Projects.

In relation to issuances of green bonds, sustainability bonds and/or social bonds, Erste Group Bank AG has mandated ISS ESG as second party opinion ("**SPO**") provider which is a provider of ESG research and analysis. This SPO also covers issuances of green bonds, sustainability bonds and/or social bonds of the respective Issuer. The SPO provider has evaluated the robustness and credibility of the ESG Framework and intended use of proceeds in terms of its alignment with relevant industry standards and provided its SPO thereon (as disclosed on the website "[www .erstegroup.com/en/investors/debt/Sustainable_Finance_Framework](http://www.erstegroup.com/en/investors/debt/Sustainable_Finance_Framework)"). Neither this SPO nor any other SPO is intended to address any credit, market or other aspects of an investment in any Notes, including without limitation market price, marketability, investor preference or suitability of any security. Such SPO is a statement of opinion, not a statement of fact. For the avoidance of doubt, any such SPO is not, nor shall be deemed to be, incorporated by reference into and/or form part of this Securities Note. Any such SPO is not, nor should be deemed to be, a recommendation by the respective Issuer, the Arranger, any Dealer or any other person to buy, sell or hold any such Notes. Any such SPO is only current as of the date that SPO was initially issued and may be updated, suspended or withdrawn by the relevant provider(s) at any time. Prospective investors must determine for themselves the relevance of any such SPO and/or the information contained therein and/or the provider of such SPO for the purpose of any investment in such Notes. Currently, the SPO providers are not subject to any specific regulatory or other regime or oversight. Holders might not have any recourse against such provider(s). None of the respective Issuer, the Arranger, any Dealer, any of their affiliates or any other person mentioned in the Prospectus makes any representation as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any SPO provider (whether or not solicited by the respective Issuer) which may be made available in connection with the issue of any Notes issued as green bonds, sustainability bonds and/or social bonds and in particular with any ESG assets to fulfil any environmental and/or other criteria.

The Notes issued as green bonds, sustainability bonds and/or social bonds are fully subject to the application of the CRR eligibility criteria and BRRD requirements for own funds and eligible liability instruments and thus carry the related risks of loss-absorption. Any failure by the respective Issuer with regards to the use of proceeds from such Notes or the expected performance of the eligible ESG assets will not jeopardize the qualification of (i) the Senior Preferred Notes and Senior Non-Preferred Notes as eligible liabilities instruments and (ii) the Subordinated Notes as Tier 2 instruments.

In that case, all instructions and explanatory notes and text set out in square brackets in the relevant set of Terms and Conditions of the Notes and any footnotes and explanatory text set out in the relevant Final Terms shall be deemed to have been deleted from the Conditions.

Majority resolutions of the Holders shall be binding on all Holders alike. A majority resolution of the Holders which does not provide for identical conditions for all Holders is void unless Holders who are disadvantaged have expressly consented to their being treated disadvantageously.

(2) *Majority Requirements.* Resolutions relating to material amendments of these Terms and Conditions, in particular consents to the measures set out in § 5 (3) of the Act on Debt Securities shall be passed by a majority of not less than 75 per cent. The Joint Representative shall provide reports to the Holders on its activities. The regulations of the Act on Debt Securities apply with regard to the recall and the other rights and obligations of the Joint Representative.]

- (f) changes in the currency of the Notes;
- (g) waiver or limitation of the Holders' right of termination;
- (h) substitution of the Issuer; and
- (i) amendments to or cancellation of ancillary conditions of the Notes.

Any amendments will not be made if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to (i) result in a change in the regulatory classification of the Notes that would be likely to result in their exclusion from own funds or reclassification as a lower quality form of own funds, or (ii) prejudice the qualification of the Notes as eligible liabilities or loss absorbing capacity instruments for the purposes of the Applicable Supervisory Regulations.

(3) *Convening a Meeting of Holders.* The Holders' meeting shall be convened by the Issuer or by the Joint Representative. It shall be convened if Holders who together hold 5 per cent. of the outstanding Notes request such convocation in writing for the purpose of appointing or removing a Joint Representative, passing a resolution in order to render a termination invalid or for any other particular interest in such convocation.

(4) *Contents of the Convening Notice, Publication.* The convening notice shall state the name and the registered office of the Issuer and the time of the Holders' meeting, the agenda and the conditions on which attendance at the Holders' meeting and the exercise of voting rights shall depend. As evidence for the entitlement to participate in the Holders' meeting a special confirmation issued by the Clearing System or the Custodian in text form shall be presented.

(6) *Agenda.* The convening party shall include in the agenda a proposed resolution for each subject on which the Holders' meeting is to pass a resolution. The agenda of the Holders' meeting shall be published together with the convening notice. No resolutions may be passed on agenda items that have not been published in the required manner. Holders who together hold 5 per cent. of the outstanding Notes may request that new items be published for resolution. Such new items must be published no later than the third calendar day preceding the Holders' meeting. Without undue delay and until the date of the Holders' meeting, the Issuer shall make available to the Holders on its website (www.erstegroup.com), any counter-motions announced by a Holder before the meeting.

(7) *Quorum.* The Chairperson shall prepare a register of Holders participating in the vote. Such register shall include the Holders' names, their registered offices or places of residence and the number of voting rights represented by each Holder. Such register shall be signed by the Chairperson of the meeting and be made available without undue delay to all Holders. The Holders' meeting shall have a quorum if the persons present represent at least fifty per cent of the outstanding Notes by value. If the Holders' meeting does not have a quorum, the Chairperson may convene a second meeting for the purposes of passing the resolution(s) anew. Such second meeting requires no quorum. For resolutions which require a qualified majority the persons present must represent at least 25 per cent. of the outstanding Notes. Notes for which voting rights have been suspended shall not be included in the outstanding Notes.

(8) *Majority Requirements.* Resolutions relating to material amendments of these Terms and Conditions, in particular consents to the measures set out in § 11 (2) above shall be passed by a majority of not less than 75 per cent. (Qualified Majority) of the votes cast. Resolutions relating to amendments of these Terms and Conditions which are not material require a simple majority of the votes cast.

(9) *Vote without a Meeting.* All votes will be taken exclusively by vote taken without a meeting. The vote shall be conducted by the scrutineer. The scrutineer shall be a notary appointed by the Issuer, or the Joint Representative if it has requested such vote. The request for voting shall set out the period within which votes may be cast. Such period shall be at least 72 hours. During the voting period, the Holders may cast their votes to the scrutineer in text form. The request shall set out in detail the conditions to be met in order for the votes to be valid. The scrutineer shall ascertain the entitlement to cast a vote by means of the evidence provided and shall prepare a list of Holders entitled to vote. If it is ascertained that no quorum exists, the scrutineer may convene a Holders' meeting, which shall be deemed to be a second Holders' meeting within the meaning of § 11 (7). Any resolution passed by the vote shall be recorded in the minutes by a notary. Each Holder participating in the vote may request within one year of the end of the voting period a copy of the minutes and its annexes from the Issuer. Each Holder participating in the vote may object to the result in writing within two weeks of publication of the resolutions. The scrutineer shall decide on any such objection. If it takes remedial action as a result of the objection, it shall publish the result without undue delay. § 11 (13) shall apply *mutatis mutandis*. If the scrutineer does not take remedial action as a result of the objection, it shall notify the objecting Holder without undue delay in writing.

(10) *Voting Right.* Each Holder shall participate in votes in accordance with the principal amount of the outstanding Notes held by such Holder. Voting rights are suspended with respect to the shares attributable to the Issuer or any of its Subsidiaries or held for the account of the Issuer or any of its Subsidiaries. The Issuer may not make available Notes for which the voting rights have been suspended to any third party for the purposes of exercising the voting rights in lieu of the Issuer. This shall also apply to any Subsidiaries of the Issuer. Exercise of voting rights for the purposes specified above is prohibited. It is prohibited to offer, promise or grant any advantage as consideration to any person entitled to vote not to vote, or to vote in a particular way, in a Holders' meeting or a vote. No person entitled to vote may require, accept any promise of or accept any advantage or consideration for not voting, or voting in a particular way, in a Holders' meeting or a vote.

(12) *Voting, Minutes.* The provisions of the Austrian Stock Corporation Act (*Aktiengesetz*) regarding the voting of shareholders in the general meeting shall apply *mutatis mutandis* to the casting and counting of

AMENDMENT OF THE TERMS AND CONDITIONS, JOINT REPRESENTATIVE

(1) Amendment of the Terms and Conditions. In accordance with subsequent provisions the Holders may agree with the Issuer on amendments of these Terms and Conditions with regard to certain matters by resolution with the majority specified below. Majority resolutions of the Holders shall be binding on all Holders alike. A majority resolution of the Holders which does not provide for identical conditions for all Holders is void unless Holders who are disadvantaged have expressly consented to their being treated disadvantageously.

(2) The Holders may consent, by qualified majority resolution as provided by § 11 (8), to the following material measures:

- (a) changes in the due date or reduction or exclusion of interest payments;
- (b) changes in the due date of the principal amount;
- (c) reduction of the principal amount;
- (d) changes in the currency of the Notes;
- (e) waiver or limitation of the Holders' right of termination;
- (f) substitution of the Issuer; and
- (g) amendments to or cancellation of ancillary conditions of the Notes.

All other resolutions/measures to be consented to and/or passed by the Holders (except the measures as stated under point (a) to (g) above) shall be deemed as not material and may be passed by simple majority of the Holders as provided by § 11 (8).

Any amendments will not be made if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to (i) result in a change in the regulatory classification of the Notes that would be likely to result in their exclusion from own funds or reclassification as a lower quality form of own funds, or (ii) prejudice the qualification of the Notes as eligible liabilities or loss absorbing capacity instruments for the purposes of the bank resolution laws applicable to the Issuer from time to time.

(3) *Convening a Meeting of Holders.* The Holders' meeting shall be convened by the Issuer or by the Joint Representative of the Holders. It shall be convened if Holders who together hold 5 per cent. of the outstanding Notes request such convocation in writing for the purpose of appointing or removing a Joint Representative or for any other particular interest in such convocation.

(4) *Contents of the Convening Notice, Publication.* The convening notice shall state the name and the registered office of the Issuer and the time and location of the Holders' meeting, the agenda with explanation of the proposed decisions, record date and the conditions on which attendance at the Holders' meeting and the exercise of voting rights shall depend, including the form of the power of attorney for exercise of rights at the meeting. The convening notice shall be published pursuant to § 10.

(5) *Convening Period, Evidence.* The Holders' meeting shall be called at least 14 calendar days before the date of the meeting. As evidence for the entitlement to participate in the Holders' meeting a certificate of deposit or an up-to-date securities account statement issued by the Clearing System or the Custodian in text form shall be presented.

(6) *Agenda.* The convening party shall include in the agenda a proposed resolution for each subject on which the Holders' meeting is to pass a resolution. The agenda of the Holders' meeting shall be published together with the convening notice. No resolutions may be passed on agenda items that have not been published in accordance with § 10. Holders who together hold 5 per cent. of the outstanding Notes may request that new items be published for resolution. Such new items must be published in accordance with § 10 no later than the third calendar day preceding the Holders' meeting. Without undue delay and until the date of the Holders' meeting, the Issuer shall make available to the Holders in accordance with § 10, any counter-motions announced by a Holder before the meeting.

(7) *Quorum*. The Chairperson shall prepare a register of Holders participating in the vote. Such register shall include the Holders' names, their registered offices or places of residence and the number of voting rights represented by each Holder. Such register shall be signed by the Chairperson of the meeting and be made available for review without undue delay to all Holders at the location of the Holder's meeting designated in the convening notice. The Holders' meeting shall have a quorum if the persons present represent at least fifty per cent of the outstanding Notes by value. If the Holders' meeting does not have a quorum, the Chairperson may convene a second meeting on a day falling at least three days following the first Holders' meeting for the purposes of passing the resolution(s) anew. Such second meeting requires no quorum. For resolutions which require a qualified majority the persons present must represent at least 25 per cent. of the outstanding Notes. Notes for which voting rights have been suspended shall not be included in the outstanding Notes.

(8) *Majority Requirements*. Resolutions relating to material measures and amendments to the Terms and Conditions as set out in § 11 (2) lit (a) to (g) above shall be passed by a majority of not less than 75 per cent. (Qualified Majority) of the votes cast. Resolutions relating to amendments of these Terms and Conditions which are not material require a simple majority of the votes cast.

(9) *Vote without a Meeting*. All votes will be taken exclusively by vote taken without a meeting. The vote shall be conducted by the scrutineer. The scrutineer shall be a notary appointed by the Issuer, or the Joint Representative of the Holders if the meeting has been convened by him. The request for voting shall set out the period within which votes may be cast. Such period shall be at least 72 hours. During the voting period, the Holders may cast their votes to the scrutineer in written form as specified in the convening notice. The request shall set out in detail the conditions to be met in order for the votes to be valid. The scrutineer shall ascertain the entitlement to cast a vote by means of the evidence provided and shall prepare a list of Holders entitled to vote. If it is ascertained that no quorum exists, the scrutineer may convene a Holders' meeting, which shall be deemed to be a second Holders' meeting within the meaning of § 11 (7). Any resolution passed by the vote shall be recorded in the minutes by a notary. Each Holder participating in the vote may request within one year of the end of the voting period a copy of the minutes and its annexes from the Issuer. Each Holder participating in the vote may object to the result in writing within two weeks of publication of the resolutions. The scrutineer shall decide on any such objection. If it takes remedial action as a result of the objection, it shall publish the result without undue delay. § 11 (13) shall apply mutatis mutandis. If the scrutineer does not take remedial action as a result of the objection, it shall notify the objecting Holder without undue delay in writing.

(10) *Voting Right*. Each Holder shall participate in votes in accordance with the principal amount of the outstanding Notes held by such Holder. Voting rights are suspended with respect to the shares attributable to the Issuer or any of its Subsidiaries or held for the account of the Issuer or any of its Subsidiaries. The Issuer may not make available Notes for which the voting rights have been suspended to any third party for the purposes of exercising the voting rights in lieu of the Issuer. This shall also apply to any Subsidiaries of the Issuer. Exercise of voting rights for the purposes specified above is prohibited. It is prohibited to offer, promise or grant any advantage as consideration to any person entitled to vote not to vote, or to vote in a particular way, in a Holders' meeting or a vote. No person entitled to vote may require, accept any promise of or accept any advantage or consideration for not voting, or voting in a particular way, in a Holders' meeting or a vote.

(11) *Chair of the Vote*. The vote will be chaired by a notary appointed by the Issuer or, if the Joint Representative has convened the vote, by the Joint Representative (the "**Chairperson**").

(a) *Benchmark Event.* In the event of a Benchmark Event (as defined below),

- (i) the Issuer shall, as soon as this is (in the Issuer's view) required following the occurrence of the Benchmark Event and prior to the next Interest Determination Date, use reasonable endeavours to appoint an Independent Advisor (as defined below) that shall determine in its reasonable discretion (in consultation with the Calculation Agent) a New Benchmark Rate (as defined below) which shall replace the Original Benchmark Rate affected by the Benchmark Event, the Adjustment Spread (in accordance with § 3 (4) (b) below) and the Benchmark Amendments (in accordance with § 3 (4) (c) below) (if required); or
- (ii) if, prior to the 10th Business Day prior to the Effective Date (as defined below), no Independent Advisor is or can be appointed by the Issuer or if an Independent Advisor is appointed by the Issuer, but has not determined a New Benchmark Rate, has not determined the Adjustment Spread and/or has not determined the Benchmark Amendments (if required), then the Issuer shall determine in its reasonable discretion (in consultation with the Calculation Agent) a New Benchmark Rate which shall replace the Original Benchmark Rate affected by the Benchmark Event, the Adjustment Spread and the Benchmark Amendments (if required).

Any New Benchmark Rate, the Adjustment Spread and any Benchmark Amendments shall apply from (and including) the Interest Determination Date selected by the Independent Advisor (in the case of (i)

above) or the Issuer (in the case of (ii) above) in its reasonable discretion, which shall fall no earlier than the Interest Determination Date falling on or, if it is not an Interest Determination Date, the Interest Determination Date immediately following the date on which the Benchmark Event becomes effective (the "**Effective Date**").

Notwithstanding the generality of the foregoing, and without prejudice to the definitions of Adjustment Spread, New Benchmark Rate, Substitute Benchmark Rate and Alternative Benchmark Rate below, the Independent Advisor (in the case of (i) above) or the Issuer (in the case of (ii) above) shall, when making any determination in accordance with this § 3 (4), take into consideration any Official Substitution Concept, any Industry Solution or any Generally Accepted Market Practice.

- (i) is formally recommended in relation to the replacement of the Original Benchmark Rate with the New Benchmark Rate by any Official Substitution Concept or, failing which, any Industry Solution or, if there is more than one such formal recommendation, such recommendation as selected by the Independent Advisor (in the case of § 3 (4) (a)(i) above) or the Issuer (in the case of § 3 (4) (a)(ii) above) in its reasonable discretion; or
- (ii) if no such recommendation has been made, which the Independent Advisor (in the case of § 3 (4) (a)(i) above) or the Issuer (in the case of § 3 (4) (a)(ii) above) determines in its reasonable discretion is otherwise recognised or acknowledged as being the industry standard for over-the-counter derivative transactions or customarily applied or is market practice to apply in the international debt capital markets for other bonds which in either case reference the Original Benchmark Rate, where such rate has been replaced by the New Benchmark Rate (or, alternatively, in the international swap markets); or
- (iii) if the Independent Advisor (in the case of § 3 (4) (a)(i) above) or the Issuer (in the case of § 3 (4) (a)(ii) above) determines that also no such other industry standard is recognised or acknowledged, the Independent Advisor (in the case of § 3 (4) (a)(i) above) or the Issuer (in the case of § 3 (4) (a)(ii) above) determines in its reasonable discretion to be appropriate.

"**Alternative Benchmark Rate**" means an alternative benchmark or screen rate which is customarily applied in the international debt capital markets (or, alternatively, the international swap markets) for the purposes of determining reset rates of interest (or the relevant component part thereof) in the Specified Currency, provided that all determinations will be made by the Independent Advisor (in the case of § 3 (4) (a)(i) above) or the Issuer (in the case of § 3 (4) (a)(ii) above).

A "**Benchmark Event**" occurs if:

- (1) a public statement or publication of information by or on behalf of the regulatory supervisor of the Original Benchmark Rate administrator is made, stating that said administrator has ceased

- (4) it has become, for any reason, unlawful under any law or regulation applicable to the Principal Paying Agent, any Paying Agent, the Calculation Agent, the Issuer or any other party to use the Original Benchmark Rate; or

"Independent Advisor" means an independent financial institution of international repute or other independent financial advisor experienced in the international debt capital markets, in each case appointed by the Issuer at its own expense.

"New Benchmark Rate" means any substitute or alternative replacement rate (expressed as a percentage rate *per annum*) to the Original Benchmark Rate determined by the Independent Advisor (in the case of § 3 (4) (a)(i) above) or the Issuer (in the case of § 3 (4) (a)(ii) above) in its reasonable discretion as follows:

"Official Substitution Concept" means any binding or non-binding public statement by (A) the EU Commission or any EU Member State taking into account, where available, the recommendation by an alternative reference rate working group operating under the auspices of the central bank responsible for the currency in which the interest rates of the replacement benchmark are denominated or (B) any of the following entities, provided that they are competent to make such statement: a central bank, a supervisory authority or a supervisory or expert body of the financial sector established under public law or composed of publicly appointed members, pursuant to which a certain benchmark rate, subject

to certain adjustments (if any), should or could be used to replace the Original Benchmark Rate or pursuant to which a certain procedure should or could be used in order to determine payment obligations which would otherwise be determined by reference to the Original Benchmark Rate.

"Substitute Benchmark Rate" means any substitute replacement rate to the Original Benchmark Rate (expressed as a percentage rate per annum) (i) nominated by the EU Commission or any EU Member State taking into account, where available, the recommendation by an alternative reference rate working group operating under the auspices of the central bank responsible for the currency in which the interest rates of the replacement benchmark are denominated; or (ii) nominated by any of the following entities, provided that they are competent to make such nominations: a central bank, a supervisory authority or any supervisory or expert body of the financial sector established under public law or composed of publicly appointed members including any working group or committee chaired or co-chaired by or constituted at the request of the central bank or other supervisory authority for being used for determining the interest scheduled to be paid under the Notes determined by the Independent Advisor (in the case of § 3 (4) (a)(i) above) or the Issuer (in the case of § 3 (4) (a)(ii) above) in its reasonable discretion.

- (e) If, prior to the 10th Business Day prior to the relevant Interest Determination Date,

 - (ii) the Independent Advisor appointed by it (in the case of § 3 (4) (a)(i) above) or the Issuer (in the case of § 3 (4) (a)(ii) above) has not determined a New Benchmark Rate, has not determined the Adjustment Spread and/or has not determined the Benchmark Amendments (if required) in accordance with this § 3 (4),

the Reference Rate applicable to the next Interest Period shall be equal to the Reference Rate determined on the last preceding Interest Determination Date.

For the avoidance of doubt, the operation of this clause (e) shall apply to the Effective Date and the corresponding Interest Period only. Any subsequent Interest Determination Date and Interest Period shall be subject to the subsequent operation of, and to adjustment as provided in, this § 3 (4).

- (f) Following the occurrence of a Benchmark Event, the Issuer will give notice of the occurrence of the Benchmark Event, the New Benchmark Rate, the Adjustment Spread and the Benchmark Amendments (if required) to the Calculation Agent, to the Holders in accordance with § 10 and, if required by the rules of any stock exchange on which the Notes are from time to time listed, to such stock exchange as soon as possible but in no event later than on the 10th Business Day prior to the Effective Date.

In this case, any reference in this § 3 to the term Original Benchmark Rate shall be deemed to be a reference to the New Benchmark Rate that last applied.
- (h) Any reference in this § 3 (4) to the term Original Benchmark Rate shall be deemed to include a reference to any component part thereof, if any, in respect of which a Benchmark Event has occurred.

Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to any relevant stock exchange on which the Notes are then listed at the initiative of the Issuer and to the Holders in accordance with § 10.

The Calculation Agent will determine the relevant Reference Rate in accordance with this § 3 (4) for each Reset Period on the relevant Reset Determination Date.

The "Reference Rate" for each Reset Date will be,

- (i) as long as no Benchmark Event (as defined in § 3 (4) (c)(iv)) has occurred,
 - (A) the Original Benchmark Rate on the relevant Reset Determination Date, as determined by the Calculation Agent; or
 - (B) the Reference Bank Rate on the relevant Reset Determination Date if the Screen Page is unavailable or if the Original Benchmark Rate does not appear on the Screen Page as at such time on the relevant Reset Determination Date, all as determined by the Calculation Agent;
- (ii) if a Benchmark Event has occurred, determined in accordance with § 3 (4) (c) for each Reset Period commencing on or after the Effective Date (as defined in § 3 (4) (c)(i)); or
- (iii) if, in the determination of the Issuer, the determination of the Reference Rate could reasonably be expected to entitle the Issuer to redeem the Notes for regulatory reasons pursuant to § 5 (3) and/or would prejudice the qualification of the Notes [as Tier 2 Instruments and/or] as eligible liabilities or loss absorbing capacity instruments for the purposes of the bank resolution laws applicable to the Issuer from time to time, the Reference Rate applicable to the next and each subsequent Reset Period shall be the Reference Rate determined on the last preceding Reset Determination Date, provided that if this clause (iii) is to be applied on the Reset Determination Date prior to the commencement of the first Reset Period, the Reference Rate applicable to the first and each subsequent Reset Period shall be [*insert (i) the reoffer yield at the time of pricing of the Notes minus (ii) the Margin*] per cent. *per annum.*

If three or more of the Reference Banks provide the Calculation Agent with such rates, the Reference Bank Rate for the relevant Reset Period shall be deemed to be the arithmetic mean (rounded if necessary to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards) of such rates eliminating the highest rate (or, in the event of equality, one of the highest) and the lowest rate (or, in the event of equality, one of the lowest), all as determined by the Calculation Agent.

If the Reference Bank Rate cannot be determined in accordance with the foregoing provisions of this definition of the term "Reference Bank Rate", the Reference Bank Rate for the relevant Reset Period shall be equal to the Original Benchmark Rate on the Screen Page on the last day preceding the Reset Determination Date on which such Original Benchmark Rate was displayed.

§ 11

AMENDMENT OF THE TERMS AND CONDITIONS, JOINT REPRESENTATIVE

(1) Amendment of the Terms and Conditions. In accordance with subsequent provisions the Holders may agree with the Issuer on amendments of these Terms and Conditions with regard to certain matters by resolution with the majority specified below. Majority resolutions of the Holders shall be binding on all Holders alike. A majority resolution of the Holders which does not provide for identical conditions for all Holders is void unless Holders who are disadvantaged have expressly consented to their being treated disadvantageously.

(2) The Holders may consent, by qualified majority resolution as provided by § 11 (8), to the following material measures:

- (a) changes in the due date or reduction or exclusion of interest payments;
- (b) changes in the due date of the principal amount;
- (c) reduction of the principal amount;
- (d) changes in the currency of the Notes;
- (e) waiver or limitation of the Holders' right of termination;
- (f) substitution of the Issuer; and

(g) amendments to or cancellation of ancillary conditions of the Notes.

All other resolutions/measures to be consented to and/or passed by the Holders (except the measures as stated under point (a) to (g) above) shall be deemed as not material and may be passed by simple majority of the Holders as provided by § 11 (8).

Any amendments will not be made if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to (i) result in a change in the regulatory classification of the Notes that would be likely to result in their exclusion from own funds or reclassification as a lower quality form of own funds, or (ii) prejudice the qualification of the Notes as eligible liabilities or loss absorbing capacity instruments for the purposes of the bank resolution laws applicable to the Issuer from time to time.

(3) *Convening a Meeting of Holders.* The Holders' meeting shall be convened by the Issuer or by the Joint Representative of the Holders. It shall be convened if Holders who together hold 5 per cent. of the outstanding Notes request such convocation in writing for the purpose of appointing or removing a Joint Representative or for any other particular interest in such convocation.

The convening notice shall be published pursuant to § 10.

(5) *Convening Period, Evidence.* The Holders' meeting shall be called at least 14 calendar days before the date of the meeting. (6) *Agenda.* The convening party shall include in the agenda a proposed resolution for each subject on which the Holders' meeting is to pass a resolution. The agenda of the Holders' meeting shall be published together with the convening notice. No resolutions may be passed on agenda items that have not been published in accordance with § 10. Holders who together hold 5 per cent. of the outstanding Notes may request that new items be published for resolution. Such new items must be published in accordance with § 10 no later than the third calendar day preceding the Holders' meeting. Without undue delay and until the date of the Holders' meeting, the Issuer shall make available to the Holders in accordance with § 10, any counter-motions announced by a Holder before the meeting.

(7) *Quorum.* The Chairperson shall prepare a register of Holders participating in the vote. Such register shall include the Holders' names, their registered offices or places of residence and the number of voting rights represented by each Holder. Such register shall be signed by the Chairperson of the meeting and be made available for review without undue delay to all Holders at the location of the Holder's meeting designated in the convening notice. The Holders' meeting shall have a quorum if the persons present represent at least fifty per cent of the outstanding Notes by value. If the Holders' meeting does not have a quorum, the Chairperson may convene a second meeting on a day falling at least three days following the first Holders' meeting for the purposes of passing the resolution(s) anew. Such second meeting requires no quorum. For resolutions which require a qualified majority the persons present must represent at least 25 per cent. of the outstanding Notes. Notes for which voting rights have been suspended shall not be included in the outstanding Notes.

(8) *Majority Requirements.* Resolutions relating to material measures and amendments to the Terms and Conditions as set out in § 11 (2) lit (a) to (g) above shall be passed by a majority of not less than 75 per cent. (Qualified Majority) of the votes cast. Resolutions relating to amendments of these Terms and Conditions which are not material require a simple majority of the votes cast.

The scrutineer shall be a notary appointed by the Issuer, or the Joint Representative of the Holders if the meeting has been convened by him. The request for voting shall set out the period within which votes may be cast. Such period shall be at least 72 hours. During the voting period, the Holders may cast their votes to the scrutineer in written form as specified in the convening notice. The request shall set out in detail the conditions to be met in order for the votes to be valid. The scrutineer shall ascertain the entitlement to cast a vote by means of the evidence provided and shall prepare a list of Holders entitled to vote. If it is ascertained that no quorum exists, the scrutineer may convene a Holders' meeting, which shall be deemed to be a second Holders' meeting within the meaning of § 11 (7). Any resolution passed by the vote shall be recorded in the minutes by a notary. Each Holder participating in the vote may request within one year of the end of the voting period a copy of the minutes and its annexes from the Issuer.

Each Holder participating in the vote may object to the result in writing within two weeks of publication of the resolutions. The scrutineer shall decide on any such objection. If it takes remedial action as a result of the objection, it shall publish the result without undue delay. § 11 (13) shall apply mutatis mutandis. If the scrutineer does not take remedial action as a result of the objection, it shall notify the objecting Holder without undue delay in writing.

(10) *Voting Right.* Each Holder shall participate in votes in accordance with the principal amount of the outstanding Notes held by such Holder. Voting rights are suspended with respect to the shares attributable to the Issuer or any of its Subsidiaries or held for the account of the Issuer or any of its Subsidiaries. The Issuer may not make available Notes for which the voting rights have been suspended to any third party for the purposes of exercising the voting rights in lieu of the Issuer. This shall also apply to any Subsidiaries of the Issuer. Exercise of voting rights for the purposes specified above is prohibited. It is prohibited to offer, promise or grant any advantage as consideration to any person entitled to vote not to vote, or to vote in a particular way, in a Holders' meeting or a vote. No person entitled to vote may require, accept any promise of or accept any advantage or consideration for not voting, or voting in a particular way, in a Holders' meeting or a vote.

The resolutions shall be published without undue delay pursuant § 10. - (ii) if a Benchmark Event has occurred, determined in accordance with § 3 (2) (e) for each Floating Rate Interest Period commencing on or after the Effective Date (as defined in § 3 (2) (e)(i)); or
- (iii) if, in the determination of the Issuer, the determination of the Reference Rate could reasonably be expected to entitle the Issuer to redeem the Notes for regulatory reasons pursuant to § 5 (3) and/or would prejudice the qualification of the Notes [as Tier 2 Instruments and/or] as eligible liabilities or loss absorbing capacity instruments for the purposes of the bank resolution laws applicable to the Issuer from time to time, the Reference Rate applicable to the next and each subsequent Floating Rate Interest Period shall be the Reference Rate determined on the last preceding Interest Determination Date, provided that if this clause (iii) is to be applied on the Interest Determination Date prior to the commencement of the Floating Rate Interest Period, the Reference Rate applicable to the first and each subsequent Floating Rate Interest Period shall be **[insert (i) the reoffer yield at the time of pricing of the Notes minus (ii) the Margin]** per cent. *per annum*.

(e) *New Benchmark Rate.*

- (i) *Benchmark Event.* In the event of a Benchmark Event (as defined below),
- (A) the Issuer shall, as soon as this is (in the Issuer's view) required following the occurrence of the Benchmark Event and prior to the next Interest Determination Date, use reasonable endeavours to appoint an Independent Advisor (as defined below) that shall determine in its reasonable discretion (in consultation with the Calculation Agent) a New Benchmark Rate (as defined below) which shall replace the Original Benchmark Rate affected by the Benchmark Event, the Adjustment Spread (in accordance with § 3 (2) (e)(ii) below) and the Benchmark Amendments (in accordance with § 3 (2) (e)(iii) below) (if required); or
- (B) if, prior to the 10th Business Day prior to the Effective Date (as defined below), no Independent Advisor is or can be appointed by the Issuer or if an Independent Advisor is appointed by the Issuer, but has not determined a New Benchmark Rate, has not determined the Adjustment Spread and/or has not determined the Benchmark Amendments (if required), then the Issuer shall determine in its reasonable discretion (in consultation with the Calculation Agent) a New Benchmark Rate which shall replace the Original Benchmark Rate affected by the Benchmark Event, the Adjustment Spread and the Benchmark Amendments (if required).

Any New Benchmark Rate, the Adjustment Spread and any Benchmark Amendments shall apply from (and including) the Interest Determination Date selected by the Independent Advisor (in the case of (A) above) or the Issuer (in the case of (B) above) in its reasonable discretion, which shall fall no earlier than the Interest Determination Date falling on or, if it is not an Interest Determination Date, the Interest Determination Date immediately following the date on which the Benchmark Event becomes effective (the "**Effective Date**").

Notwithstanding the generality of the foregoing, and without prejudice to the definitions of Adjustment Spread, New Benchmark Rate, Substitute Benchmark Rate and Alternative Benchmark Rate below, the Independent Advisor (in the case of (A) above) or the Issuer (in the case of (B) above) shall, when making any determination in accordance with this § 3 (2) (e), take into consideration any Official Substitution Concept, any Industry Solution or any Generally Accepted Market Practice.

- (ii) *Adjustment Spread.* The Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above) shall determine in its reasonable discretion the Adjustment Spread (as defined below), and such Adjustment Spread shall be applied to the New Benchmark Rate.
- (iii) *Benchmark Amendments.* If the Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above) determines in its reasonable discretion a New Benchmark Rate, the Issuer shall also be entitled to make, in its reasonable discretion, such adjustments to the Terms and Conditions relating to the determination of the Original Benchmark Rate (including, without limitation, the Interest Determination Date, the Floating Rate Day Count Fraction, the Business Days, the Business Day Convention the relevant time and the relevant Screen Page for obtaining the New Benchmark Rate and the fall back provisions in the event that the relevant Screen Page is not available) which in the opinion of the Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the

Issuer (in the case of § 3 (2) (e)(i)(B) above) are necessary or expedient to make the substitution of the Original Benchmark Rate by the New Benchmark Rate operative (such amendments, the "**Benchmark Amendments**").

(iv) Definitions.

"**Adjustment Spread**" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above) determines in its reasonable discretion is required to be applied to the relevant New Benchmark Rate which:

- (A) is formally recommended in relation to the replacement of the Original Benchmark Rate with the New Benchmark Rate by any Official Substitution Concept or, failing which, any Industry Solution or, if there is more than one such formal recommendation, such recommendation as selected by the Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above) in its reasonable discretion; or
- (B) if no such recommendation has been made, which the Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above) determines in its reasonable discretion is otherwise recognised or acknowledged as being the industry standard for over-the-counter derivative transactions or customarily applied or is market practice to apply in the international debt capital markets for other bonds which in either case reference the Original Benchmark Rate, where such rate has been replaced by the New Benchmark Rate (or, alternatively, in the international swap markets); or
- (C) if the Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above) determines that also no such other industry standard is recognised or acknowledged, the Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above) determines in its reasonable discretion to be appropriate.

"**Alternative Benchmark Rate**" means an alternative benchmark or screen rate which is customarily applied in the international debt capital markets (or, alternatively, the international swap markets) for the purposes of determining reset rates of interest (or the relevant component part thereof) in the Specified Currency, provided that all determinations will be made by the Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above).

A "**Benchmark Event**" occurs if:

- (1) a public statement or publication of information by or on behalf of the regulatory supervisor of the Original Benchmark Rate administrator is made, stating that said administrator has ceased or will cease to provide the Original Benchmark Rate permanently or indefinitely, unless there is a successor administrator that will continue to provide the Original Benchmark Rate; or
- (2) a public statement or publication of information by or on behalf of the Original Benchmark Rate administrator is made, stating that said administrator has ceased or will cease to provide the Original Benchmark Rate permanently or indefinitely, unless there is a successor administrator that will continue to provide the Original Benchmark Rate; or
- (3) a public statement by the regulatory supervisor of the Original Benchmark Rate administrator is made that, in its view, the Original Benchmark Rate is no longer, or will no longer be, representative of the underlying market it purports to measure and no action to remediate such a situation is taken or expected to be taken as required by the supervisor of the Original Benchmark Rate administrator; or
- (4) it has become, for any reason, unlawful under any law or regulation applicable to the Principal Paying Agent, any Paying Agent, the Calculation Agent, the Issuer or any other party to use the Original Benchmark Rate; or
- (5) the Original Benchmark Rate is permanently no longer published without a previous official announcement by the competent authority or the administrator; or
- (6) a material change is made to the Original Benchmark Rate methodology.

"**Generally Accepted Market Practice**" means the customary use of a certain benchmark rate, subject to certain adjustments (if any), as substitute benchmark rate for the Original Benchmark Rate or of provisions, contractual or otherwise, providing for a certain procedure to determine payment obligations which would otherwise have been determined by reference to the Original Benchmark Rate

"New Benchmark Rate" means any substitute or alternative replacement rate (expressed as a percentage rate *per annum*) to the Original Benchmark Rate determined by the Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above) in its reasonable discretion as follows:

- (A) If a Substitute Benchmark Rate exists, then such Substitute Benchmark Rate shall constitute the New Benchmark Rate.
- (B) If no Substitute Benchmark Rate exists but there is an Alternative Benchmark Rate, then such Alternative Benchmark Rate shall subsequently be the New Benchmark Rate.

"Official Substitution Concept" means any binding or non-binding public statement by (A) the EU Commission or any EU Member State taking into account, where available, the recommendation by an alternative reference rate working group operating under the auspices of the central bank responsible for the currency in which the interest rates of the replacement benchmark are denominated or (B) any of the following entities, provided that they are competent to make such statement: a central bank, a supervisory authority or a supervisory or expert body of the financial sector established under public law or composed of publicly appointed members, pursuant to which a certain benchmark rate, subject to certain adjustments (if any), should or could be used to replace the Original Benchmark Rate or pursuant to which a certain procedure should or could be used in order to determine payment obligations which would otherwise be determined by reference to the Original Benchmark Rate.

"Substitute Benchmark Rate" means any substitute replacement rate to the Original Benchmark Rate (expressed as a percentage rate *per annum*) (i) nominated by the EU Commission or any EU Member State taking into account, where available, the recommendation by an alternative reference rate working group operating under the auspices of the central bank responsible for the currency in which the interest rates of the replacement benchmark are denominated; or (ii) nominated by any of the following entities, provided that they are competent to make such nominations: a central bank, a supervisory authority or any supervisory or expert body of the financial sector established under public law or composed of publicly appointed members including any working group or committee chaired or co-chaired by or constituted at the request of the central bank or other supervisory authority for being used for determining the interest scheduled to be paid under the Notes determined by the Independent Advisor (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above) in its reasonable discretion.

- (v) If, prior to the 10th Business Day prior to the relevant Interest Determination Date,
 - (A) the Issuer has not appointed an Independent Advisor; or
 - (B) the Independent Advisor appointed by it (in the case of § 3 (2) (e)(i)(A) above) or the Issuer (in the case of § 3 (2) (e)(i)(B) above) has not determined a New Benchmark Rate, has not determined the Adjustment Spread and/or has not determined the Benchmark Amendments (if required) in accordance with this § 3 (2) (e),

the Reference Rate applicable to the next Floating Rate Interest Period shall be equal to the Reference Rate determined on the last preceding Interest Determination Date. If this § 3 (2) (e)(v) were to be applied on the first Interest Determination Date prior to the commencement of the first Floating Rate Interest Period, the Reference Rate applicable to the first Floating Rate Interest Period

shall be **[insert (i) the reoffer yield at the time of pricing of the Notes minus (ii) the Margin]** per cent. *per annum*.

For the avoidance of doubt, the operation of this clause (v) shall apply to the Effective Date and the corresponding Floating Rate Interest Period only. Any subsequent Interest Determination Date and Floating Rate Interest Period shall be subject to the subsequent operation of, and to adjustment as provided in, this § 3 (2) (e).

- (vi) Following the occurrence of a Benchmark Event, the Issuer will give notice of the occurrence of the Benchmark Event, the New Benchmark Rate, the Adjustment Spread and the Benchmark Amendments (if required) to the Calculation Agent, to the Holders in accordance with § 10 and, if required by the rules of any stock exchange on which the Notes are from time to time listed, to such stock exchange as soon as possible but in no event later than on the 10th Business Day prior to the Effective Date.
- (vii) If a Benchmark Event occurs in relation to any New Benchmark Rate, this § 3 (2) shall apply *mutatis mutandis* to the replacement of such New Benchmark Rate by any new New Benchmark Rate. In this case, any reference in this § 3 to the term Original Benchmark Rate shall be deemed to be a reference to the New Benchmark Rate that last applied.
- (viii) Any reference in this § 3 (2) (e) to the term Original Benchmark Rate shall be deemed to include a reference to any component part thereof, if any, in respect of which a Benchmark Event has occurred.

(f) *Notifications.* The Calculation Agent will cause the Floating Rate of Interest, each Floating Rate Interest Amount for each Floating Rate Interest Period, each Floating Rate Interest Period and the relevant Floating Rate Interest Payment Date to be notified to the Issuer and to the Holders by notice in accordance with § 10 and, if required by the rules of any stock exchange on which the Notes are from time to time listed at the initiative of the Issuer, to such stock exchange, without undue delay, but in no event later than the first calendar day of the relevant Floating Rate Interest Period. Each Floating Rate Interest Amount and Floating Rate Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Floating Rate Interest Period. Any such amendment will be promptly notified to any relevant stock exchange on which the Notes are then listed at the initiative of the Issuer and to the Holders in accordance with § 10.

(g) *Determinations Binding.* All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this § 3 by the Calculation Agent or, as the case may be, any Independent Advisor or the Issuer, shall (in the absence of wilful default, bad faith, inequitableness or manifest error) be binding on the Issuer, [the Fiscal Agent,] the Paying Agents and the Holders and, in the absence of the aforesaid, no liability to the Issuer, [the Fiscal Agent,] the Paying Agents or the Holders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

- (h) substitution of the Issuer; and
- (i) amendments to or cancellation of ancillary conditions of the Notes.

Any amendments will not be made if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to (i) result in a change in the regulatory classification of the Notes that would be likely to result in their exclusion from own funds or reclassification as a lower quality form of own funds, or (ii) prejudice the qualification of the Notes as eligible liabilities or loss absorbing capacity instruments for the purposes of the Applicable Supervisory Regulations.

(3) *Convening a Meeting of Holders.* The Holders' meeting shall be convened by the Issuer or by the Joint Representative. It shall be convened if Holders who together hold 5 per cent. of the outstanding Notes request such convocation in writing for the purpose of appointing or removing a Joint Representative, passing a resolution in order to render a termination invalid or for any other particular interest in such convocation.

(7) *Quorum.* The Chairperson shall prepare a register of Holders participating in the vote. Such register shall include the Holders' names, their registered offices or places of residence and the number of voting rights represented by each Holder. Such register shall be signed by the Chairperson of the meeting and be made available without undue delay to all Holders. The Holders' meeting shall have a quorum if the persons present represent at least fifty per cent of the outstanding Notes by value. If the Holders' meeting does not have a quorum, the Chairperson may convene a second meeting for the purposes of passing the resolution(s) anew. Such second meeting requires no quorum. For resolutions which require a qualified majority the persons present must represent at least 25 per cent. of the outstanding Notes. Notes for which voting rights have been suspended shall not be included in the outstanding Notes.

(8) *Majority Requirements.* Resolutions relating to material amendments of these Terms and Conditions, in particular consents to the measures set out in § 11 (2) above shall be passed by a majority of not less than 75 per cent. Such period shall be at least 72 hours. During the voting period, the Holders may cast their votes to the scrutineer in text form. The request shall set out in detail the conditions to be met in order for the votes to be valid. The scrutineer shall ascertain the entitlement to cast a vote by means of the evidence provided and shall prepare a list of Holders entitled to vote. If it is ascertained that no quorum exists, the scrutineer may convene a Holders' meeting, which shall be deemed to be a second Holders' meeting within the meaning of § 11 (7). Any resolution passed by the vote shall be recorded in the minutes by a notary. Each Holder participating in the vote may request within one year of the end of the voting period a copy of the minutes and its annexes from the Issuer. Each Holder participating in the vote may object to the result in writing within two weeks of publication of the resolutions. The scrutineer shall decide on any such objection. If it takes remedial action as a result of the objection, it shall publish the result without undue

delay. § 11 (13) shall apply *mutatis mutandis*. If the scrutineer does not take remedial action as a result of the objection, it shall notify the objecting Holder without undue delay in writing.

(10) *Voting Right*. Each Holder shall participate in votes in accordance with the principal amount of the outstanding Notes held by such Holder. Voting rights are suspended with respect to the shares attributable to the Issuer or any of its Subsidiaries or held for the account of the Issuer or any of its Subsidiaries. The Issuer may not make available Notes for which the voting rights have been suspended to any third party for the purposes of exercising the voting rights in lieu of the Issuer. This shall also apply to any Subsidiaries of the Issuer. Exercise of voting rights for the purposes specified above is prohibited. It is prohibited to offer, promise or grant any advantage as consideration to any person entitled to vote not to vote, or to vote in a particular way, in a Holders' meeting or a vote. (13) *Publication of Resolutions*. The Issuer shall publish the resolutions passed by the Holders in appropriate form and at its own expense. The resolutions shall be published without undue delay pursuant § 10. In addition, for a period of at least one month commencing on the calendar day following the Holders' meeting, the Issuer shall make available to the public on its website (www.erstegroup.com) the resolutions passed by the Holders and, if these Terms and Conditions are amended by a Holders' resolution, the wording of the original Terms and Conditions.

(14) *Implementation of Resolutions*. Resolutions passed by the Holders' meeting which amend or supplement the contents of these Terms and Conditions shall be implemented in such a way that the relevant Global Note is supplemented or amended. If the Global Note has been deposited with a central securities depository, the Chairperson of the meeting or the scrutineer shall forward for this purpose the contents of the resolution recorded in the minutes to the central securities depository, requesting it to add the documents submitted to **[if the Notes are represented by a non-digital Global Note, insert: the existing documents] [if the Notes are represented by a digital Global Note, insert: the electronic data record]** in appropriate form. Without undue delay and until the date of the Holders' meeting, the Issuer shall make available to the Holders in accordance with § 10, any counter-motions announced by a Holder before the meeting.

(7) *Quorum.* The Chairperson shall prepare a register of Holders participating in the vote. Such register shall include the Holders' names, their registered offices or places of residence and the number of voting rights represented by each Holder. Such register shall be signed by the Chairperson of the meeting and be made

available for review without undue delay to all Holders at the location of the Holder's meeting designated in the convening notice. The Holders' meeting shall have a quorum if the persons present represent at least fifty per cent of the outstanding Notes by value. If the Holders' meeting does not have a quorum, the Chairperson may convene a second meeting on a day falling at least three days following the first Holders' meeting for the purposes of passing the resolution(s) anew. Such second meeting requires no quorum. For resolutions which require a qualified majority the persons present must represent at least 25 per cent. of the outstanding Notes. Notes for which voting rights have been suspended shall not be included in the outstanding Notes.

(8) *Majority Requirements.* Resolutions relating to material measures and amendments to the Terms and Conditions as set out in § 11 (2) lit (a) to (g) above shall be passed by a majority of not less than 75 per cent. (Qualified Majority) of the votes cast. Resolutions relating to amendments of these Terms and Conditions which are not material require a simple majority of the votes cast.

(9) *Vote without a Meeting.* All votes will be taken exclusively by vote taken without a meeting. The vote shall be conducted by the scrutineer. The scrutineer shall be a notary appointed by the Issuer, or the Joint Representative of the Holders if the meeting has been convened by him. The request for voting shall set out the period within which votes may be cast. Such period shall be at least 72 hours. During the voting period, the Holders may cast their votes to the scrutineer in written form as specified in the convening notice. The request shall set out in detail the conditions to be met in order for the votes to be valid. The scrutineer shall ascertain the entitlement to cast a vote by means of the evidence provided and shall prepare a list of Holders entitled to vote. If it is ascertained that no quorum exists, the scrutineer may convene a Holders' meeting, which shall be deemed to be a second Holders' meeting within the meaning of § 11 (7). Any resolution passed by the vote shall be recorded in the minutes by a notary. Each Holder participating in the vote may request within one year of the end of the voting period a copy of the minutes and its annexes from the Issuer. Each Holder participating in the vote may object to the result in writing within two weeks of publication of the resolutions. The scrutineer shall decide on any such objection. If it takes remedial action as a result of the objection, it shall publish the result without undue delay. § 11 (13) shall apply mutatis mutandis. If the scrutineer does not take remedial action as a result of the objection, it shall notify the objecting Holder without undue delay in writing.

(10) *Voting Right.* Each Holder shall participate in votes in accordance with the principal amount of the outstanding Notes held by such Holder. Voting rights are suspended with respect to the shares attributable to the Issuer or any of its Subsidiaries or held for the account of the Issuer or any of its Subsidiaries. The Issuer may not make available Notes for which the voting rights have been suspended to any third party for the purposes of exercising the voting rights in lieu of the Issuer. This shall also apply to any Subsidiaries of the Issuer. Exercise of voting rights for the purposes specified above is prohibited. It is prohibited to offer, promise or grant any advantage as consideration to any person entitled to vote not to vote, or to vote in a particular way, in a Holders' meeting or a vote. No person entitled to vote may require, accept any promise of or accept any advantage or consideration for not voting, or voting in a particular way, in a Holders' meeting or a vote.

(11) *Chair of the Vote.* The vote will be chaired by a notary appointed by the Issuer or, if the Joint Representative has convened the vote, by the Joint Representative (the "**Chairperson**").

(12) *Voting, Minutes.* In order to be valid, any resolution passed by the Holders' meeting shall be recorded in minutes of the meeting. The minutes shall be recorded by a notary.

(13) *Publication of Resolutions.* The Issuer shall publish the resolutions passed by the Holders in appropriate form and at its own expense. The resolutions shall be published without undue delay pursuant § 10. In addition, for a period of one month commencing on the calendar day following the Holders' meeting, the Issuer shall make available in accordance with § 10 the resolutions passed by the Holders and, if these Terms and Conditions are amended by a Holders' resolution, the consolidated version of the new Terms and Conditions.

(14) *Joint Representative.*

[If no Joint Representative is designated in the Terms and Conditions insert:

The Holders may by a simple majority resolution appoint a joint representative (the "**Joint Representative**") to exercise the Holders' rights on behalf of each Holder.]

[If the Joint Representative is appointed in the Terms and Conditions insert:

The joint representative (the "**Joint Representative**") to exercise the Holders' rights on behalf of each Holder shall be **[insert name and address of the Joint Representative]**. The liability of the Joint

Representative shall be limited to ten times the amount of its annual remuneration, unless the Joint Representative has acted wilfully or with gross negligence.]

The Joint Representative shall have the duties and powers granted by a simple majority resolution of the Holders. The Joint Representative shall comply with the instructions of the Holders. To the extent that the Joint Representative has been authorised to assert certain rights of the Holders, the Holders shall not be entitled to assert such rights themselves, unless explicitly provided for in the relevant simple majority resolution. The Joint Representative shall provide reports to the Holders on its activities. The Joint Representative shall be liable to the Holders as joint and several creditors for the due performance of its duties. In the performance of its duties, it shall act with the care of a prudent representative. The Joint Representative's liability may be limited by resolution of the Holders. An assertion of compensation claims against the Joint Representative shall be decided by the Holders. The Joint Representative may be removed by the Holders at any time without reason. 5. SUBSCRIPTION AND SALE

In case of BCR, Česká spořitelna, Erste Bank Croatia, Erste Bank Hungary and Slovenská sporiteľňa, Erste Group Bank AG as Dealer has, in programme agreements dated 2 December 2021, and in case of Erste Group Bank, Erste Bank der oesterreichischen Sparkassen AG and Erste Group Bank AG as Dealers have, in a programme agreement dated 2 December 2021, (in each case as amended and supplemented from time to time, each a "**Programme Agreement**") agreed with the relevant Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated in the sections entitled "*3. Terms and Conditions of the Notes*" and "*4. Form of Final Terms*".

General

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it will (to the best of its knowledge and belief) comply with all applicable laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes the Prospectus or any offering material in relation to the Prospectus or the Notes and will obtain any consent, approval or permission required from it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries of Notes and neither the Issuers nor any other Dealer shall have any responsibility therefor.

Neither the Issuers nor any of the Dealers represent that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder or assumes any responsibility for facilitating such sale.

With regard to each Tranche of Notes, the relevant Dealer will be required to comply with such other additional restrictions as the Issuers and the relevant Dealer shall agree and as shall be specified in the relevant Final Terms.

No Public Offering

No action has been or will be taken in any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of the Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons who have access to this Securities Note are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdictions in or from which they purchase, offer, sell or deliver the Notes or have in their possession or distribution such offering material, in all cases at their own expense.

United States of America

The Notes have not been and will not be registered under the Securities Act. Except in certain transactions exempt from the registration requirements of the Securities Act, the Notes may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act ("**Regulation S**") or pursuant to an exemption from the registration requirements of the Securities Act.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Programme Agreement, it has not offered, sold or delivered the Notes, and will not offer, sell or deliver the Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the closing date, only in accordance with Rule 903 of Regulation S. Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, at or prior to confirmation of sale of the Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Notes from it during the distribution compliance period a confirmation or notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons to substantially the following effect:

"The securities covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**") and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the date of the commencement of the offering and the closing date, except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them in Regulation S."

Terms used above have the meanings given to them by Regulation S.

In addition, until 40 days after the commencement of the offering of the Notes of the Tranche of which such Notes are a part, an offer or sale of the Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it has not entered and will not enter into any contractual arrangement with any distributor (as that term is defined in Regulation S) with respect to the distribution or delivery of the Notes, except with its affiliates or with the prior written consent of the respective Issuer.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it, its affiliates or any persons acting on its or their behalf have not engaged and will not engage in any directed selling efforts (as defined in Regulation S) with respect to any Note, and it and they have complied and will comply with the offering restrictions requirement of Regulation S.

Bearer Notes which are subject to U.S. tax law requirements may not be offered, sold or delivered in the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. tax regulations. Under U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the "**TEFRA C Rules**"), notes in bearer form must be issued and delivered outside the United States and its possessions in connection with their original issuance by an issuer that (directly or indirectly through its agents) does not significantly engage in interstate commerce with respect to the issuance. 6. TAXATION⁷⁶

The statements herein regarding certain tax issues in Austria, the Czech Republic, Hungary and Romania are based on the laws in force in those jurisdictions as of the date of this Securities Note and are subject to any changes in such laws. The following summaries do not purport to be comprehensive descriptions of all the tax considerations which may be relevant to a decision to purchase, own or dispose of Notes and further disclosure may be included in a supplement to this Securities Note. The respective Issuer's Holders should consult their own tax advisers as to the relevant tax consequences of the ownership and disposal of Notes.

AUSTRIA

Erste Group Bank as Issuer of the Notes assumes no responsibility with respect to taxes withheld at source.

This section on taxation contains a brief summary of Erste Group Bank's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or disposition of the Notes in Austria. This summary does not purport to exhaustively describe all possible tax aspects which may be relevant to a decision to purchase, hold or dispose of the Notes and further disclosure may be included in a supplement to this Securities Note. This summary does not deal with specific situations which may be of relevance for certain prospective holders of the Notes. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. Prospective holders of the Notes should consult their legal and tax advisors as to the relevant tax consequences of the purchase, holding or disposition of the Notes. Tax risks resulting from the Notes (in particular from a potential qualification as equity for tax purposes instead of debt) shall in any case be borne by the holders. For the purposes of the following it is assumed that the Notes are legally and factually offered to an indefinite number of persons in the sense of § 27a(2)(2) of the Austrian Income Tax Act (*Einkommensteuergesetz*).

General remarks

Individuals having a domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*), both as defined in § 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*), both as defined in § 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

Income taxation

Pursuant to § 27(1) of the Austrian Income Tax Act, the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to § 27(2) of the Austrian Income Tax Act, including dividends and interest; the tax basis is the amount of the earnings received (§ 27a(3)(1) of the Austrian Income Tax Act);

⁷⁶ This section refers to BCR in relation to Romania, Česká spořitelna in relation to the Czech Republic, Erste Bank Croatia in relation to the Republic of Croatia, Erste Bank Hungary in relation to Hungary, Erste Group Bank in relation to Austria and Slovenská sporiteľňa in relation to the Slovak Republic.

- income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to § 27(3) of the Austrian Income Tax Act, including gains from the alienation, redemption and other realisation of assets that lead to income from the letting of capital, zero coupon bonds and broken-period interest; the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs, in each case including accrued interest (§ 27a(3)(2)(a) of the Austrian Income Tax Act); and
- income from derivatives (*Einkünfte aus Derivaten*) pursuant to § 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates (the mere exercise of an option does not trigger tax liability); e.g., in the case of index certificates, the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs (§ 27a(3)(3)(c) of the Austrian Income Tax Act).

Also the withdrawal of the Notes from a securities account (*Depotentnahme*) and circumstances leading to a restriction of Austria's taxation right regarding the Notes *vis-à-vis* other countries, e.g. a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (cf. § 27(6)(1) and (2) of the Austrian Income Tax Act). The tax basis amounts to the fair market value minus the acquisition costs (§ 27a(3)(2)(b) of the Austrian Income Tax Act).

Individuals subject to unlimited income tax liability in Austria holding the Notes as non-business assets are subject to income tax on all resulting investment income pursuant to § 27(1) of the Austrian Income Tax Act. Investment income from the Notes with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), is subject to withholding tax (*Kapitalertragsteuer*) at a flat rate of 27.5%; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to § 97(1) of the Austrian Income Tax Act). Investment income from the Notes without an Austrian nexus must be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5%. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to § 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to § 27a(5) of the Austrian Income Tax Act). The acquisition costs must not include ancillary acquisition costs (*Anschaffungsnebenkosten*; § 27a(4)(2) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (§ 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. § 27(8) of the Austrian Income Tax Act, *inter alia*, provides for the following restrictions on the offsetting of losses: negative income from realised increases in value and from derivatives may be neither offset against interest from bank accounts and other non-securitised claims *vis-à-vis* credit institutions (except for cash settlements and lending fees) nor against income from private foundations, foreign private law foundations and other comparable legal estates (*Privatstiftungen, ausländische Stiftungen oder sonstige Vermögensmassen, die mit einer Privatstiftung vergleichbar sind*); income subject to income tax at a flat rate pursuant to § 27a(1) of the Austrian Income Tax Act may not be offset against income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation); negative investment income not already offset against positive investment income may not be offset against other types of income. The Austrian custodian agent has to effect the offsetting of losses by taking into account all of a taxpayer's securities accounts with the custodian agent (cf. § 93(6) of the Austrian Income Tax Act), and to issue a written confirmation to the taxpayer to this effect.

Individuals subject to unlimited income tax liability in Austria holding the Notes as business assets are subject to income tax on all resulting investment income pursuant to § 27(1) of the Austrian Income Tax Act. Investment income from the Notes with an Austrian nexus is subject to withholding tax at a flat rate of 27.5%. While withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must be included in the investor's income tax return (nevertheless generally income tax at the flat rate of 27.5%). Investment income from the Notes without an Austrian nexus must always be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5%. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to § 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to § 27a(5) of the Austrian Income Tax Act). The flat tax rate does not apply to income from realised increases in value and income from derivatives if realising these types of income constitutes a key area of the respective investor's business activity (§ 27a(6) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (§ 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Pursuant to § 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the alienation, redemption and other realisation of financial assets and derivatives in the sense of § 27(3) and (4) of the

Austrian Income Tax Act, which are subject to income tax at the flat rate of 27.5%, are primarily to be offset against income from realised increases in value of such financial assets and derivatives and with appreciations in value of such assets within the same business unit (*Wirtschaftsgüter desselben Betriebes*); only 55% of the remaining negative difference may be offset against other types of income.

Pursuant to § 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of § 27(1) of the Austrian Income Tax Act from the Notes at a rate of currently 25%. Income in the sense of § 27(1) of the Austrian Income Tax Act from the Notes with an Austrian nexus is subject to withholding tax at a flat rate of 27.5%. However, pursuant to § 93(1a) of the Austrian Income Tax Act, the withholding agent may apply a rate of currently 25% if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the corporate income tax liability. Under the conditions set forth in § 94(5) of the Austrian Income Tax Act withholding tax is not levied in the first place. Losses from the alienation of the Notes can be offset against other income.

Pursuant to § 13(3)(1) in connection with § 22(2) of the Austrian Corporate Income Tax Act, private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in § 13(3) and (6) of the Austrian Corporate Income Tax Act and holding the Notes as non-business assets are subject to interim taxation at a rate of currently 25% on interest income, income from realised increases in value and income from derivatives (*inter alia*, if the latter are in the form of securities). Pursuant to the Austrian tax authorities' view, the acquisition costs must not include ancillary acquisition costs. Expenses such as bank charges and custody fees must not be deducted (§ 12(2) of the Austrian Corporate Income Tax Act). Interim tax is generally not triggered insofar as distributions subject to withholding tax are made to beneficiaries in the same tax period. Investment income from the Notes with an Austrian nexus is in general subject to withholding tax at a flat rate of 27.5%. However, pursuant to § 93(1a) of the Austrian Income Tax Act, the withholding agent may apply a rate of currently 25% if the debtor of the withholding tax is a corporation (*Körperschaft*, which term, *inter alia*, encompasses private foundations). Such withholding tax can be credited against the tax triggered. Under the conditions set forth in § 94(12) of the Austrian Income Tax Act withholding tax is not levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on income from the Notes if they have a permanent establishment (*Betriebsstätte*) in Austria and the Notes as well as the income resulting therefrom are attributable to such permanent establishment (*cf.* § 98(1)(3) of the Austrian Income Tax Act, § 21(1)(1) of the Austrian Corporate Income Tax Act). In addition, individuals subject to limited income tax liability in Austria are also taxable on interest in the sense of § 27(2)(2) of the Austrian Income Tax Act and accrued interest (including from zero coupon bonds) in the sense of § 27(6)(5) of the Austrian Income Tax Act from the Notes if the (accrued) interest has an Austrian nexus and if withholding tax is levied on such (accrued) interest. This does not apply to individuals being resident in a state with which automatic exchange of information in tax matters exists, if the respective individual provides a certificate of residence to the withholding agent. Interest with an Austrian nexus is interest the debtor of which has its place of management and/or its legal seat in Austria or is an Austrian branch of a non-Austrian credit institution; accrued interest with an Austrian nexus is accrued interest from securities issued by an Austrian issuer (§ 98(1)(5)(b) of the Austrian Income Tax Act). Under applicable double taxation treaties, relief from Austrian income tax might be available. However, Austrian credit institutions must not provide for such relief at source; instead, the investor may file an application for repayment of tax with the competent Austrian tax office.

Inheritance and gift taxation

Austria does not levy inheritance or gift tax.

Certain gratuitous transfers of assets to private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*) are subject to foundation transfer tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Transfer Tax Act (*Stiftungseingangssteuergesetz*). Such tax is triggered if the transferor and/or the transferee at the time of transfer have a domicile, their habitual abode, their legal seat and/or their place of management in Austria. Certain exemptions apply in cases of transfers *mortis causa* of financial assets within the meaning of § 27(3) and (4) of the Austrian Income Tax Act (except for participations in corporations) if income from such financial assets is subject to income tax at a flat rate pursuant to § 27a(1) of the Austrian Income Tax Act. The tax basis is the fair market value of the assets transferred minus any debts, calculated at the time of transfer. The tax rate is in general 2.5%, with a higher rate of 25% applying in special cases. Special provisions apply to transfers of assets to non-transparent foundations and similar vehicles (*Vermögensstrukturen*) falling within the scope of the Treaty between the Republic of Austria and the Principality of Liechtenstein on Cooperation in the Area of Taxation.

In addition, there is a special notification obligation for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles if the donor and/or the donee have a domicile, their habitual abode, their legal seat and/or their place of management in Austria. Not all gifts are covered by the notification obligation: In case of gifts to certain related parties, a threshold of EUR 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of EUR 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Transfer Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may trigger fines of up to 10% of the fair market value of the assets transferred.

Further, gratuitous transfers of the Notes may trigger income tax at the level of the transferor pursuant to § 27(6)(1) and (2) of the Austrian Income Tax Act (see above).

REPUBLIC OF CROATIA

This section on taxation contains a brief summary of Erste Bank Croatia's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or disposition of the Notes in Croatia. This summary does not purport to exhaustively describe all possible tax aspects which may be relevant to a decision to purchase, hold or dispose of the Notes and further disclosure may be included in a supplement to this Securities Note. This summary does not deal with specific situations which may be of relevance for certain prospective holders of the Notes. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the applicable tax legislation and regulations of the tax authorities, as well as their respective interpretation, as of the date of this Securities Note all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. Prospective holders of the Notes should consult their legal and tax advisors as to the relevant tax consequences of the purchase, holding or disposition of the Notes. Tax risks resulting from the Notes shall in any case be borne by the holders.

Corporations, legal entities and individuals engaged in economic activities

General remarks

Companies, legal entities and individuals independently and permanently engaged in economic activities for the purpose of generating profit, having their place of effective management and/or their registered legal seat in Croatia, are subject to profit tax pursuant to the Croatian Profit Tax Act (Official Gazette No. 177/2004, as amended from time to time; the "**Profit Tax Act**") (unlimited corporate income tax liability). Such companies, legal entities and individuals having neither their place of effective management nor their registered legal seat in Croatia are subject to corporate income tax only on income from certain Croatian sources (limited corporate income tax liability).

Generally, the profit tax base is the difference between revenues and expenditures assessed pursuant to accounting rules, which is then increased and reduced for tax-specific items under the profit tax provisions. The tax base for residents is based on their worldwide income, while for non-residents is based only on income from Croatian sources.

Profit tax is taxable at the rate of (i) 10 per cent. applicable to companies, legal entities and individuals subject to profit tax with annual revenues below HRK 7,500,000 and (ii) 18 per cent. applicable to companies, legal entities and individuals subject to profit tax with annual revenues equal or above HRK 7,500,001. Accordingly, if a Croatian company, other legal and natural persons or business unit of a non-resident subject to paying profit tax is a holder of Notes, income on this basis would not be taxed directly, but such persons, should their overall operations generate profit, would be required to pay a profit tax of 10 per cent. or 18 per cent., as applicable.

The general rules outlined above apply to the extent there are no limitations imposed under applicable double taxation treaties.

Withholding tax

Profit generated in Croatia by a non-resident is subject to withholding tax pursuant to the Profit Tax Act. Interest, dividends, profit shares, copyrights and other intellectual property rights payable to a non-resident natural person are all generally subject to withholding tax. Withholding tax payment is the obligation of the person who distributes the profit.

The tax base is calculated as the gross amount of profit distributed from a Croatian resident to a non-resident. The withholding tax rate is 15 per cent., except for dividends and profit shares for which the

withholding tax is paid at a rate of 10 per cent. As an exception, withholding tax is paid at a rate of 20% for all payments in case payments are made to legal entities having their seat or place of effective management in a country which is listed on the EU list of non-cooperative jurisdictions for tax purposes and with which Croatia does not have a double taxation treaty.

Interest payments on commodity loans for the purchase of goods used for carrying out a taxpayer's business activity, loans granted by a non-resident bank or other financial institution, and holders of government or corporate bonds (such as the Notes) who are non-resident legal persons are exempted from withholding tax payment.

The withholding tax rates may be lower if Croatia and the non-resident's country have entered into a double taxation treaty or exempt if the Notes qualify for exemption pursuant to the terms prescribed under the relevant EU directive applicable to interest and royalty payments made between associated companies of different member states.

Natural persons

General remarks

Pursuant to the Croatian Income Tax Act (Official Gazette No. 115/2016, as amended from time to time; the "**Income Tax Act**"), individuals having a permanent domicile and/or their habitual abode in Croatia are subject to income tax in Croatia on their worldwide income (unlimited income tax liability). Individuals having neither a permanent domicile nor their habitual abode in Croatia (non-residents) are subject to income tax only on income from certain Croatian sources (limited income tax liability).

Capital income in Croatia generally includes receipts from interest, exclusions of property and usage of services at the expense of profit of the current period, capital gains and profit shares acquired by grants or optional purchases of own shares, as well as receipts from dividends and profit shares based on shares of capital that are realized in the tax period.

The general tax rules outlined above and below in relation to taxation of income apply to the extent there are no limitations imposed under applicable double taxation treaties.

Capital income

Capital income – Interest

Receipts from any type of claims are considered as interest, and especially (i) receipts from interest on savings in Croatian Kuna or foreign currencies, (ii) receipts from interest that are based on securities, (iii) receipts of interest on the basis of given loans, and (iv) receipts from distribution of income of an investment fund in the form of interest, if they are not taxed as profit shares on the basis of the distribution of profit or income of an investment fund. The capital income based on receipts from interest is generally taxable with a tax rate of 10 per cent. and shall be paid as withholding tax by the payer of the receipt. However, receipts from interest realized by investing into bonds (such as the Notes), irrespective of the issuer and type of bonds are expressly not considered as interests for capital income tax purposes.

Capital income – Capital gains

Capital gains represent the difference between the purchase value and agreed selling price or receipt assessed on the basis of market value of the financial property that is being disposed of. Capital gains also include receipts from disposing of financial instruments and structured products (the "**Financial Property**"), *i.e.*, receipts from (i) transferrable securities and structured products (such as the Notes), including shares of companies and other associations whose shares may be disposed of similarly as shares of companies, (ii) money market instruments, (iii) units of joint venture entities, (iv) derivatives, and (v) a proportional part of the salvage value in a case of dissolution of the investment fund and other receipts from ownership shares in a case of dissolution, winding up or withdrawal.

Disposal of Financial Property includes sale, exchange, gift and other types of transfer, but does not include: (i) transfer of shares from one voluntary pension fund to another, (ii) exchange of securities with equivalent securities of the same issuer, provided that the relations among the holders of shares and capital of the issuer are not affected, as well as exchange of securities or financial instruments with other securities or financial instruments, and acquisition of securities or financial instruments in a case of change of status, provided that in all such cases there is no cash flow and the sequence of acquisition of financial property is ensured (where the value assessed on the date of the first acquisition of financial property shall be considered to be the purchase value), (iii) division of stocks of the same issuer, provided that there is no change of share capital or cash flow, (iv) exchange of shares among investment sub-funds of the same umbrella fund, or exchange of shares among investment funds that

are managed by the same management company, provided that the sequence of acquisition of financial property is ensured (where the value assessed on the date of the first acquisition of financial property shall be considered to be the purchase value), and (v) repurchase of shares of the Croatian War Veterans' Fund.

The capital income from capital gains is generally taxable with a tax rate of 10 per cent. and shall be calculated and paid annually by the holder of the Financial Property, unless this task has been expressly taken over in the name and on behalf of the tax payer by a financial intermediary. However, capital income from capital gains shall not be taxed if the relevant disposal was made (i) between spouses and first-degree relatives and other members of the immediate family, (ii) between divorced spouses, if the disposal is directly related to the divorce, (iii) in relation to inheritance of financial property, or (iv) after more than two years from the date of acquisition of such property.

If Financial Property was acquired as a gift and disposed of within two years from the date of acquisition, the capital income shall be assessed as the difference between the purchase value and agreed selling price or receipt assessed on the basis of the market value of the Financial Property that is being disposed of, whereas the date at which the giver acquired the financial property is considered to be the date of acquisition, and the market value at the time of acquisition shall be considered to be the purchase value.

Taxation of inheritance and gifts

If Notes are received as an inheritance or gift or acquired on any other basis without compensation on the territory of Croatia, the receiver would be required to pay taxes in the amount of 4 per cent. of the market value of the Notes.

The following persons are exempt from taxation: (i) spouse, ancestors and descendants of the deceased person/donor, (ii) individual and legal entities that receive movable property as compensation or for other purposes related to the Homeland War, by the state or local government, (iii) individuals and legal entities that receive gifts or donations for purposes laid down by special regulations, and (iv) humanitarian organizations, religious communities, trusts, foundations and public authorities.

CZECH REPUBLIC

This section provides information about taxation which is required by Section 9 (1) h) of the Czech Act on Bonds (Act No. 190/2004 Coll., as amended) and related Czech legislation effective as of the date of this Securities Note if the Notes would be issued by Česká spořitelna under Czech law. This summary does not specifically comment on or take into account the impact of the U.S. Foreign Account Tax Compliance Act ("FATCA") or any of its aspects.

The following summary of selected tax aspects regarding the purchase, holding and disposal of the Notes is based on the Czech Act No. 586/1992 Coll., on Income Taxes, as amended, and related legislation effective as at the date of this Securities Note, as well as on the prevailing interpretation of those laws and other regulations applied by the Czech tax authorities that are known to Česká spořitelna as at the date of this Securities Note. It should be noted that this summary reflects significant changes to the taxation of bonds (including the Notes issued by Česká spořitelna) as introduced by the amendments to the Czech income taxes act which are effective as of 1 January 2021 or will be effective as of 1 January 2022, respectively (further referred to as the "ITA Amendments"). The ITA Amendments rules affecting taxation of bonds (including the Notes issued by Česká spořitelna) are untested in practice and there is neither any prevailing interpretation nor any administrative guidance available.

The information contained herein is intended only as a general guide and is not intended and should not be construed as legal or tax advice for any prospective investor in the Notes. While this summary is considered to be a correct interpretation of existing Czech laws in force on the date of this Securities Note, the courts or tax authorities responsible for the administration of such laws might not agree with the interpretations made.

It is recommended that any parties interested in acquiring any Notes consult their legal and tax advisors (taking into account all relevant factual and legal circumstances relevant to their particular situation and the possible specific regime under which selected potential acquirers operate, such as investment funds, mutual funds, pension funds, investors acquiring the Notes through a permanent establishment in the Czech Republic, etc.) regarding the tax consequences of purchasing, holding and disposing of the Notes and receiving payments on the Notes under the tax legislation in effect in the Czech Republic, in the countries where the parties are resident, and in the countries where the proceeds from holding or selling the Notes could be taxed. Proceeds from the Notes may be treated either as interest income or capital gains, which may lead to differences in how they are taxed. Among other things, prospective investors should verify the nature of the Notes and the type of income for each type of Notes.

The description below assumes that the person receiving any payments on the Notes is the beneficial owner of that income; i.e. that the person is not an agent or depositary receiving the payments on behalf of another person.

Notes issued by Česká spořitelna outside of the Czech Republic

General Remarks

The taxation of income received or accrued in connection with such Notes differs for individual taxpayers and corporate income taxpayers (i.e. entities other than individuals). In addition, the taxation depends on whether the holder of such Notes is considered a resident in the Czech Republic for income tax purposes (further referred to as "**Czech Holder**") and is therefore subject to income tax in the Czech Republic on his or her worldwide income. Holders of such Notes who are not considered a resident in the Czech Republic for tax purposes (further referred to as "**Non-Czech Holders**") are subject to income tax only on income from Czech sources. Income tax liability in the Czech Republic may be restricted by an applicable double taxation treaty.

A holder of such Notes does not become and is not deemed to become a Czech Holder solely by reason of holding of such Notes or the execution, performance, delivery or enforcement of such Notes.

Interest income on bonds as well as income from the redemption of bonds has a specific treatment under Czech tax laws if the bonds are issued outside of the Czech Republic by Czech-resident issuers. Although there is certain interpretational uncertainty, there are good arguments to believe that (i) the Notes issued by Česká spořitelna should be treated as issued outside of the Czech Republic under Czech tax laws if (among other things) such Notes will be initially issued in a global-certificated form abroad and held through clearing systems based outside of the Czech Republic, each of which will keep in custody the global certificate which represents the claim for interest payments under the Notes in its foreign-based system, and (ii) such Notes should be considered as bonds for the purposes of application of Czech tax laws because they meet the classification criteria of a bond according to Section 2(1) of Act No. 190/2004 Coll., on Bonds, as amended, save for being issued under Czech law. The remainder of this section "*Notes issued by Česká spořitelna outside of the Czech Republic*" assumes that such Notes will be treated as bonds issued outside of the Czech Republic.

Interest Income

Interest income paid by Česká spořitelna under the Notes to a Non-Czech Holder (both individual and corporation) is generally exempt from Czech income tax and may be therefore made free of withholding or deduction of, for or on the account of any taxes of whatsoever nature imposed, levied, withheld or assessed by the Czech Republic or any political subdivision or taxing authority thereof or therein. However, the tax exemption does not apply to interest income paid to a holder who is considered to be related with Česká spořitelna either through capital (direct or indirect participation in the capital and/or voting rights of 25 per cent. is decisive) or through a legal relationship which was predominantly created for the purpose of reducing a tax base or increasing a tax loss (a "**Related Holder**").

Interest income paid by Česká spořitelna to a Non-Czech Holder who is considered to be a Related Holder and does not hold the Notes through a permanent establishment in the Czech Republic would be subject to a withholding tax. The rate of the withholding tax is generally 15 per cent. However, a withholding tax rate of 35 per cent. applies if the recipient of the interest income is not a tax-resident in another EU member state, in another state forming part of the EEA or in a third country with which the Czech Republic has concluded a valid and effective international double taxation treaty or an international tax information exchange agreement on income tax matters, including any multilateral international treaty. Holders who are tax-residents in an EU/EEA-member state may opt to include the interest income in a Czech income tax return, in which case the withholding tax would represent a tax advance. A Non-Czech Holder receiving interest income through a permanent establishment in the Czech Republic must generally report the income in a tax return to be filed in the Czech Republic.

A double taxation treaty between the Czech Republic and the country where the recipient of the interest income is a tax-resident may eliminate the Czech tax liability or reduce the withholding tax rate in the Czech Republic generally provided that the income is not attributable to a permanent establishment of the recipient in the Czech Republic. To benefit from a double taxation treaty, the recipient taxpayer must be tax-resident in the state covered by the treaty and must be the beneficial owner of the income paid (as proven by an up-to-date tax residency certificate and other necessary documents in accordance with applicable practice).

Interest income paid to an individual Czech Holder would be subject to a withholding tax at the rate of 15 per cent. which is deducted by Česká spořitelna when the income is paid. The withholding tax represents the final income tax liability of the individual on the interest income on the Notes in the Czech Republic.

Interest income on the Notes paid to a corporate Czech Holder is not subject to withholding tax. Such holder of the Notes would include the interest income (on an accrual basis) in its general tax base (subject to corporate income tax at a rate of 19 per cent.).

The proceeds paid by Česká spořitelna to a Non-Czech Holder in the case of a redemption of the Notes are generally exempt from Czech income tax and may be therefore made free of withholding or deduction of, for or on the account of any taxes of whatsoever nature imposed, levied, withheld or assessed by the Czech Republic or any political subdivision or taxing authority thereof or therein. However, the tax exemption does not apply to proceeds paid to a Related Holder.

Czech Holders and Non-Czech Holders who are considered as Related Holders would generally need to self assess the income tax in their tax returns. The proceeds in the form of the difference between the nominal value of the Note paid upon redemption and its acquisition price (or between the redemption price of the Note upon early redemption and its acquisition price, respectively) would not be subject to the withholding tax. In the case of Related Holders who are not tax residents in an EU/EEA-member state, Česká spořitelna would be obliged to withhold an amount of 1 per cent. from the gross amount paid (i.e. including the principal) representing a tax security advance. The tax security advance will be credited against the final tax liability with any overpayment being refunded subject to standard rules.

Česká spořitelna may ask the recipient of the interest income to provide any further information that may be required to meet the notification obligation under Act 164/2013 Coll, on International Cooperation in Tax Administration, as amended, which outlines the procedures relating to the automatic exchange of information for tax purposes based on the global Common Reporting Standard, procedures under FATCA and Council Directive (EU) 2011/16/EU, as amended by Council Directive (EU) 2014/107/EU.

Capital Gains/Losses

Capital gains realised by a Non-Czech Holder, not holding the Notes through a permanent establishment in the Czech Republic, from the sale of the Notes to another Non-Czech Holder, not acquiring the Notes through a permanent establishment in the Czech Republic, will not be subject to Czech income tax.

Capital gains realised by a Non-Czech Holder, holding the Notes through a permanent establishment in the Czech Republic, from selling the Notes will be generally subject to taxation in the Czech Republic unless the Non-Czech Holder is an individual and the gain is exempt from tax (please see below).

Capital gains realised by a Non-Czech Holder, not holding the Notes through a permanent establishment in the Czech Republic, from the sale of the Notes to (i) a Czech Holder or (ii) a Non-Czech Holder acquiring the Notes through a permanent establishment in the Czech Republic will be subject to taxation in the Czech Republic unless:

- the Non-Czech Holder is resident in a country within the meaning of a double taxation treaty between that country and the Czech Republic, pursuant to the terms of which the right to tax that income is conferred exclusively to the former country; or
- the Non-Czech Holder is an individual and such gain is exempt from tax.

Where the capital gains from the sale of the Notes are taxable in the Czech Republic, then the seller has a general obligation to file a tax return in the Czech Republic.

Where the capital gain from the sale of the Notes by a Non-Czech Holder is taxable in the Czech Republic, the Non-Czech Holder is not a tax resident in an EU/EEA-member state and and the buyer is a Czech tax-resident or a non-Czech tax-resident doing business in the Czech Republic through a permanent establishment to which the purchased Notes are assigned, then the buyer must generally withhold 1 per cent. from the purchase price of the Notes as a tax security advance upon payment. The tax security advance will be credited against the final tax liability with any overpayment being refunded subject to standard rules.

A double taxation treaty between the Czech Republic and the country where the seller of the Notes is tax-resident may eliminate the Czech taxation of gains from selling the Notes in the Czech Republic (including the tax security) provided that the seller does not hold the Notes through a permanent establishment in the Czech Republic. To benefit from a double taxation treaty, the recipient taxpayer must be tax-resident in the state covered by the treaty and must be the beneficial owner of the income paid (as proven by an up-to-date tax residency certificate and other necessary documents in accordance with applicable practice).

Capital gains realised by Czech Holders are generally subject to Czech income tax and the Czech Holders would generally need to self assess the income tax in their tax returns. If the Czech Holder is an individual the gain can be exempt from tax (please see below).

Where the capital gains from the sale of the Notes by a corporate income taxpayer are taxable in the Czech Republic as described above (applies both for Non-Czech Holders and Czech Holders), then the gain is included in the general corporate income tax base and is subject to tax rate of 19 per cent. (there are special rates of 5 per cent. for selected investment funds and 0 per cent. for pension funds and selected entities of pension insurance). Losses from the sale of the Notes are generally tax-deductible for those persons. According to some interpretations, these losses are not deductible for Non-Czech Holders who do not keep accounting records according to Czech accounting regulations.

Czech Holders who follow Czech accounting standards for entrepreneurs or Czech accounting standards for financial institutions may be required to remeasure the Notes to fair value for accounting purposes, whereby the unrealised gains and losses would be accounted for as revenue or expense, respectively. Such revenue is generally taxable and the corresponding expense is generally tax deductible for Czech tax purposes. The same tax treatment applies to Non-Czech Holders holding the Notes through a permanent establishment in the Czech Republic, if they follow Czech accounting standards requiring remeasurement of the Notes to fair value.

Capital gains realised by a Czech Holder or a Non-Czech Holder, who is an individual, from the sale of the Notes not held as part of an individual's business assets are generally exempt from personal income tax unless the individual's worldwide income (in Czech "*příjem*") from the sale of all securities and of the income received upon the cancellation of a mutual fund during the relevant tax period exceeds CZK 100,000. In addition, any capital gains from the sale of the Notes which have not been held as part of business assets are generally exempt from personal income tax after a minimum holding period of three years (this exemption does not apply where, within three years of the acquisition, consideration has been paid for a future disposal). If the Notes have been held as part of the individual's business assets the tax exemption does not apply prior to the expiry of a three year period following the termination of that individual's business activities.

Where the capital gain from the sale of the Notes by an individual is taxable in the Czech Republic under the rules described above (applies both for Non-Czech Holders and Czech Holders), then the gain is included in the general tax base, which is subject to personal income tax at a rate of 15 per cent or 23 per cent, depending on his/her applicable tax bracket (the threshold for higher bracket is 48 times the average wage which amounts to CZK 1,701,168 in 2021). If this income is received as part of business activities, then it may also be subject to the social security and health insurance charges. Losses from the sale of the Notes are generally not tax-deductible for non-business individuals unless taxable income from the sale of other securities is reported in the same tax period; in such cases, losses from the sale of the Notes can be offset against the gains from selling other securities.

Reporting Obligation

A holder of the Notes who is an individual may be obliged to report to the Czech tax authority any income earned in connection with the Notes if such income is exempt from taxation in the Czech Republic and exceeds CZK 5 million. Deadline for filling of such report is within the deadline for filling of the personal income tax return for the period in which the income was received. Non-compliance with this reporting obligation may be penalised by a sanction of 0.1 per cent. to 15 per cent. of the gross amount of the tax exempt income.

Value Added Tax

No value added tax is payable in the Czech Republic for payments made in consideration for the issue of the Notes, for interest or principal payments on the Notes or for the transfer of the Notes.

Other Taxes or Duties

No registration tax, capital tax, customs duty, transfer tax, stamp duty or other similar tax or duty is payable in the Czech Republic for or in connection with the purchase, holding or disposal of the Notes, save for disposals by donation or inheritance in certain cases.

Notes issued by Česká spořitelna in the Czech Republic

General Remarks

The taxation of income received or accrued in connection with the Notes differs for individual taxpayers and corporate income taxpayers (i.e. entities other than individuals). In addition, the taxation depends on whether the holder of the Notes is considered a resident in the Czech Republic for income tax purposes (further referred to as "**Czech Holder**") and is therefore subject to income tax in the Czech Republic on his or her worldwide income. Holders of the Notes who are not considered resident in the Czech Republic for income tax purposes (further referred to as "**Non-Czech Holders**") are subject to income tax only on income from

Czech sources. Income tax liability in the Czech Republic may be restricted by an applicable double taxation treaty.

A holder of the Notes does not become and is not deemed to become a Czech Holder solely by reason of holding of the Notes or the execution, performance, delivery or enforcement of the Notes.

Interest Income

Interest income paid to an individual taxpayer who is a Czech Holder is subject to a withholding tax which is deducted by Česká spořitelna when the income is paid. The rate of the withholding tax is 15 per cent. The withholding tax represents the final income tax liability on the interest income on the Notes in the Czech Republic.

Interest income paid to an individual taxpayer who is a Non-Czech Holder is subject to a withholding tax. The withholding tax rate is generally 15 per cent. However, a withholding tax rate of 35 per cent. applies if the Non-Czech Holder is not a tax-resident in another EU member state, in another state forming part of the EEA or in a third country with which the Czech Republic has concluded a valid and effective international double taxation treaty or an international tax information exchange agreement on income tax matters, including any multilateral international treaty. The withholding tax represents the final income tax liability on the interest income on the Notes in the Czech Republic save for an exception applicable to tax-residents in an EU/EEA member state who may opt to include the interest income in a Czech self-assessment income tax return. In this case the withholding tax represents a tax advance with any overpayment being refunded subject to standard rules.

If the recipient of the interest income is a corporate income tax payer which is either a Czech Holder or a Non-Czech Holder holding the Notes through a Czech permanent establishment, then the income will not be subject to a withholding tax but will be included in the general corporate income tax base (on an accrual basis) reported in a self-assessment income tax return. The standard corporate income tax rate is 19 per cent. (there are special rates of 5 per cent. for selected investment funds and 0 per cent. for pension funds and selected entities of pension insurance). Where the Non-Czech Holder holding the Notes through a Czech permanent establishment is not a tax resident in an EU/EEA-member state Česká spořitelna must generally withhold 10 per cent. from the interest income as a tax security advance upon payment (unless this obligation is waived or the rate is reduced by decision of the tax authorities). The tax security advance is credited against the final tax liability reported in the tax return with any overpayment being refunded subject to standard rules.

Interest income paid to a corporate income tax payer who is a Non-Czech Holder and does not hold the Notes through a permanent establishment in the Czech Republic will be subject to a withholding tax deducted at source when the interest income is paid. The withholding tax rate is generally 15 per cent. However, a withholding tax rate of 35 per cent. applies if the Non-Czech Holder is not a tax-resident in another EU member state, in another state forming part of the EEA or in a third country with which the Czech Republic has concluded a valid and effective international double taxation treaty or an international tax information exchange agreement on income tax matters, including any multilateral international treaty. The withholding tax represents the final income tax liability on the interest income on the Notes in the Czech Republic save for an exception applicable to tax-residents in an EU/EEA member state who may opt to include the interest income in a Czech self-assessment income tax return (where the income is taxed at the corporate income tax rate, which is generally 19 per cent; special rates of 5 per cent. apply for selected investment funds and 0 per cent. for pension funds and selected entities of pension insurance). In this case the withholding tax represents a tax advance with any overpayment being refunded subject to standard rules.

The proceeds paid upon redemption or early redemption have a specific treatment under Czech tax law – the proceeds in the form of the difference between the nominal value of the Note paid upon redemption and its acquisition price, or between the redemption price of the Note upon early redemption and its acquisition price, respectively, are not subject to withholding tax. The recipients of the income (relevant both for Czech Holders and non-Czech Holders) would generally need to self assess the income tax in their tax returns (an individual is required to report the income if he or she is obliged to file an income tax return in accordance with the relevant provisions of the Czech Act No. 586/1992 Coll., on Income Taxes, as amended). In the case of Non-Czech Holders, who are tax residents in another EU/EEA-member state, Česká spořitelna would be obliged to withhold an amount of 1 per cent. on a gross basis from the amount paid (i.e. including the principal) representing a tax security. The tax security will be credited against the final tax liability with any overpayment being refunded subject to standard rules.

A double taxation treaty between the Czech Republic and the country where the recipient of the interest income is tax-resident may eliminate the Czech tax liability or reduce the withholding tax rate in the Czech

Republic, generally provided that the income is not attributable to a permanent establishment of the recipient in the Czech Republic. To benefit from a double taxation treaty, the recipient taxpayer must be tax-resident in the state covered by the treaty and must be the beneficial owner of the income paid (as proven by an up-to-date tax residency certificate and other necessary documents in accordance with applicable practice).

Česká spořitelna may ask the recipient of the interest income to provide any further information that may be required to meet the notification obligation under Act 164/2013 Coll, on International Cooperation in Tax Administration, as amended, which outlines the procedures relating to the automatic exchange of information for tax purposes based on the global Common Reporting Standard, procedures under FATCA and Council Directive (EU) 2011/16/EU, as amended by Council Directive (EU) 2014/107/EU.

Capital Gains/Losses

Any capital gain from the sale of the Notes by an individual taxpayer who is a Czech Holder or is a Non-Czech Holder who holds (sells) the Notes through a permanent establishment in the Czech Republic or receives the income from the sale of the Notes from a Czech tax-resident buyer or from a Czech permanent establishment of a non-Czech tax-resident buyer is generally included in the general tax base, where it will be subject to personal income tax at a rate of 15 per cent. or 23 per cent., depending on his/her applicable tax bracket (the threshold for higher bracket is 48 times the average wage which amounts to CZK 1,701,168 in 2021). If this income is received as part of business activities, then it may also be subject to the social security and health insurance charges. Losses from the sale of the Notes are generally not tax-deductible for non-business individuals unless taxable income from the sale of other securities is reported in the same tax period; in such cases, losses from the sale of the Notes can be offset against the gains from selling other securities.

However, capital gains from the sale of the Notes not held as part of an individual's business assets (applies both to a Czech Holder or a Non-Czech Holder) are generally exempt from personal income tax unless the individual's worldwide income (in Czech "*příjem*") from the sale of all securities and of the income received upon the cancellation of a mutual fund during the relevant tax period exceeds CZK 100,000. In addition, any capital gains from the sale of the Notes which have not been held as part of business assets are generally exempt from personal income tax after a minimum holding period of three years (this exemption does not apply where, within three years of the acquisition, consideration has been paid for a future disposal). If the Notes have been held as part of the individual's business assets the tax exemption does not apply prior to the expiry of a three year period following the termination of that individual's business activities.

Where the Notes are sold by a corporate income tax payer who is a Non-Czech Holder holding the Notes through a Czech permanent establishment or who is a non-Czech tax resident receiving the income from the sale of the Notes from a Czech tax resident or from a Czech permanent establishment of a non-Czech tax-resident buyer, then the income from such a sale will be included in the general corporate income tax base and will be subject to corporate income tax of 19 per cent. Losses from the sale of the Notes are generally tax-deductible for those persons. According to some interpretations, these losses are not deductible for corporate income tax payers which are non-Czech tax residents and which do not keep accounting records according to Czech accounting regulations.

Where the Notes are sold by an individual or by a corporate income tax payer who is a Non-Czech tax resident, and who does not hold the Notes through a Czech permanent establishment and does not receive income from the sale of the Notes from a Czech tax-resident buyer or from a Czech permanent establishment of a non-Czech tax-resident buyer, then any capital gains will not be subject to taxation in the Czech Republic.

Where the Notes are sold by an individual or corporate income tax payer who is a Non-Czech Holder and is not a tax-resident in another EU/EEA-member state, to a Czech tax-resident buyer or to a non-Czech tax-resident buyer doing business in the Czech Republic through a permanent establishment to which the purchased Notes are assigned, then the buyer must generally withhold 1 per cent. from the purchase price of the Notes as a tax security advance upon payment. The tax security advance will be credited against the final tax liability with any overpayment being refunded subject to standard rules. Where the capital gains from the sale of the Notes are taxable in the Czech Republic, then the seller has a general obligation to file a tax return in the Czech Republic, with the tax security advance being credited against the seller's final tax liability.

A double taxation treaty between the Czech Republic and the country in which the seller of the Notes is tax-resident may eliminate the taxation any capital gains from the sale of the Notes in the Czech Republic (including the tax security) provided that the seller does not hold the Notes through a permanent establishment in the Czech Republic. To benefit from a double taxation treaty, the recipient taxpayer must be tax-resident in the state covered by the treaty and must be the beneficial owner of the income paid (as

proven by an up-to-date tax residency certificate and other necessary documents in accordance with applicable practice).

Czech Holders who follow Czech accounting standards for entrepreneurs or Czech accounting standards for financial institutions may be required to remeasure the Notes to fair value for accounting purposes, whereby the unrealised gains and losses would be accounted for as revenue or expense, respectively. Such revenue is generally taxable and the corresponding expense is generally tax deductible for Czech tax purposes. The same tax treatment applies to Non-Czech Holders holding the Notes through a permanent establishment in the Czech Republic, if they follow Czech accounting standards requiring remeasurement of the Notes to fair value.

Reporting Obligation

A holder of the Notes who is an individual may be obliged to report to the Czech tax authority any income earned in connection with the Notes if such income is exempt from taxation in the Czech Republic and exceeds CZK 5 million. Deadline for filing of such report is within the deadline for filling of the personal income tax return for the period in which the income was received. Non-compliance with this reporting obligation may be penalised by a sanction of 0.1 per cent. to 15 per cent. of the gross amount of the tax exempt income.

Value Added Tax

No value added tax is payable in the Czech Republic for payments made in consideration for the issue of the Notes, for interest or principal payments on the Notes or for the transfer of the Notes.

Other Taxes or Duties

No registration tax, capital tax, customs duty, transfer tax, stamp duty or other similar tax or duty is payable in the Czech Republic for or in connection with the purchase, holding or disposal of the Notes, save for disposals by donation or inheritance in certain cases.

HUNGARY

This section on taxation contains a brief summary of Erste Bank Hungary's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or disposition of the Notes in Hungary. This summary does not purport to exhaustively describe all possible tax aspects which may be relevant to a decision to purchase, hold or dispose of the Notes and further disclosure may be included in a supplement to this Securities Note. This summary does not deal with specific situations which may be of relevance for certain prospective holders of the Notes. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the applicable tax legislation and regulations of the tax authorities, as well as their respective interpretation, as of the date of this Securities Note all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. Prospective holders of the Notes should consult their legal and tax advisors as to the relevant tax consequences of the purchase, holding or disposition of the Notes. Tax risks resulting from the Notes shall in any case be borne by the holders.

The description below assumes that the person receiving any payments on the Notes is the beneficial owner of that income; i.e. that the person is not an agent or depositary receiving the payments on behalf of another person.

Corporations having their place of management and/or their legal seat in Hungary are subject to corporate income tax in Hungary on their worldwide income (unlimited corporate income tax liability). Corporations having neither their place of management nor their legal seat in Hungary are subject to corporate income tax only on income from certain Hungarian sources (limited corporate income tax liability). Both in case of unlimited and limited (corporate) income tax liability Hungary's right to tax may be restricted by double taxation treaties.

Taxation of Holders non-resident in Hungary for tax purposes

Interest on Notes paid to a foreign resident corporate Holder, who does not have a permanent establishment in Hungary, by Erste Bank Hungary and any capital gains realised by such foreign resident Holders on the sale of the Notes is not subject to withholding tax in Hungary.

The tax liability of a foreign resident corporate Holder, which has a permanent establishment in Hungary is limited, in general, to the income from business activities realised through its Hungarian permanent establishment. Therefore, for the non-Hungarian tax resident Holder which holds the Notes through a

Hungarian permanent establishment, the income will not be subject to a withholding tax but it will be included in the general corporate income tax base (on an accrual basis) of the Hungarian permanent establishment, which in turn will be subject to a tax rate of 9 per cent.

Taxation of Holders resident in Hungary for tax purposes

Under Act LXXXI of 1996 on Corporate Tax and Dividend Tax (the "**Corporation Tax Act**") interest and capital gains realised by Hungarian resident corporate Holders on the Notes will be taxable in the same way as the regular income of the Holders. The general corporation tax rate in Hungary is 9 per cent.

Pursuant to Act C of 1990 on Local Taxes (the "**Local Taxes Act**"), financial institutions, financial enterprises, insurance companies and investment enterprises may be subject to local business tax on the basis of the proceeds realised on the Notes.

Value Added Tax

No value added tax is payable in Hungary for payments made in consideration for the issue of the Notes, for interest or principal payments on the Notes or for the transfer of the Notes.

Other Taxes or Duties

No registration tax, capital tax, customs duty, transfer tax, stamp duty or other similar tax or duty is payable in Hungary for or in connection with the purchase, holding or disposal of the Notes, save for disposals by donation or inheritance in certain cases.

ROMANIA

This section provides information about taxation which is required as per the Romanian tax legislation effective as of the date of this Securities Note, for the Notes issued by BCR.

This section on taxation contains a brief summary of BCR's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the Notes in Romania. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. These comments are not intended to be, nor should they be construed to be, legal or tax advice. It is based on the currently valid tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential purchasers of the Notes consult with their legal and tax advisers as to the tax consequences of the purchase, holding or sale of the Notes. Tax risks resulting from the Notes shall in any case be borne by the purchaser.

General Remarks

Starting 1 January 2016, the main taxes and charges in Romania are covered by the new Romanian Fiscal Code (Law no. 227/2015 regarding the Fiscal Code), enforced on 1 January 2016. However, the legislation and regulations regarding taxation in Romania as well as the related procedures are still developing and subject to change. The Norms for Application (approved by Government Decision no. 1/2016) have been published with respect to the application of the provisions included in the new Fiscal Code.

Romanian tax law and procedures are at times unclear and not well developed on matters of taxation of securities-related income, being subject to frequent changes and interpretations. The local tax inspectors have considerable autonomy and may interpret tax rules inconsistently. Both the substantive provisions of Romanian tax law and the interpretation and application of those provisions by the Romanian tax authorities may be subject to more rapid and unpredictable change than in jurisdictions with more developed capital markets.

Moreover, the still evolving situation in Romania and the limited precedent in legislative interpretation or in the manner in which related practical procedures are to be followed may result in inconsistencies and contradictions of the Romanian tax authorities in interpreting various tax rules and regulations.

The following information is based on the Romanian legislation that is in force as at the date of this Securities Note and may be subject to any changes based on the amendments to be brought in the Romanian laws. The Romanian Fiscal Code does not provide for specific tax treatment applicable to each type of Notes intended to be issued by BCR. Therefore, the information below is of a general nature, applicable to interest income and capital gains which may be realised by investors upon investment in the Notes and are not intended as an exhaustive list of all the Romanian tax implications which could arise in relation with each type of Notes and which could be relevant to a decision to purchase, own or dispose of any of the Notes.

Prospective investors in the Notes should consult their professional advisers with respect to particular circumstances, the effects of state, local or foreign laws to which they may be subject and as to their tax position.

The information below does not cover the specifics of Romanian withholding tax procedure or possible refund procedures related to withholding taxes, which might be relevant for the investors in the Notes.

The Romanian tax law defines securities (*titluri de valoare*) as being any participation titles (including shares) or any financial instrument, qualified as such by the relevant legislation of the state where they are issued, including derivative financial instruments. Therefore, the Notes may be classified as securities under the Romanian law.

Under this Programme, it is understood that holders of the Notes are entitled to receive only interest income. Additionally, by selling the Notes before the maturity date, investors may realise income from capital gains. Therefore, the information below relates to the taxation of both types of income under the current domestic law and applicable double taxation treaties.

Taxation of Holders resident in Romania for tax purposes

Under Law No. 227/2015 on the Fiscal Code as subsequently amended and supplemented (the "**Romanian Fiscal Code**"), a Romanian "resident individual" means an individual that either (a) has his/her domicile in Romania, or (b) has his/her centre of vital interests (*centrul intereselor vitale*) located in Romania, or (c) is present in Romania for a period or several periods exceeding in aggregate 183 days during any twelve consecutive months, and that period(s) end(s) in the calendar year relevant for tax purposes, or (d) is a Romanian citizen who works abroad as an officer or an employee of the Romanian state. A Romanian "resident" means any Romanian legal entity, any foreign legal entity which has its place of effective management in Romania, any legal entity having its headquarters in Romania, incorporated according to European legislation and any resident individual.

Taxation on interest

According to the Romanian Fiscal Code in force, interest is defined as "any amount required to be paid or received for the use of money, irrespective if this amount must be paid or received as a debt, in relation to a deposit account or in accordance with a financial leasing agreement, an instalment sale or any deferred payment sale".

Income received on the Notes by Romanian resident legal entities in the form of interest on the Notes will be subject to corporate income tax (profit tax) at the rate of 16 *per cent*, at the level of said entity, provided that it qualifies as a corporate income tax payer and is in a profits tax position (and 1 *per cent./3 per cent.* if the said entity qualifies as microenterprise tax payer). No withholding tax should be applied in this case by BCR.

For the purposes of taxation of individuals, the interest income comprises, without being limited to, income from bonds, interest on current accounts, escrow accounts, demand deposits, collateral and fixed-term, including deposit certificates, interest related to loans granted, interest derived from alternative investment instruments of the type of structures in which a derivative instrument is related to a deposit account, as well as other income derived from receivables. Interest income received by Romanian resident individuals on interest-bearing products, including saving instruments (*instrumente de economisire*), such as the Notes is subject to income tax at the rate of 10 *per cent*. The tax is withheld at source, at the moment of interest payment and resident individuals receive only the net amount.

Additionally, the individuals deriving income from interest are required to pay the social health insurance contribution, excepting the case when the annual level of investment incomes (including interest income) and (if the case), *inter alia*, income from other sources, as defined by the Romanian Fiscal Code, is below the level of 12 times the value of the national minimum gross wage.

Taxation on capital gains

Capital gains are not defined as such in the Romanian Fiscal Code. In general, the taxable income resulted from the transfer of securities is computed as the positive difference between the sale price and the acquisition price, less the costs related to the transaction.

Income received by Romanian resident legal entities as capital gains from the transfer of Notes, will be subject to corporate income tax (profit tax) at the rate of 16 *per cent*, at the level of said entities, provided that they qualify as corporate income tax payers and are in a profits tax position (and 1 *per cent./3 per cent.* if the said entities qualify as microenterprise tax payer).

Capital gains obtained by Romanian resident individuals from the transfer of Notes will be subject to a tax at the rate of 10 *per cent*. The tax is not withheld at source, the owner of the income being responsible for declaring and paying the tax. The annual tax due by individuals for the net taxable gain will be determined by the competent tax authority based on the annual income tax return filed by the individuals.

Additionally, the Romanian resident individuals deriving income from the transfer of Notes are required to pay the social health insurance contribution, excepting the case when the annual level of investment incomes (including incomes from transfer of Notes) and (if the case), *inter alia*, income from other sources, as defined by the Romanian Fiscal Code, is below the level of 12 times the value of the national minimum gross wage.

Taxation of Holders not resident in Romania for tax purposes

Under the Romanian Fiscal Code, certain types of income from Romanian sources earned by non-residents are subject to Romanian tax at the rates prescribed by the Romanian Fiscal Code, irrespective of whether the income is received in Romania or abroad.

For the purposes of the Romanian Fiscal Code, "non-residents" are defined as any foreign legal entities, any foreign individuals and any other foreign entities, including undertakings for collective investments in transferable securities without legal persona, which are not registered in Romania, according to the law. Non-resident individuals are defined as individuals which do not meet the conditions for being considered resident individuals (as presented in the previous section), as well as any foreign citizens working as diplomats or consular officers in Romania, foreign citizens working as officials or employees of an international and intergovernmental body, foreign citizens working as officials or employees of a foreign state in Romania and their family members.

Taxation on interest

Interest income to be obtained by a non-resident legal entity or non-resident individual is subject to withholding tax in Romania if it qualifies as Romanian-sourced income. Interest paid by a Romanian resident, i.e. BCR as the issuer, to a non-resident is taxable in Romania as Romanian-sourced income. Such interest income is normally subject to tax, on gross interest payable, to be withheld at source by BCR, at the following tax rates:

- 16 *per cent* for interest payable to legal entities not tax resident in Romania;
- 10 *per cent* for interest payable to individuals not tax resident in Romania, who are resident in the European Union or a jurisdiction with which Romania has concluded a treaty for avoidance of double taxation and 16 *per cent* if otherwise.

At the date of approval of this Securities Note, interests on notes/debt securities issued by Romanian companies are tax exempt if notes/debt securities are issued under a prospectus approved by a competent regulatory authority and interest is paid to a person who is not an affiliated person to the issuer of the notes/debt securities (i.e. BCR).

Separately, depending on the country in which the non-resident has its tax residence, the tax on interest may be reduced or eliminated based on a double tax treaty concluded between Romania and the country in which that individual or legal entity is a tax resident. In order to benefit from the favourable provisions of a double tax treaty, the non-resident should obtain and provide to BCR a fiscal residency certificate (valid for the respective fiscal year) issued by the tax authorities of its country of residence, in original or notarised photocopy form.

In addition, the tax on interest may be eliminated based on the provisions of the Romanian tax law transposing Council Directive 2003/49/EC of 3 June 2003 on a common system of taxation applicable to interest and royalty payments made between associated companies of different member states, provided that certain conditions are met (*inter alia*, there should be a shareholding of at least 25 *per cent* maintained for at least two years between the legal entity Holder and BCR).

Payments of interest on the Notes may be made without withholding on account of Romanian tax, if the interest income is attributable to a permanent establishment of the non-resident Holder in Romania, in which case such income will be taxed as explained above at "*Taxation of Holders resident in Romania for tax purposes*" for corporate income tax payers.

Taxation on capital gains

No capital gains tax is applicable to non-resident legal persons.

Capital gains obtained by non-resident individuals from the transfer of Notes will be subject to tax as described above under "*Taxation of Holders resident in Romania for tax purposes - Taxation on capital gains*", unless the capital gains are derived from the transfer of Notes traded on a foreign capital market, in which case no tax on capital gains will be levied in Romania.

The non-resident individual having tax obligations in Romania must (or may, in certain cases) appoint a Romanian resident fiscal representative/empowered person to declare and settle any tax liabilities in the name and on behalf of the non-resident individual.

Depending on the country in which the non-resident has its tax residence, the capital gains tax may be eliminated based on a double tax treaty. In order to benefit from the favourable provisions of a double tax treaty, the non-resident should obtain and provide to its fiscal representative a fiscal residency certificate (valid for the respective fiscal year) issued by the tax authorities of its country of residence, in original or in notarised photocopy form.

SLOVAK REPUBLIC

The purpose of the summary below is to provide a general overview of the relevant Slovak tax rules based on the laws in force in the Slovak Republic as of the date of this Securities Note. It does not purport to be a comprehensive description of all tax implications that might be relevant to an investment decision. Please note that Holders should consult with their professional advisers particular circumstances which should be examined and considered in detail.

Slovenská sporiteľňa as Issuer of Notes assumes no responsibility with respect to taxes withheld at source.

According to the Slovak Act on Securities and Investment Services (No. 566/2001 Coll.) a security is defined widely and shall mean any instrument or record which is assessable in monetary terms, created in a form stipulated by law, carrying rights as defined in that Act and in separate laws, in particular the right to demand certain assets or exercise certain rights against persons specified by law. The information below is based on the assumption that the Notes fulfil all conditions for the treatment as securities under the Slovak law, in particular are considered as notes ("dlhopisy") according to section 2(2)(f) of the Slovak Act on Securities and Investment Services (No. 566/2001 Coll.). The summary below comments only the general tax implications resulting for tax residents and tax non-residents in connection with the purchase, holding or disposition of the Notes issued by Slovenská sporiteľňa.

From the tax perspective the Slovak Income Tax Act (No. 595/2003 Coll., hereinafter only "Slovak ITA") does not specify or provide any special rules for taxation of the different kinds of securities (i.e. specific rules for securities where the revenues from the securities are calculated using different methods).

General Remarks

The taxation of income received or accrued in connection with the Notes differs for individual holders and corporate holders and their status as a resident or non-resident in the Slovak Republic for tax purposes. Income tax liability in the Slovak Republic may be further restricted by an applicable double taxation treaty.

Residents

Individuals, who are residents in the Slovak Republic, are subject to unlimited income tax liability on their world-wide income (i.e. income from domestic and foreign sources). According to the Slovak ITA an individual is resident in the Slovak Republic if he has his domicile (a registered permanent stay), residence or habitual place of abode (is physically present for more than 183 days in a calendar year) in the Slovak Republic. Residence shall mean (in the context of the double-taxation treaties) the possibility of accommodation, which is permanently available to physical person, other than occasional accommodation for the purposes of business travels, tourism, recreation, etc., while an intention of physical person to permanently reside in the state with respect to his/her personal and economic ties is obvious.

Corporations having their registered office and/or their place of effective management (the place, in which management and business decisions for the company as a whole are taken) in the territory of the Slovak Republic are subject to corporate income tax in the Slovak Republic on their world-wide income (i.e. income from domestic and foreign sources).

Non-residents

Non-residents (both individuals and corporations) are subject to income tax only on income from certain Slovak sources. Income derived by a permanent establishment located in the Slovak Republic is deemed to be Slovak source income. In case of non-residents the Slovak right to tax may be restricted (income may be exempt from taxation or the tax liability may be reduced) by a relevant double taxation treaty.

Interest

The interest income received on the Notes by a Slovak tax resident is subject to income tax. Income realised by a tax resident that is an individual, a taxpayer not incorporated or established for business purposes, or the National Bank of the Slovak Republic is subject to withholding tax at the rate of 19%. Slovenská sporiteľňa is obliged to withhold the tax, except for cases in which the Notes are held for such person by a securities broker as a client. In such case, the securities broker is obliged to withhold the tax. A taxpayer not incorporated or established for business purpose and the National Bank of the Slovak Republic are also obliged to withhold the tax.

Income realised by a tax resident that is a legal entity forms part of its general tax base and reported in the annual income tax return. The tax rate of 21% is applicable. 15% rate applies to entrepreneurs with taxable business income with annual turnover below EUR 49,790.00 in 2021.

The interest paid by the Slovak company to related company located in EU countries or in Switzerland, Norway or Iceland may be exempt from withholding tax if certain additional conditions are met.

The interest income received on the Notes by a Slovak tax non-resident not engaged in business through a permanent establishment in the Slovak Republic is not subject to income tax in the Slovak Republic.

The interest income received on the Notes by Slovak tax non-resident engaged in business through a permanent establishment in the Slovak Republic may be subject to a tax rate of 19% or 35% depending on the tax residency of the recipient. 35% tax rate is applied in the case of payments to the taxpayer from a non-contractual state. The list of these non-contractual states is published on the website of the Ministry of Finance of the Slovak Republic.

Capital Gains (income from the sale of the Notes)

Generally, income from the sale of the Notes realised by an individual being a Slovak tax resident or a permanent establishment of a tax non-resident is included in the standard personal income tax base. Potential losses from the sale of the Notes cannot be recognised for tax purposes.

Individual investor's capital gains from the sale of the Notes are subject to personal income tax at rate of 19% or 25% depending on the amount of this income. The income not exceeding the amount of EUR 37,981.94 (valid for year 2021) is taxed by 19% tax rate, the amount exceeding the cap for 19% is taxed by a higher 25% tax rate (progressive tax rate).

In addition to income tax, an individual person (being subject to obligatory social security in the Slovak Republic) must pay health contributions in the amount of 14% of income from trading on the stock exchange.

The capital gain from the sale of the Notes will be exempt from Slovak personal income tax if the aggregate of the tax base related to the "other income" category (i.e. debentures, shares, bills of exchange etc.) does not exceed, in the tax period, the amount of EUR 500. If an individual owns Notes admitted to trading on a regulated market for more than one year, income from the sale is exempt from tax, except for income from the sale of the Notes that were the business property of the individual.

Income from the sale of the Notes realised by a legal entity being a Slovak tax resident or a permanent establishment of a tax non-resident is included in the general tax base subject to the corporate income tax. In general, losses from the sale of the Notes calculated on a cumulative basis for all Notes sold in a particular tax period are not to be recognised for tax purposes, except for specific cases stipulated by law (e.g. loss from the sale of the Notes is recognised for tax purposes if it is not higher than the yield on the Notes included in the tax base until its sale or redemption). Please note that if the Notes are held for sale a legal entity being a Slovak tax resident is obliged to revalue the Notes according to the Slovak accounting law.

According to the Slovak ITA in case a loss is generated from the sale of the Notes, it cannot be recognised for tax purposes. However, a loss from the sale of Notes may be in principal offset against gains from the sale of the Notes or other securities in the same fiscal period. Under specific conditions stated below the loss incurred is entirely accepted as a tax-deductible expense:

- Notes, the selling price of which is not lower by more than the interest accrued on the Notes and included in the tax base prior to the date of sale or the date of maturity of the Notes; and
- for taxable parties which are engaged in the trading with securities pursuant to special legislation, and which may deduct the expense of acquisition of securities up to the amount posted as their cost.

Generally, income from the sale of the Notes realised by a Slovak tax non-resident coming from a Slovak tax resident or a permanent establishment of the Slovak tax non-resident is subject to the applicable income tax

rate, unless the international double taxation treaty entered by the Slovak Republic provides lower taxation or non-taxation.

Value Added Tax

No value added tax is payable in the Slovak Republic for payments made in consideration for the issue of the Notes, for interest or principal payments on the Notes or for the transfer of the Notes.

Other Taxes or Duties

If Notes are donated by an employer to a Slovak tax resident who is an employee, or if Notes are donated to a Slovak tax resident who is a self-employed and these Notes are donated in connection with carrying out his self-employment, the value of the gift is subject to Slovak income tax.

No registration tax, capital tax or inheritance tax, customs duty, transfer tax, stamp duty or other similar tax or duty is payable in the Slovak Republic for or in connection with the purchase, holding or disposal of the Notes.
