Subject: Span Croatia, Slovenia and Ukraine – winners of 2025 Microsoft Partner of The Year Awards

- other non-regulated information -

Span has been named 2025 Microsoft Partner of The Year for Croatian, Slovenian and Ukrainian market. The company was honored among a global field of top Microsoft partners for demonstrating excellence in innovation and implementation of customer solutions based on Microsoft technology. It's the first time Span has been recognized as the winner for three countries in the same year.

"This award is a confirmation of Span's expertise, and our commitment to delivering solutions tailored to our customers' needs. It is also the result of our customers' trust and the measurable value of our team's achievements by applying Microsoft technology into secure and scalable solutions. We are especially honored that this year we received this confirmation of excellence for our three markets simultaneously, which strengthens our international recognition," emphasized Mihaela Trbojević, a member of Span's Management Board responsible for product and service management.

The Microsoft Partner of the Year Awards recognize Microsoft partners that have developed and delivered outstanding Microsoft Cloud applications, services, devices, and AI innovation during the past year. Awards were classified in various categories, with honorees chosen from more than 4,600 nominations across more than 100 countries. **Span Croatia, Slovenia and Ukraine were recognized for providing top-quality services and solutions in their country. Span Croatia has won this prestigious award for the 7th time.**

"Congratulations to all the winners and finalists of the Microsoft Partner of the Year Awards," said Nicole Dezen, Chief Partner Officer and Corporate Vice President at Microsoft. "This year, our partners harnessed the transformative power of Microsoft's Cloud and AI platforms to deliver solutions that redefine the boundaries of innovation. The energy and ingenuity across our ecosystem continue to inspire us. The 2025 honorees exemplify what's possible when technology and vision unite to empower users around the world."
