The most significant risks and expectations for the future

Business restructuring and further negotiations on the sale of inactive fixed assets continued.

The process of creating a new organizational structure is underway, as well as a proposal for a new systematization of workplaces, which will enable a more transparent salary calculation and the introduction of a bonus system, all with the aim of increasing business efficiency and increasing employee satisfaction.

In the third quarter of 2022, it was agreed to continue cooperation with export customers Hugo Boss and J.Lindeberg with a significant increase in the scope of work and more favorable commercial conditions (increase in lohn price by 25%).
