#### Change of functional currency

Based on the Decision of the Government of the Republic of Croatia regarding the announcement of the introduction of the euro as the official currency in the Republic of Croatia (Official Gazette 85/22), the euro becomes the official monetary unit and legal tender in the Republic of Croatia on 1 January 2023. The fixed conversion rate is set at HRK 7.53450 for one euro.

The introduction of the euro as the official currency in the Republic of Croatia represents a change in the functional currency that is calculated prospectively.

Accounting treatment of a change in functional currency is prescribed by IAS 21 § 37, stating that all items, as of the date of the change (1 January 2023), shall be translated to the new functional currency using the exchange rate at the date of the change. The resulting translated amounts for non monetary items are treated as new historical cost

Impact of change in functional currency on comparative data

A change in functional currency on comparative data represents a change in accounting policy. Accordingly, comparative data in kuna are converted into euro using historical exchange rates for the euro. The balance sheet positions are converted into euro using the final, fixed conversion rate of HRK 7.5345 per 1 euro, while the positions of the statement of comprehensive income, cash flow and capital movements are converted using the middle exchange rate of the Croatian National Bank for 1 euro for the year 2022 which represents an approximation of the historical exchange rates of the euro in 2022, which amounts to HRK 7.53159 for 1 euro.

IAS 21 does not prescribe how capital positions shall be converted into the new functional currency. The company has chosen to apply a fixed conversion rate. As a result, in other comprehensive income for 2022 the amount of HRK 12 thousand is reported as a result of adjusting the movement of capital positions according to the exchange rate on the date of the transaction and the fixed conversion rate according to which the capital positions are converted from HRK to EUR on 1 January 2023.
