Financial reports notes

- *1 Decrease in intangible assets is the result of project value adjustment.
- *2 Tangible assets have been increased as the result of buying real estate from AD Brodovi d.o.o..
- *3 Long-term financial assets have been increased as the result of investment in joint venture with Faurecia.
- *4 Short-term assets have been decreased because of the speed up of inventory turnover and the better collection of receivables.
- *5 Increase of reserves and current profit.
- *6 Decrease of indebtedness (as a result of decrease of loans and liabilities of suppliers) which now amounts to 37%.
- *7 Growth of total sales has been 13,6% better than in the same period of the previous year, and is 14,4% better than the plan.
- *8 The growth index of materials used has increased because of the changes in the product mix.
- *9 Management of the rest of costs (salary, other production costs, costs outside the mix of products) has led to significant saves, as a result of which the complete index of companies expenses is below the growth index of sales and is 12,9%.
