## I. MANAGEMENT REPORT

3Q 2014 was marked by an increase in operating income before depreciation of HRK 52.6 (EBITDA), which is 50% more than the same period in 2013. This increase is a result of operational restructuring of Dalekovod Group (the "Group") by undertaking business process reorganization and business rationalization measures. The increase in EBITDA was achieved with lower revenue, which amounted to HRK 749.5 million in the first nine months of 2014, 17% less than in 3Q 2013, which is a direct result of a long-term process of entering into a pre-bankruptcy settlement before the Commercial Court and reflected on the negotiating of new contracts on the local and international markets. The net income obtained by Dalekovod Group in 3Q 2014 was HRK 180.9 million.

During the same period, Dalekovod d.d. (the "Company") obtained operating revenue of HRK 542.2 million, 14% less than the same period in 2013. This is a result of postponed public procurement procedures by investors in the country, deferred foreign revenue in the Ukraine caused by political uncertainties, and a long lasting process of pre-bankruptcy settlement.

EBITDA of HRK 36.3 million increased by 139% compared to the same period in 2013 as a result of operational restructuring of the Company.

Net income of HRK 217.8 million obtained in the first nine months of 2014 is a result of financial revenue of HRK 223.8 million resulting from the entry into a pre-bankruptcy settlement and calculation of the fair value of the derived financial instruments. According to the pre-bankruptcy settlement and refinancing of obligations to financial institutions, suppliers and other creditors, the fair value as at the report date was calculated and presented in financial statements in accordance with the International Accounting Standards, representing a one-time effect on the Company's Income Statement and Balance Sheet.

Company's business in 3Q 2014 was marked by positive shifts in Company's and Group's operations:

- The Company is being restructured as planned;
- Strong focus on negotiating new contracts abroad;
- Appointment of new Management Board members in the Company;
- Appointment of new Supervisory Board members.

The change in Company's and Group's strategy includes a strong focus on international markets. The Company and its management are aware that it is crucial to continue to optimize fixed costs, so that the Company could adapt to the newly arisen setting with lower demand on the local market and prepare for the penetration of international markets.

During the past period, the Company used additional efforts to obtain contracts on international markets. The Company is implementing projects in Norway, Ukraine, Latvia, Montenegro, Kosovo, Poland and Slovenia.

The Group and the Company are competing in a number of tenders in the country and abroad to contract new works and meet the plan for sustainable growth of revenue in the upcoming years. As a result of strong international activity, the Company is expected to be awarded significant new contracts abroad, of which the Company will promptly notify its shareholders.

For the Management Board:

Paško Vela

Chairman of the Management Board  
Dalekovod d.d.
