Minority interest	507	(2,815)	3,322	118%

Compared to the same period last year, operating income of the Granolio Group has increased by 4%, what is the result of growth in the dairy segment, i.e. cheese production, and wholesale of grains.

In comparison to the same period last year, operating result before financial income and expenses and tax (EBIT) has significantly improved. Other than better results realized from operating activities, one of the reasons for it is also that EBIT for the first three months period of 2015 comprised one-off expenses which are the result of rationalization of the production process, while in the three months period of 2016 no such costs incurred.
