Subject: Statement of the Management Board on the responsibility for preparing financial reports for the Group Institut IGK, JSC

The Company's Management Board has to ensure that the Group's consolidated financial reports for the accounting period from January to March 2019 are prepared in accordance with the Accountancy Law (Official Gazette 78/15, 133/15, 120/16) and International Financial Reporting Standards as adopted by the European Union, so that these documents provide a true and unbiased picture of the Group's financial standing, business results, change in capital, and cash flow for the period under consideration.

After making due enquiries, the Management Board has a reasonable expectation that the Group has adequate resources to continue operation in the foreseeable future. Accordingly, the Group has prepared its financial reports under assumption that the Group will continue operating for an unlimited period of time.

During preparation of financial reports, the Management Board is responsible:

- for the selection and, thereafter, for consistent use of appropriate accounting policies;
- for giving reasonable and sensible assessments and estimates;
- for applying valid financial reporting standards and for making public and explaining every materially significant discrepancy discovered in financial reports;
- for preparing financial reports under assumption of an unlimited period of operation, except in cases when such assumption is inappropriate.

The Management Board is responsible for keeping proper accountancy records that will depict, to an acceptable level of accuracy, the financial standing and business results of the Group, in full compliance with the Accountancy Law and International Financial Reporting Standards issued by the International Accounting Standards Board (IASB). The Management Board is also responsible for protecting and safeguarding the Group's assets, and hence for undertaking every measure it deems necessary to prevent and discover cases of fraud and other illegal activity.

Signed on the behalf of the Management Board:

Oliver Kumrić,
President of the Management Board

Subject: Management Report on business results of the Company Institut IGH d.d. and its subsidiaries in the period from 01 January to 31 March 2019

Institut IGH d.d.

In the period from January to March 2019, Institut IGH d.d operated with revenue amounting to HRK 37,6 million, operating expenses (excluding amortization) amount to HRK 33,3 million, which resulted in EBITDA of HRK 4,3 million. Although realized revenues were lower compared to the same period of the previous year, operating expenses also decreased significantly, which resulted in higher EBITDA than in the same period of the previous year.

Reduced expenses were mainly based on reducing staff costs and further reduction of operating costs, due to more efficient management of projects, raw materials and material costs.

The reason for revenue decrease can be found in the slower progress of execution of some key projects, primarily in the water engineering and railway sectors in Croatia, which are expected to be realized during the second half of 2019.

After the amortization cost in the amount of HRK 2,1 million, negative effect of interest and exchange rate differences in the amount of HRK 3,5 million, Institut IGH d.d operated at a net loss amounting HRK 1,3 million.

Out of the total amount of revenue from sale, 19% comes from international markets mainly from the markets of Georgia, Kosovo and Bosnia and Herzegovina.

During the period under review, the activities of business development as well as offering and contracting were exceptionally intensified. The results are thus visible in HRK 63,4 million worth of new contracts for Institut IGH in the subject period from 1 January to 31 March 2019, which gives an increase of 471% as compared to the same period of the previous year. In addition to the increased volume of contracts, the expected profitability of projects has been significantly increased also, regarding the agreed, contracted price.

The state of ratio of contract per employee is stable with a tendency to increase, which, with efficiency increase and understanding of potential new projects and current intensified dynamics of tendering and contracting, gives us the confidence that the positive trends of operating profit will continue.
