**Subject: Statement of the Management Board on the responsibility for preparing financial reports for Institut IGH, JSC**

The Company's Management Board has to ensure that the INSTITUT IGH d.d. unaudited financial reports for the accounting period from January to June 2019 are prepared in accordance with the Accountancy Law (Official Gazette 78/15, 133/15, 120/16) and International Financial Reporting Standards as adopted by the European Union, so that these documents provide a true and unbiased picture of the Company's financial standing, business results, change in capital, and cash flow for the period under consideration.

After making due enquiries, the Management Board has a reasonable expectation that the Company has adequate resources to continue operation in the foreseeable future. Accordingly, the Management Board has prepared its financial reports under assumption that the Company will continue to operate for an unlimited period of time.

During preparation of financial reports, the Management Board is responsible:

- for the selection and, thereafter, for consistent use of appropriate accounting policies;
- for giving reasonable and sensible assessments and estimates;
- for applying valid financial reporting standards and for making public and explaining every materially significant discrepancy discovered in financial reports;
- for preparing financial reports under assumption of an unlimited period of operation, except in cases when such assumption is inappropriate.

The Management Board is responsible for keeping proper accountancy records that will depict, to an acceptable level of accuracy, the financial standing and business results of the Company, in full compliance with the Accountancy Law and International Financial Reporting Standards issued by the International Accounting Standards Board (IASB). The Management Board is also responsible for protecting and safeguarding the Company's assets, and hence for undertaking every measure it deems necessary to prevent and discover cases of fraud and other illegal activity.

Signed on the behalf of the Management Board:

Oliver Kumrić,  
President of the Management Board

**Subject:** Management Report on business results of the Company Institut IGH d.d. and its subsidiaries in the period from 01 January to 30 June 2019

**Institut IGH d.d.**

In the period from January to June 2019, Institut IGH d.d. operated with revenue amounting to HRK 88,1 million. Net operating revenue amount to HRK 72,9 million, which is an increase of 10% in comparison to the same period of 2018. Operating expenses (excluding amortization) amount to HRK 70,9 million, which resulted in EBITDA of HRK 17,2 million which is a 106% increase in comparison to the same period last year.

After the amortization cost in the amount of HRK 4,3 million, negative effect of interest and exchange rate differences in the amount of HRK 4,8 million, Institut IGH d.d. operated at a net profit amounting HRK 8,1 million which is a 185% increase in comparison to the same period last year.

The above mentioned figures show the success of the implemented restructuring measures which resulted in higher efficiency and realization per employee which enabled Institut IGH d.d. to achieve net operating revenue at a higher level than in the same period of 2018.

Out of the total amount of revenue from sale, 25% comes from international markets mainly from the markets of Georgia, Kosovo and Bosnia and Herzegovina. In the second quarter we commenced operations on the projects in the new market of Romania.

During the period under review, the activities of business development as well as offering and contracting were exceptionally intensified. The results are thus visible in HRK 121,7 million worth of new contracts in the subject period from 1 January to 30 June 2019, which gives an increase of 162% as compared to the same period of the previous year. In addition to the increased volume of contracts, the expected profitability of projects has been significantly increased also, regarding the agreed, contracted price.

The state of ratio of contract per employee is stable with a tendency to increase, which, with efficiency increase and understanding of potential new projects and current intensified dynamics of tendering and contracting, gives us the confidence that the positive trends of operating profit will continue. Based on an increase in the number of contracts and increased operating efficiency increased level of solvency is expected as well as shortening of the period for settlement of payables to the Company's suppliers and subcontractors.
