Subject: AD Plastik developing new technology of painting automotive interior parts

Based on the open call by the Ministry of Economy, Entrepreneurship and Crafts under the Operational Programme "Competitiveness and Cohesion 2014-2020" AD Plastik d.d. applied for obtaining EU funding through grants within the program "Increase of the development of new products and services which supervene from research and development activities".

After the completion of the entire grant award procedure it has been established that the project proposal submitted by the applicant AD Plastik d.d. entitled "Pilot Painting Line for Industrial Research, Development and Innovation" fulfills all the criteria and it has been selected for financing.

The project will last 45 months and the obtained grants in the amount of 19.6 million kunas will enable the development of the new technology of painting automotive interior parts within AD Plastik Group which will become a generator of sales growth in the medium term.

Within 45 days after the adoption of the said decision, AD Plastik d.d. will be invited to sign the Grant Agreement.

Member of the Management Board

Sanja Biočić
