Announcement about the impact of the COVID-19 virus on business

In accordance with ESMA's guidelines for disclosing the impact of the COVID-19 virus on business, we hereby inform the investment public about updates regarding the operation of our customers.

One of our main customers, Revoz from Slovenia, has increased its production capacities, so now production takes place in two shifts.

Volkswagen has started its business operations at production sites in Germany, and Bentley in the United Kingdom has also continued with production as of today. Initially production will take place with reduced capacities and capacities of our production sites will adapt accordingly.
