Subject-matter: **Dalekovod d.d. – Request to the President of the Commercial Court**

Zagreb, August 28, 2013. Dalekovod d.d. has submitted today a request the President of the Commercial Court to assign the Administrative settlement to another judge.

The request was submitted after the decision the Constitutional Court made on August 27, 2013, and after the Judge Kolakušić's statement in the media in which he comments the Constitutional Court's decision. We believe that in these circumstances there is a distinct possibility the judge won't be able to make an objective decision, free from personal bias, since he already took a stand on this subject in public.
