Dalekovod Signed Contracts in Norway and Sweden

Norwegian investor Sarepta Energi AS, which is owned by the regional utilities NTE Energi AS and TrønderEnergi Kraft AS, has signed with Dalekovod more than EUR 12 million worth of contract for the construction of 132 kV transmission line Sørmarkfjellet-Hofstad. Dalekovod will connect the wind farm in the Sørmarkfjellet area with the Norwegian existing distribution network. Duration of the contract is 24 months. The contract start up is subject to final investment decision.

Simultaneously, in Sweden, following the evaluation process of the investor Svenska Kraftnät for the Ledningsåtgärder Hedenlund project, Dalekovod was selected as the most favorable bidder according to the tender criteria.

A contract worth more than 3 million euros includes the rebuilding of 400kV lines around the Hedenlund substation. The estimated duration of the project, located about 150 km from Stockholm, is 7 months.
