A New Job in Norway for Dalekovod

Zagreb, 6 March 2015 – Dalekovod continues with excellent results on the Norwegian market. According to the announcements, the contract was concluded with one of the leading electric power distributors, company BKK NET AS.

It concerns the construction of 420 kV transmission line on the section Kollsnes – Mongstad, as a “turnkey” system, but without the service of design. The contract’s value is somewhat more than EUR 7 million, while the planned works completion is in December 2016.

The main activities of BKK Group from Bergen are electric power generation, sale and transport and development of optics network. The Group manages 32 hydropower plants and with its 1,100 employees provides maintenance services to more than 190,000 buyers of electricity in Norway.
