Dalekovod reached a settlement in Albania

Zagreb, 15 October 2015 – The companies Dalekovod and Operatori Sistemit Transmetimit (OST), Albanian transmission system operator, signed a settlement in Tirana worth EUR 6.8 million.

OST committed to pay the specified amount, whereby ending the dispute resulted from the project of 400 kV Tirana - Podgorica transmission line construction that was going on from 2007 to 2011.

The settlement does not only bring the financial compensation, but it also, given the serious presence of Dalekovod in the region and especially in Kosovo, opens the possibility of new deals in Albania that have been planned for the next period.
