Subject: Dalekovod's New Suspension and Jointing Equipment Delivery Jobs

Dear Sirs,

We feel free to inform you that At the end of 2010 and at the beginning of 2011 Dalekovod d.d. entered into a few relevant contracts for the delivery of suspension and jointing equipment for foreign markets totalling at approx. 5 mil EUR.

The deliveries concern the markets of Saudi Arabia (5 contracts in the amount of 1.4 mil EUR), Estonia (a contract worth 1.4 mil EUR), Oman (2 contracts worth approx. 0.6 mil EUR), Norway (a contract worth 0.6 mil EUR), France (a contract worth 0.7 mil EUR) and Hungary (a contract worth approx. 0.34 mil EUR), and a larger number of smaller contracts.

The contracted deliveries concern the year 2011, and the beginning of 2012.

The contracted deliveries of suspension and jointing equipment present a large portion (some 50 %) of the usual annual production of suspension and jointing equipment for the needs of export.

Dalekovod d.d. has been producing suspension and jointing equipment for overhead power lines for 60 years now, exporting it to approximately 80 countries world wide.

Sincerely,

Dalekovod d.d.
