Dalekovod awarded with project worth more than EUR 21 million

In its letter of notification, Swedish electric power transmission company Svenska Kraftnät, informed that the offer made by the company Dalekovod d.d. was chosen as the best one according to the criteria of the tender for the construction of a new 400 kV transmission line Snösättra - Ekudden. The project includes deconstruction of existing 220 kV line, and construction of 400 kV line in the corridor of the existing one, between substations Snösättra in Stockholm and Ekudden in Huddinge Municipality.

The value of construction works to be realized by 2021 is more than EUR 21 million and the contract will be signed after final investment decision has been confirmed by Svenska Kraftnät.
