
ERICSSON NIKOLA TESLA AND HT MOSTAR SIGN NEW CONTRACT

Ericsson Nikola Tesla will modernize fixed core network of the Bosnia and Herzegovina operator HT Mostar, using the state-of-the-art Ericsson solutions. This modernization will enable quick development of attractive fixed and mobile multimedia services in HT Mostar network. The contract was signed by Gordana Kovačević, President of Ericsson Nikola Tesla, and Vilim Primorac, President of HT Mostar Management Board, and Goran Kraljević, Member of HT Mostar Management Board and Chief Technical and Information Officer at HT Mostar.

This contract confirms the long-time partnership of these companies, as well as good collaboration on activities regarding modernization of Bosnia and Herzegovina telecommunications, which is a prerequisite for providing attractive services to HT Mostar users.

Ericsson is the driving force behind the Networked Society - a world leader in communications technology and services. Ericsson long-term relationships with every major telecom operator in the world allow people, businesses and societies to fulfil their potential and create a more sustainable future.

Ericsson services, software and infrastructure - especially in mobility, broadband and the cloud - are enabling the telecom industry and other sectors to do better business, increase efficiency, improve the user experience and capture new opportunities. With approximately 115,000 professionals and customers in 180 countries, we combine global scale with technology and services leadership. We support networks that connect more than 2.5 billion subscribers. Forty percent of the world's mobile traffic is carried over Ericsson networks. And our investments in research and development ensure that our solutions - and our customers - stay in front. Founded in 1876, Ericsson has its headquarters in Stockholm, Sweden. Net sales in 2015 were SEK 246.9 billion (USD 29.4 billion). Ericsson is listed on NASDAQ OMX stock exchange in Stockholm and the NASDAQ in New York.
