
ERICSSON NIKOLA TESLA AND UCOM (ARMENIA) CONTINUE THE COLLABORATION WORTH HRK 82 MILLION

Ericsson Nikola Tesla and the Armenian operator Ucom continue the collaboration on which we already reported in March in more detail. The continuous collaboration regards further expansion of Ucom LTE radio access network, introducing new functionalities and increasing capacity of core network, as well as the modernization of 3G network in Armenia. This, second phase of collaboration, is worth HRK 82 million.

You can find more information on previous collaboration by clicking the link below:

Ericsson is the driving force behind the Networked Society - a world leader in communications technology and services. Ericsson long-term relationships with every major telecom operator in the world allow people, businesses and societies to fulfil their potential and create a more sustainable future.

Ericsson services, software and infrastructure - especially in mobility, broadband and the cloud - are enabling the telecom industry and other sectors to do better business, increase efficiency, improve the user experience and capture new opportunities. With approximately 115,000 professionals and customers in 180 countries, we combine global scale with technology and services leadership. We support networks that connect more than 2.5 billion subscribers. Forty percent of the world's mobile traffic is carried over Ericsson networks. And our investments in research and development ensure that our solutions - and our customers - stay in front. Founded in 1876, Ericsson has its headquarters

PRESS INFO
