

ERICSSON NIKOLA TESLA AND THE MINISTRY OF THE INTERIOR (CROATIA) CONTINUE COOPERATION IN STATE BORDER CONTROL

Ericsson Nikola Tesla, as the leader of a consortium comprising Ericsson Nikola Tesla, Tehnomobil Securitas and Dat-Con, signed an agreement with the Ministry of the Interior of the Republic of Croatia to continue the upgrade of the state border control system. The contracted project amounts to nearly MHRK 35 (VAT excluded). The implementation is to start immediately, and the realization is scheduled to end within two months.

In addition to seven previously delivered locations, equipped for the border control, the contracted project shall include additional six locations, thus completely covering the border between the Republic of Croatia and the Republic of Serbia, and therefore the risk of illegal entries into the Republic of Croatia in this part of the Croatian border will be minimized.
