Rijeka, September 4, 2020.

Ur. br. LR-PU- 71 /2020.

Subject: Agreement signed for the reconstruction of traffic areas and tracks in the area of the cargo port - Rijeka Basin

In accordance with the provisions of the Capital Market Act and the Rules of the Zagreb Stock Exchange, we hereby inform the public that on September 4, 2020, the representatives of the Luka Rijeka d.d. and Kolektor Koling signed a contract for performance of works of the reconstruction of traffic areas and tracks in the area of the cargo port in the Rijeka basin. The aim of the works is to improve the efficiency of cargo management in the Rijeka basin and enable better connection with the Trans-European Transport Network. The contracted value of the works is approximately HRK 214.2 million without VAT, and is planned to last until 31 December 2022. The works will be co-financed from the Connecting Europe Financial Instrument (CEF), which was established for additional investments in the construction of new and improvement of the existing transport infrastructure and include the reconstruction of the current damaged infrastructure at the Prague, Budapest and Vienna piers, as well as Visinovo, Orlando and De Franceschi piers. 109,420 m<sup>2</sup> of pavement area with associated installations, 12,161 meters of railway and 1,652 meters of crane tracks will be renovated, reconstruction of sections of railway and crane tracks that are not currently used, all in accordance with European infrastructural technical requirements.

LUKA RIJEKA d.d.
