Optima Telekom pays interest on corporate bonds

Zagreb, 2 February 2011 – Optima Telekom has paid to the owners of the company's corporate bonds the interest of HRK 22.812.500 for 2010. The stated amount of interest has been paid on 28 January 2011 to the account of the Central Depository and Clearing Company which shall distribute the funds on the accounts of the owners.

The interest on corporate bonds is paid on regular annual basis in accordance with the arrangement determined on the occasion of issuance of the bonds. Optima Telekom has placed corporate bonds at domestic financial market at the beginning of 2007 on which occasion HRK 250 million was collected. The collected funds have been used for credit refinancing.

„Many investors have recognized Optima Telekom's market potential. Their trust and decision to invest in the company's development has been justified. As compared to the competitors, Optima has regulated the status of usage of DTK network, it covers 50 % of potential market by its own infrastructure, and in 2011 it expects growth of 15%”, said Matija Martić.

By issuance of corporate bonds, Optima Telekom has chosen a long-term orientation towards capital market and has gained a stable base of investors. Thanks to the constant investments, Optima Telekom's network has been constructed in accordance with newest technologies and Western European standards. During 2013, the company expects capitalization of investment and beginning of operations with profit.
