INA d.d. stops natural gas supply

In accordance with the provisions of the Capital Market Act and the Rules of the Zagreb Stock Exchange, we would like to inform the public that as of tomorrow, 18 January 2018, INA d.d. will suspend natural gas supply to Petrokemija d.d. due to the billing problem of the so-far delivered volumes.

With the approval of the Supervisory Board, the Company Management Board has taken operational measures to ensure that another natural gas supplier, the company Prvo plinarsko društvo takes over the delivery of all natural gas volumes necessary for the undisturbed operation of the facilities in the next seven days.

The production and delivery of mineral fertilizers will flow smoothly in quantities and dynamics as agreed with customers. In addition, other raw materials for production have also been secured.

Over the next seven days, the Management will provide new information about the Company status.
