### AEOC certificate

Ministry of Finance, Customs Administration has awarded Petrokemija, Plc. an AEOC certificate - the status of authorized economic operator – that grants the company simplified customs procedures. Such certificate is awarded at the request of the economic operator established in the EU that meets the criteria with regard to compliance with customs regulations, appropriate standards of record keeping and financial solvency. After submitting the application and months of requirements verification, Petrokemija is the fifth company in Croatia to have received this status.

The certificate is awarded as part of the so-called AEO system (Authorized Economic Operator), i.e. the concept that the Customs Administration started to apply on the date of accession to the European Union.

The status of authorized economic operator confirms that Petrokemija is reliable and secure in customs controls and procedures EU-wide and therefore has a right to certain benefits in customs procedures.
